General Information

How do I download the Canvas Student app on my Android device?

Download the Canvas Student app on your Android device for easier accessibility to course content.

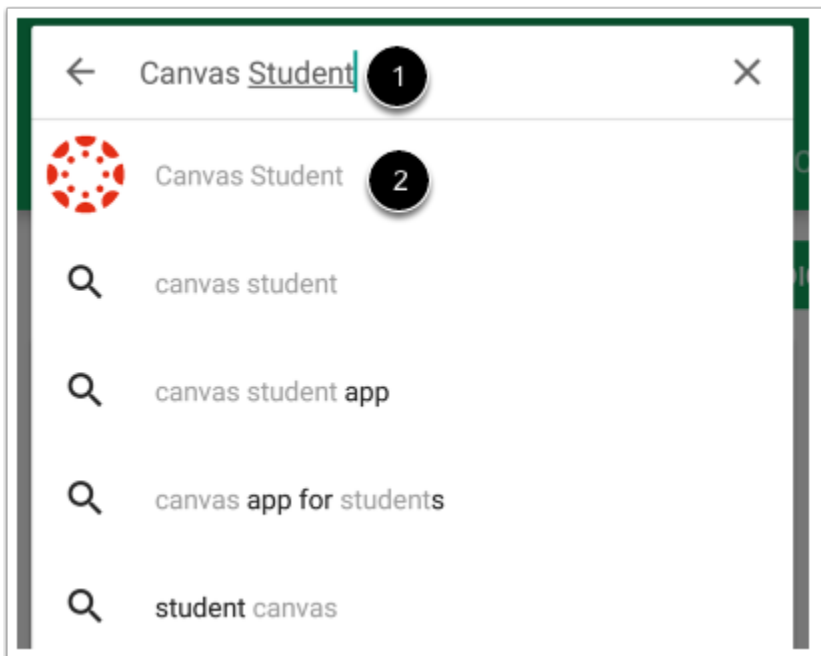

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open App Store

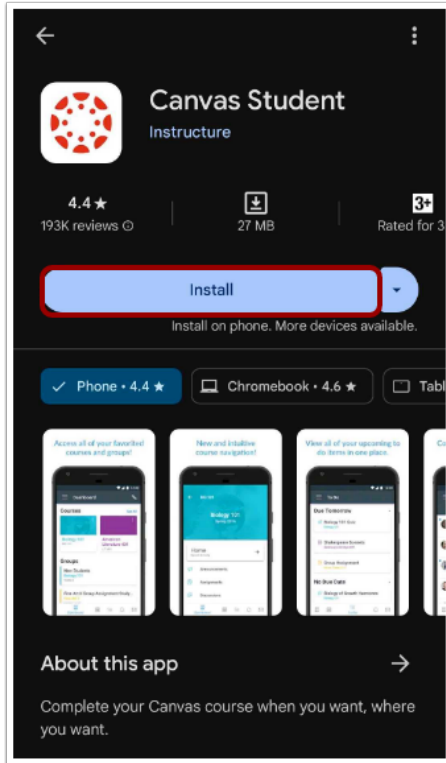

Open your Android device and tap the **Play Store** icon.

Search for App

In the search field, type Canvas Student [1]. Tap the full name when it appears [2].

Install App

Tap the **Install** button.

Download App

View the app download and install progress.

Open App

When the app has downloaded and installed onto your device, you can access the app immediately by tapping the **Open** button.

View App on Android Home Screen

You can also open the app on your Android home screen by tapping the **Canvas Student** icon.

How do I log in to the Student app on my Android device with a Canvas URL?

Once you [download the Canvas Student app](#) from the Play store, you can use the app to log in to your Canvas account.

You can enter your institution's name into the app to locate your account. If the app cannot find your institution by name, you can enter your institution's Canvas URL into the app. If you don't know your Canvas URL, you can [log in using a QR code](#), which does not require knowing your Canvas URL for the mobile app.

If you have multiple accounts and do not want to log in to the app every time, you can [switch to another user account](#).

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open Canvas Student

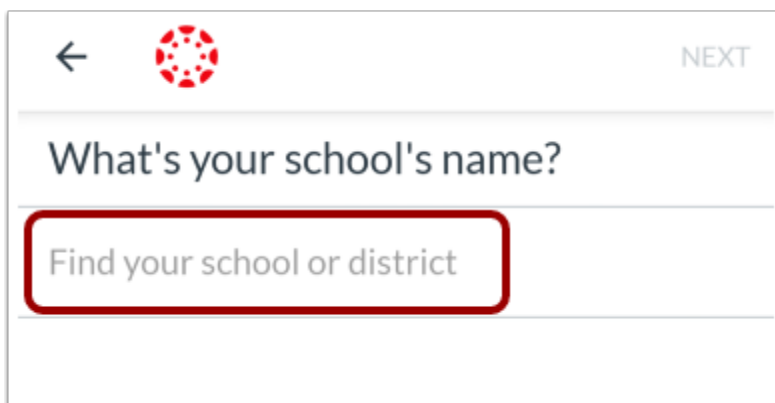

Open your Android device and tap the **Canvas Student** icon.

Find Institution

Tap the **Find my school** button.

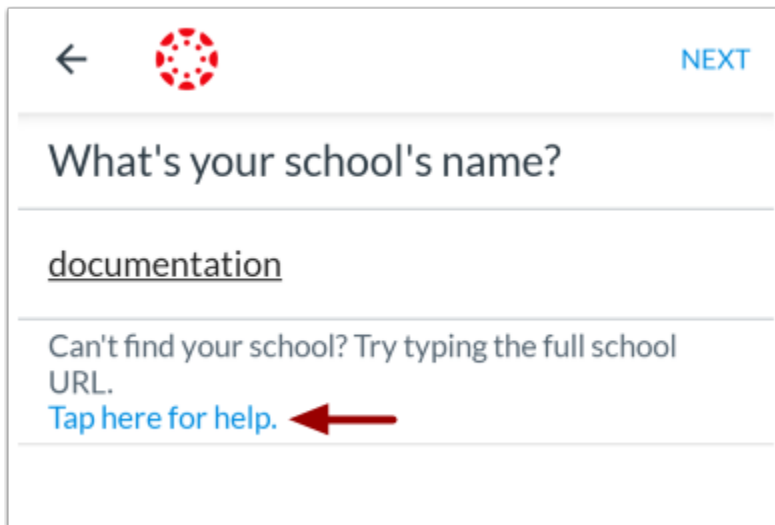

Search for Institution Name

Enter the name of your institution or school district. If the full name appears in the search list, tap the name.

Notes:

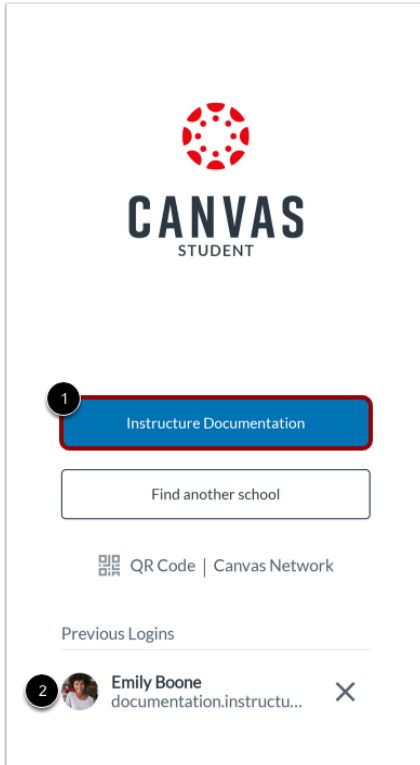

- If you are an admin and your school does not appear in the search list, please contact your CSM about mobile smart search.
- To log in to a Free For Teacher account, enter any of the following in the search field:
 - Free Canvas Accounts
 - canvas.instructure.com

Enter Canvas URL

If the name of your institution does not appear in the search list, you may need to locate your Canvas account by entering the full Canvas URL in the *Find your school or district* text field.

If you don't know your Canvas URL, tap the **Tap here for help** link. Or you can [log in using a QR code](#), which does not require knowing your Canvas URL.

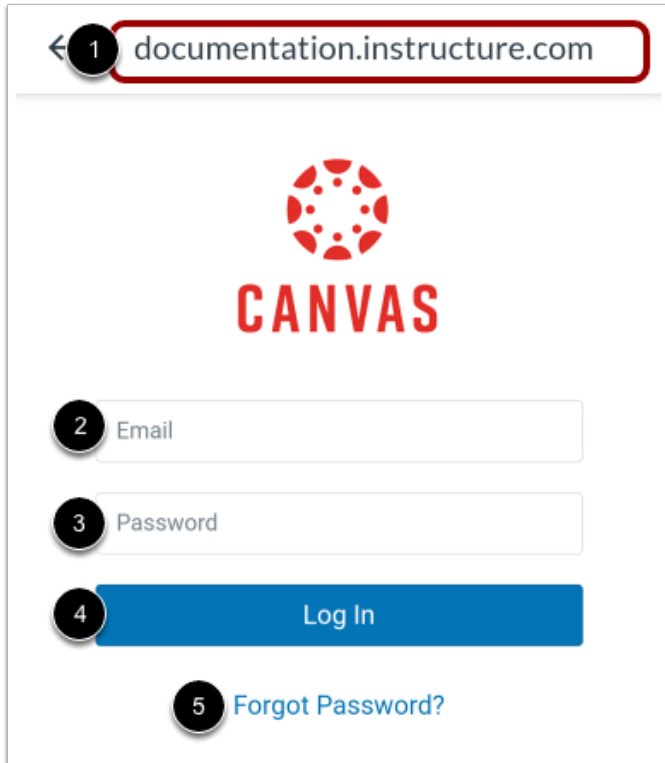

View Previous Canvas URL

If you previously logged into the app, your Canvas URL displays. To log in again, tap the **Canvas URL** button [1].

If you previously changed users in the app, to log in again, you can tap the user's account [2].

Enter Login Credentials

The screenshot shows the Canvas Student login interface. At the top, a back arrow is followed by a red-bordered box containing the URL 'documentation.instructure.com', with a '1' in a black circle next to it. Below this is the Canvas logo. Under the logo are two input fields: the first is labeled 'Email' with a '2' in a black circle, and the second is labeled 'Password' with a '3' in a black circle. Below the password field is a blue 'Log In' button with a '4' in a black circle. At the bottom is a link that says 'Forgot Password?' with a '5' in a black circle.

After you've located an account, you can view the Canvas URL at the top of the screen [1]. Enter your email [2] and password [3]. Tap the **Log In** button [4].

If you don't know your password, tap the **Forgot Password?** link [5].

Notes:

- The Canvas email field credential varies according to institution. Some institutions may require a username or account number.
- If your Canvas mobile login page does not show the reset password option, contact your institution if you need to reset your password.
- If your institution requires you to log in to Canvas using their authentication system, you will be redirected to your institution's login page.

View Dashboard

View the dashboard for your user account.

For more information, refer to the guide on [how to use the Student app](#).

How do I log in to the Canvas Student app on my Android device with a QR code?

Once you [download the Canvas Student app](#) from the Play Store, you can use the app to log in to your Canvas account.

You can [generate a unique QR](#) code from your Canvas web browser to quickly log into the app. This method uses your credentials from the QR code to log you into the app. The QR code is located in your account profile (User Navigation Menu).

If you do not want to locate your Canvas URL every time you log in to Canvas, you can [switch to another user account](#).

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open Canvas Student

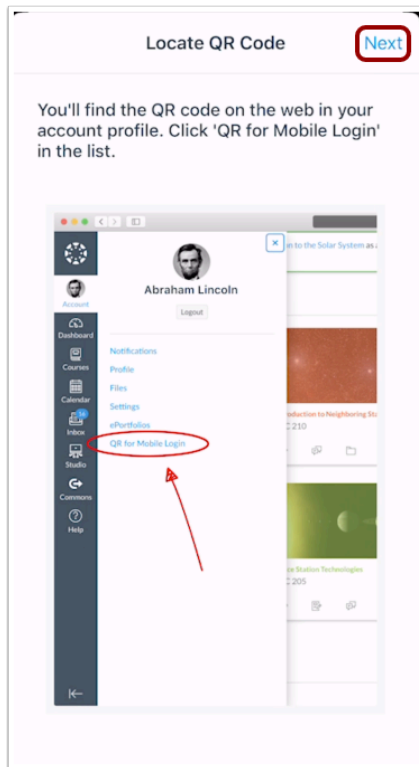

Open your Android device and tap the **Canvas Student** icon.

Open QR Code

Tap the **QR Code** link.

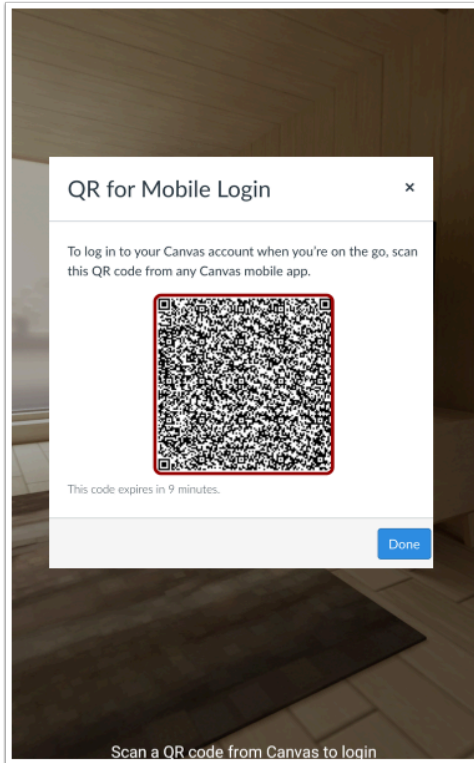

View Instructions

Review the instructions for locating the QR code in the web version of Canvas. You can view the QR code in your account profile (User Navigation Menu).

When you have located the QR code, click the **Next** link.

Scan QR Code

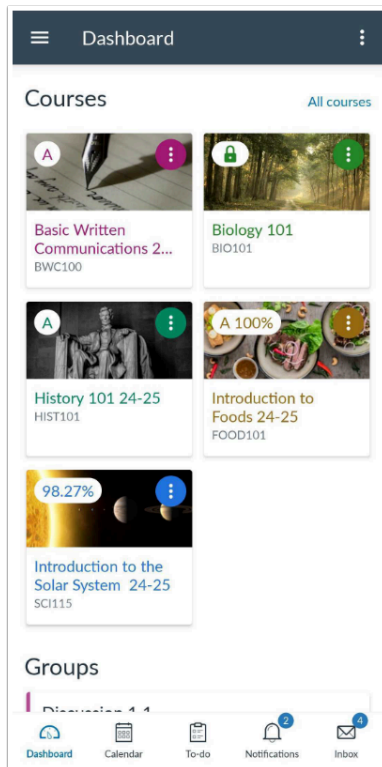

Hold your phone up to your computer screen to scan the QR code. Once the code is located, the app will update automatically.

Notes:

- You may have to grant permission for your phone to use your camera.
- The app may take a few minutes to log you in.

View Dashboard

View the dashboard for your user account.

For more information, refer to the guide on [how to use the Student app](#).

How do I use the Student app on my Android device?

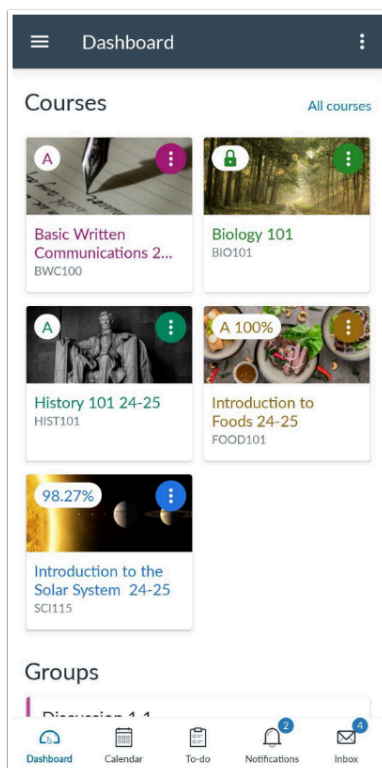

The Canvas Student app helps you access your courses and groups when you are away from a computer browser. The app provides functionality to view and participate in a course or group, as well as view your course calendars, To-Do items, notifications, Conversations messages, and grades.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Note:

- Not all Canvas features are supported on the app at this time.
- The Canvas Student app uses your device's settings to set the time zone used within the app.
- To change the language displayed in the Student app, select a language in Canvas from a web browser, log out of the Student app, and log in again.

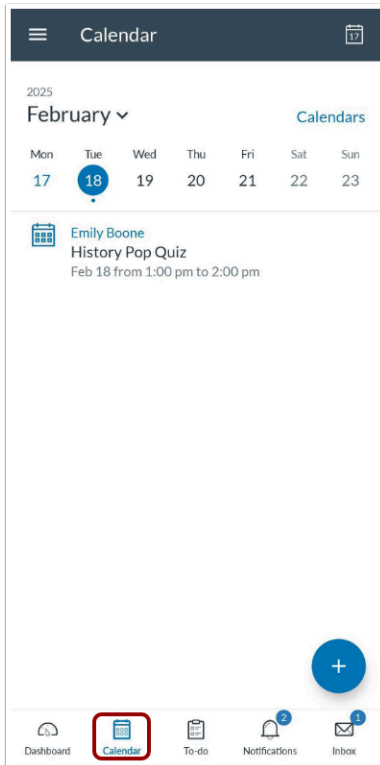

View Dashboard

When you log in to the Canvas Student app, the default landing page is the Dashboard.

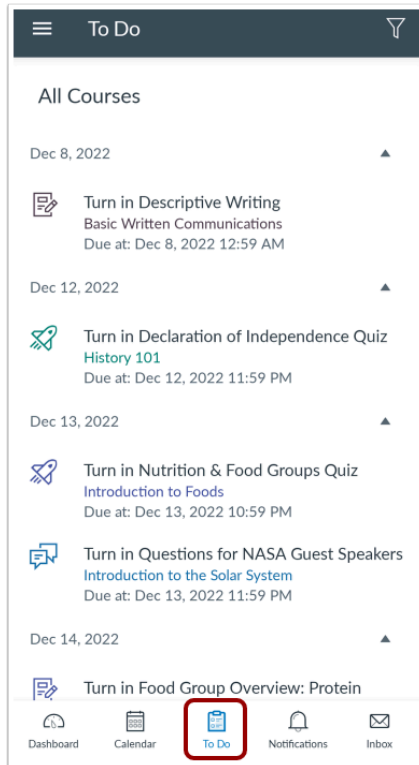

The Dashboard displays all your current courses and groups, including your favorite courses. The Dashboard can also display overall grades in each course. Learn how to [view your Dashboard](#).

View Calendar

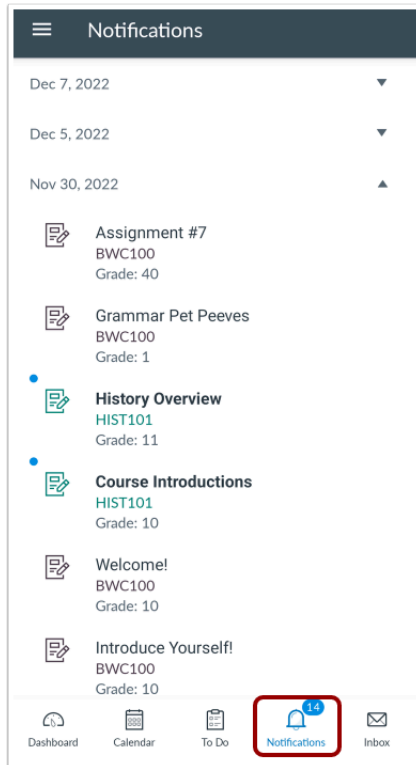

The Calendar displays events and assignments for your courses and groups. Learn how to [view the Calendar](#).

View To Do List

The To Do List gives a quick view of upcoming course activities that you have not completed. Learn how to [view the To Do List](#).

View Notifications

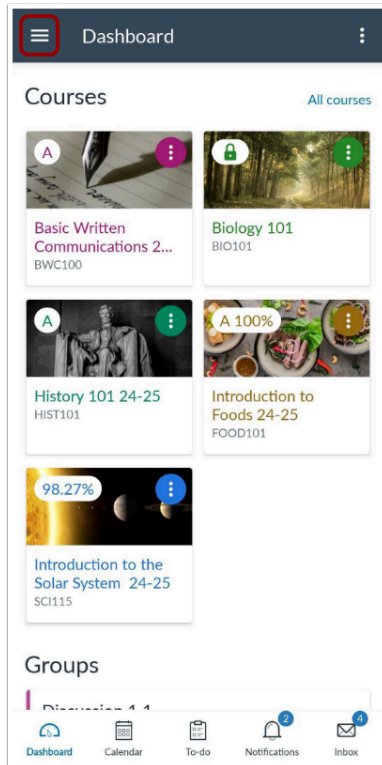

Notifications gives you an overview of all course notifications, such as changes to an assignment due date, newly created assignments, course announcements, or a reply to a subscribed discussion. You can also view specific notifications within each of your courses. Learn how to [view Notifications](#).

View Inbox

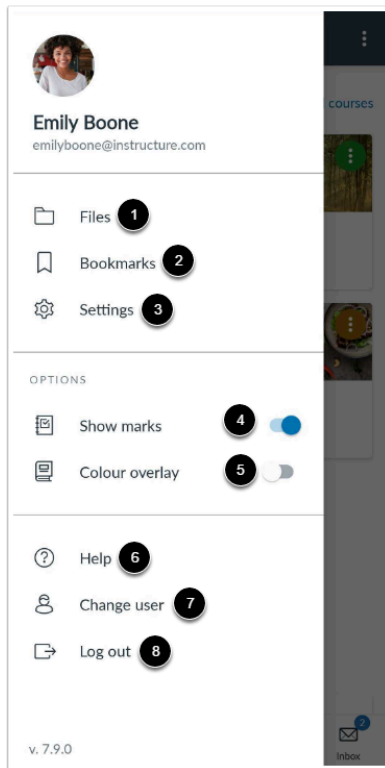

The Inbox displays all Conversations messages in the Canvas Student app. Learn how to [view the Inbox](#).

Open User Menu

To open the User Menu, tap the **Menu** icon. You can open the menu by swiping from the left side of the screen.

View User Menu

From the User Menu, you can:

- [Manage your personal files](#) [1]
- [View your bookmarks](#) [2]
- [Open app settings](#), including profile pictures (if supported) [3]
- Show or hide marks on the [Dashboard](#) [4]
- [Overlay a selected color in courses](#) over Dashboard course cards [5]
- [Get help with the Student app](#) [6]
- [Change user](#) [7]
- [Log out of the app](#) [8]

Your User Menu may display other LTI tools, such as Studio and Mastery, that you can access via a mobile browser.

How do I get help with the Student app on my Android device?

From the Help Menu, you can get help with Canvas directly on your mobile device. Help Menu links may vary across institutions.

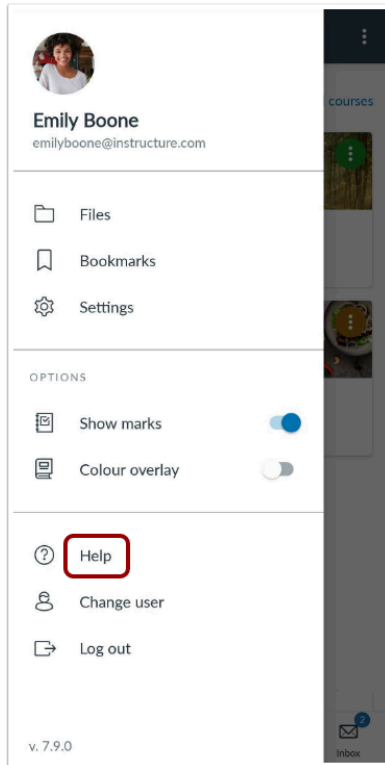

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open User Menu

In the Dashboard, tap the **User Menu** icon.

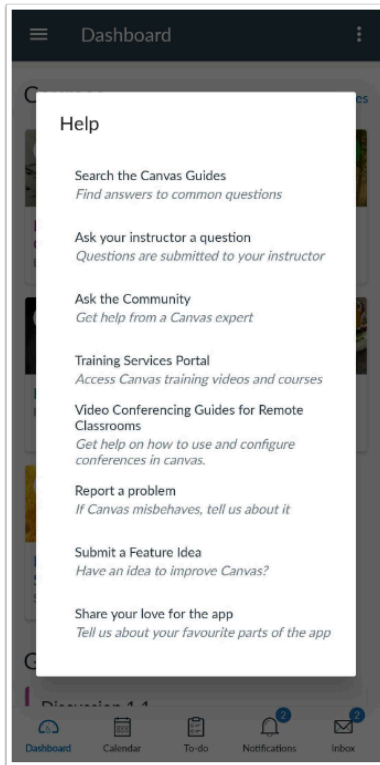

Open Help

Tap the **Help** link.

Note: Depending on your institution, the Help link name and icon may vary.

View Help Menu

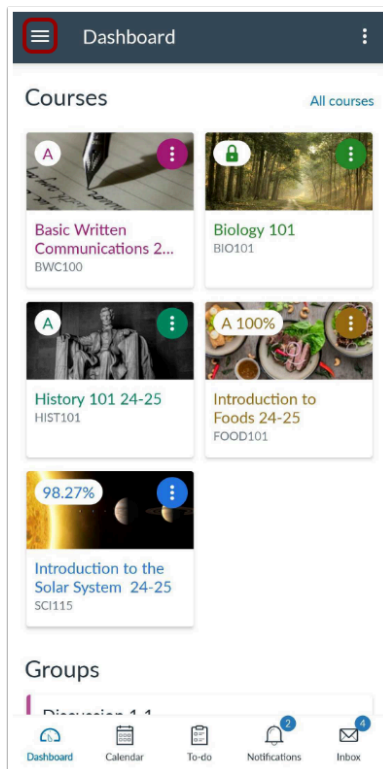

View the Help links provided to you. Available links may vary according to institution.

How do I switch to another user account in the Student app on my Android device?

You can switch your profile to view another account on your app at any time.

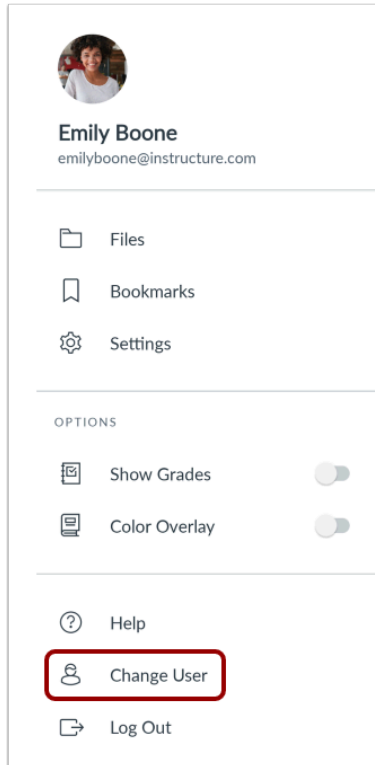

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open User Menu

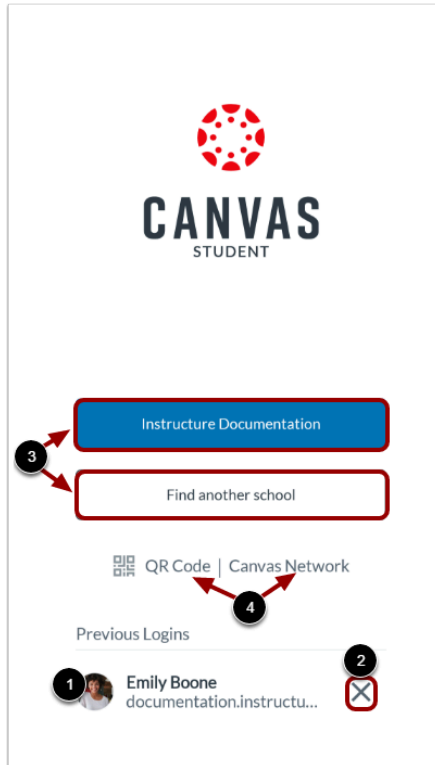

In the Dashboard, tap the **User Menu** icon.

Change User

Tap the **Change User** link.

View Login Page

Previous logins appear in the user list. Tap the user profile you want to open [1]. To remove a profile, tap the **Remove** icon [2].

To add an account, [log in to Canvas](#) [3].

To log in, you can scan your Canvas **QR Code** or sign into your **Canvas Network** account [4].

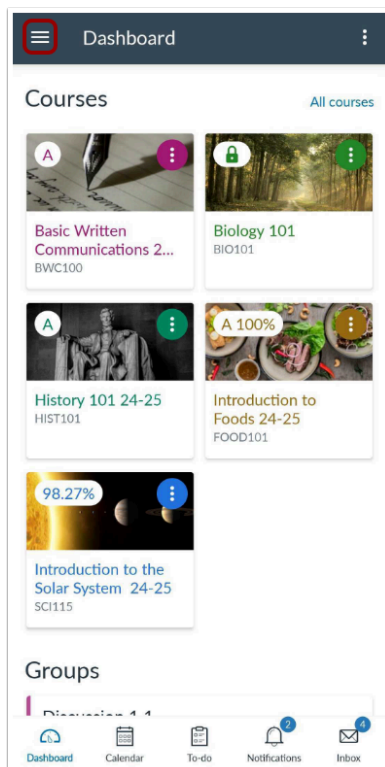

How do I log out of the Student app on my Android device?

You can easily log out of Canvas when you are finished using the app.

You can also [switch users](#) in the Canvas Student app.

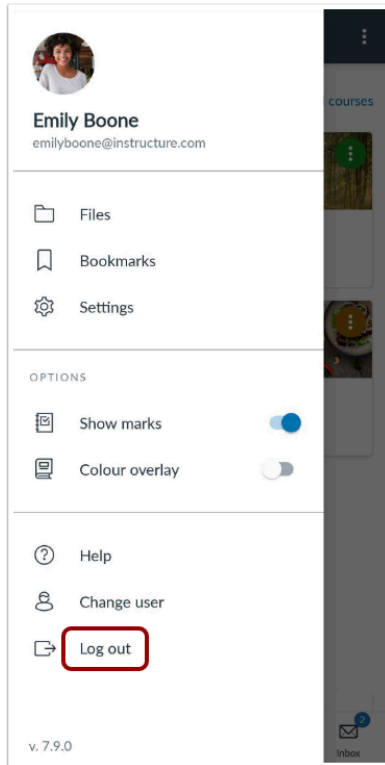

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open User Menu

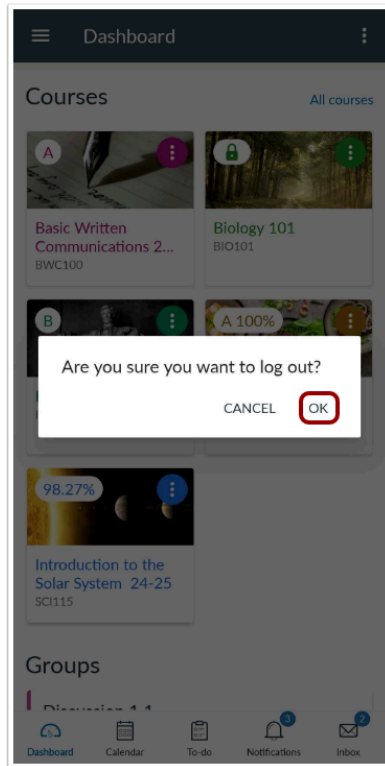

In the Dashboard, tap the **User Menu** icon.

Log Out

Tap the **Log Out** link.

Confirm Log Out

To confirm, tap the **OK** link.

App Settings

How do I view my user settings in the Student app on my Android device?

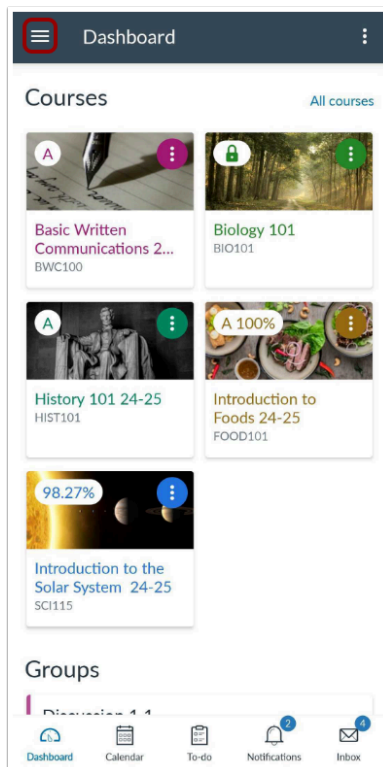

You can manage your personal settings in the Canvas Student app.

Language settings cannot be managed from the Canvas Student app. The app will display the language set from a user's account settings in Canvas. To change the language displayed in the Student app, select a language in Canvas from a web browser, log out of the Student app, and log in again. If that cannot be found, the app will display the device language.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Note: General settings for the app, such as clearing the cache, can be managed in the Application manager within your Android device settings menu.

Open User Menu

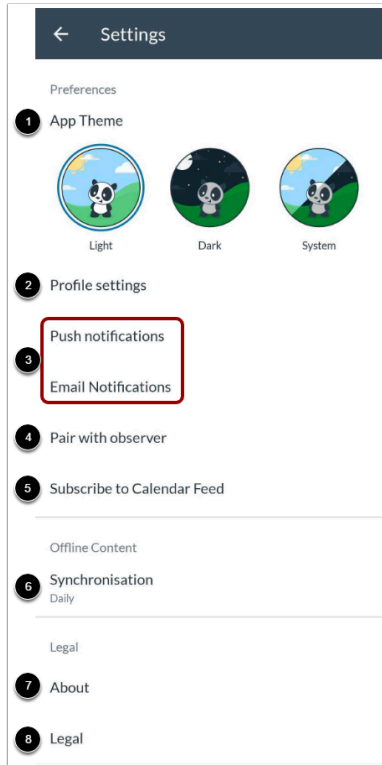

In the Dashboard, tap the **User Menu** icon.

Open Settings

Tap the **Settings** link.

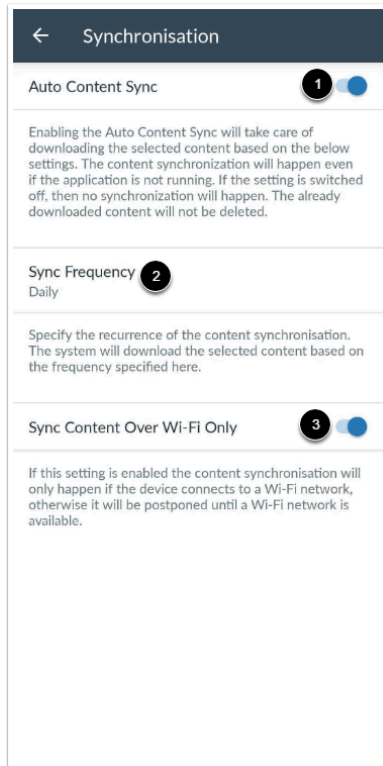

View App Settings

You can change the following settings in the app:

- Set an [app theme](#) [1]
- Edit profile settings [2] ([user name](#), [profile picture](#), [panda avatar](#))
- Set available [Notification Preferences](#) for Push Notifications or Email Notifications in the app [3]
- Send a [pairing code](#) to an observer [4]
- [Subscribe to a calendar feed](#) [5]
- View offline course content synchronization (if enabled) [6]
- View details about the app [7]
- View legal information about the app [8]

View Offline Course Content Synchronization Settings

To enable the automatic course content sync, tap the **Auto Content Sync** toggle [1].

Select the course content sync frequency. You can select daily or weekly by tapping the **Sync Frequency** menu [2].

To sync content over a Wi-Fi network, tap the **Sync Content Over Wi-Fi Only** toggle [3].

How do I set Notification Preferences in the Student app on my Android device?

You can set notification preferences in the Canvas Student app to receive updates about your Canvas courses. Once notifications are selected, notifications are sent to you even if you have not opened the Canvas Student app. You can choose to set notifications for specific communication channels, or you can set notifications for all your available channels.

Communication channels in the Canvas Student app match the same notification options within your Notification Preferences in the browser version of Canvas. Any preferences updated in the app will be reflected in the browser version.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open User Menu

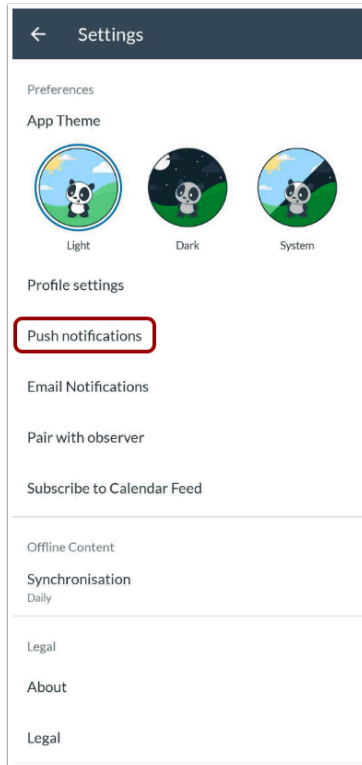

In the Dashboard, tap the **User Menu** icon.

Open Settings

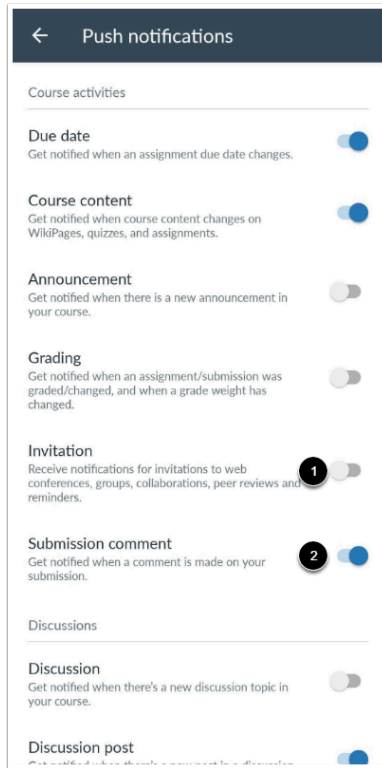

Tap the **Settings** link.

Open Push Notifications

Tap the **Push Notifications** link.

Set Push Notification Preferences

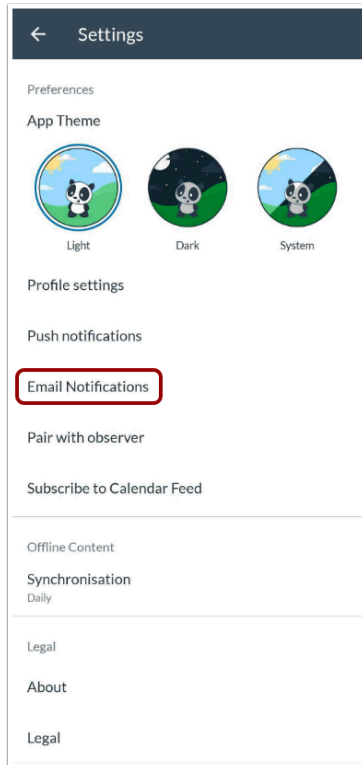

By default, communication notifications can either be on or off.

To disable a notification, tap the toggle to the left [1]. Disabled notifications are never sent.

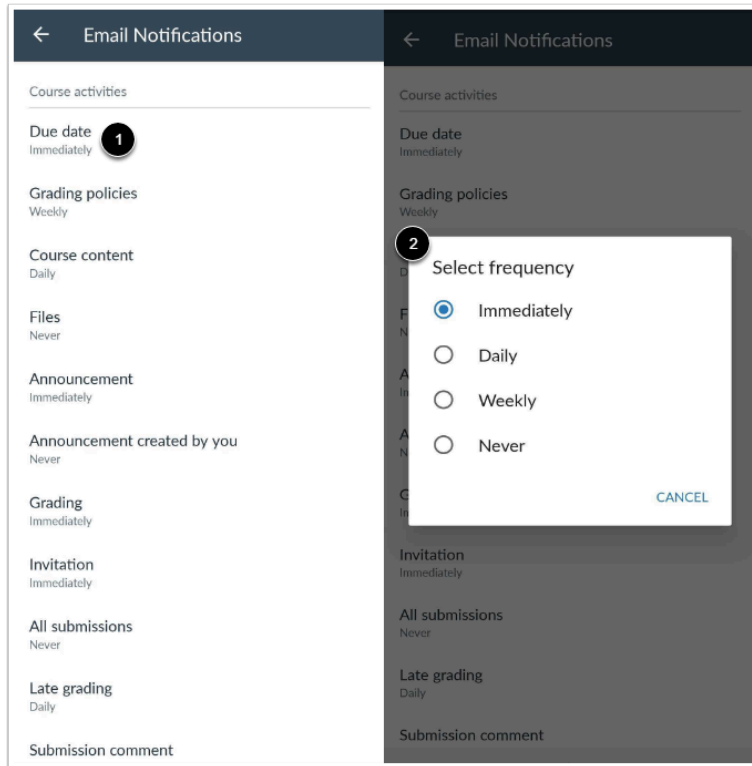

Enabled notifications show the toggle to the right [2] and are sent as soon as possible (ASAP).

Open Email Notifications

Tap the **Email Notifications** link.

Set Email Notification Preferences

Email notifications match the notification types set in the browser version of Canvas. Options include Immediately, Daily, Weekly, or Never.

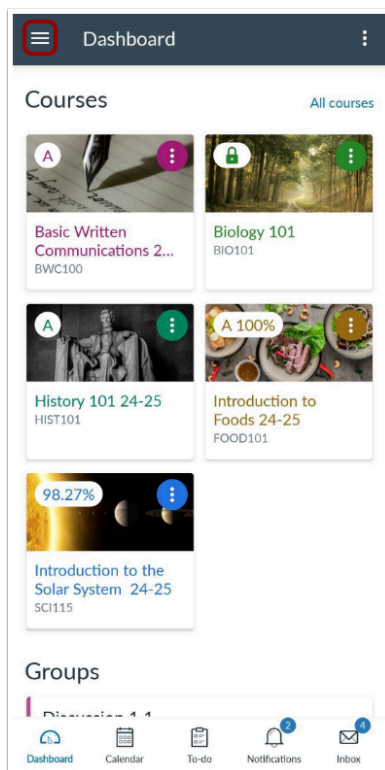

To change a notification email frequency, tap the notification name [1]. A list displays with the frequency options. Tap the name of the desired frequency [2].

How do I send a pairing code to an observer in the Student app on my Android device?

You can generate and send a pairing code for an observer in the Canvas Student app to connect with your account. The pairing code will expire in seven days or after one use.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open User Menu

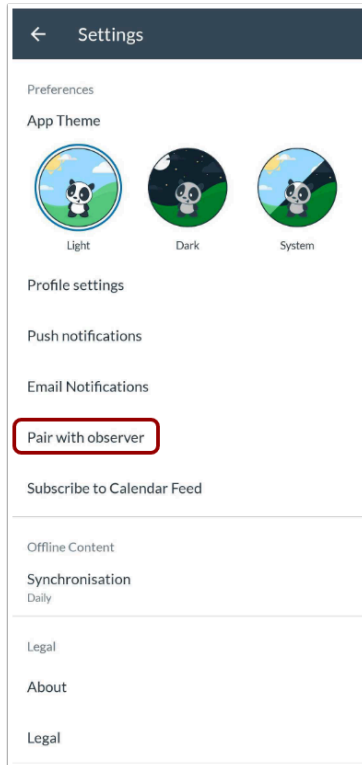

On the Dashboard, tap the **User Menu** icon.

Open Settings

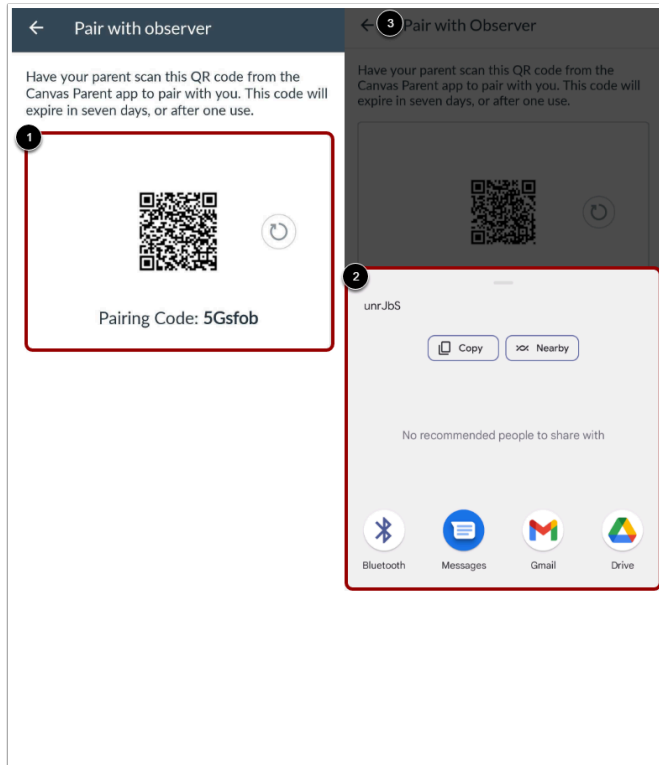

Tap the **Settings** link.

Pair with Observer

Tap the **Pair with observer** link.

View Pairing Code

View the QR code and pairing code to share with an observer to allow them to connect with you [1]. The code will expire in seven days or after one use.

To share the pairing code, highlight the pairing code and tap the **Share** link. You can select where you want to share the pairing code [2].

To return to your user settings, tap the **Back** link [3].

Note: If you have separate devices, observers can log in to Canvas by scanning the QR code using the Parent App.

How do I set a profile picture in the Student app on my Android device?

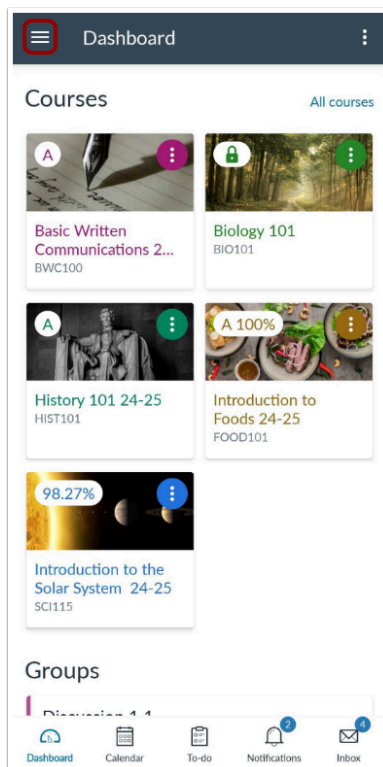

If your institution allows profile pictures, you can add a profile picture in the Student app.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Notes:

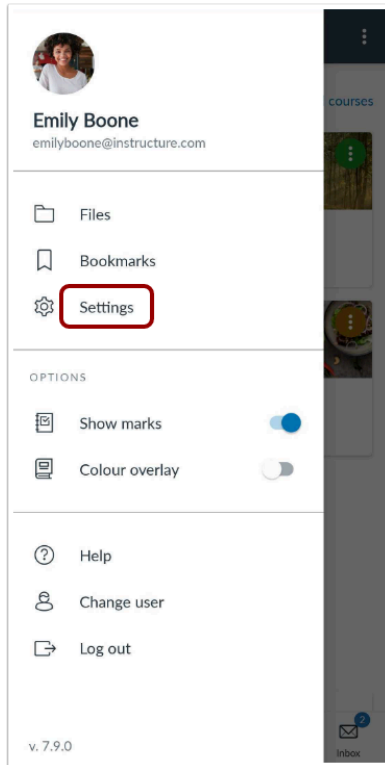

- Changing your profile picture in the app will also change the profile picture in your browser version of Canvas.
- If you cannot add a profile picture, your institution has restricted this feature.

Open User Menu

In the Dashboard, tap the **Menu** icon.

Open Settings

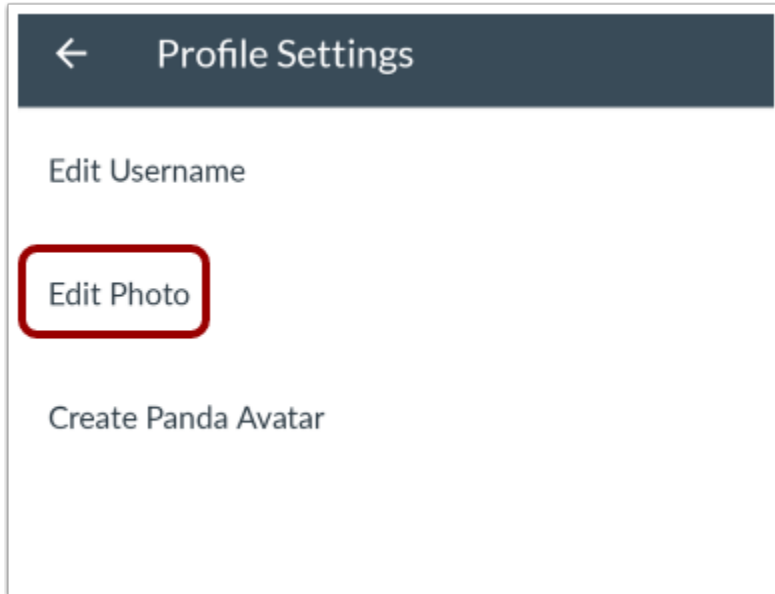

Tap the **Settings** link.

Open Profile Settings

Tap the **Profile Settings** link.

Edit Photo

Tap the **Edit Photo** link.

Select Photo Option

To take a new photo, tap the **Take photo** option [1]. To select a photo from your gallery, tap the **Choose photo from Gallery** option [2].

Note: You may need to allow the app to take pictures, record video, and access photos, media, and files on your device.

Take Photo

To take a new photo, tap the **Camera** button.

Note: Depending on your device, Camera displays may vary.

Select Photo

To select a photo from your gallery, tap the image you want to use.

Adjust and Crop Photo

Pinch and drag to adjust the part of your image that will display in your profile picture [1]. To save your profile picture, tap the the **Checkmark** icon [2].

How do I edit my user name in the Student app on my Android device?

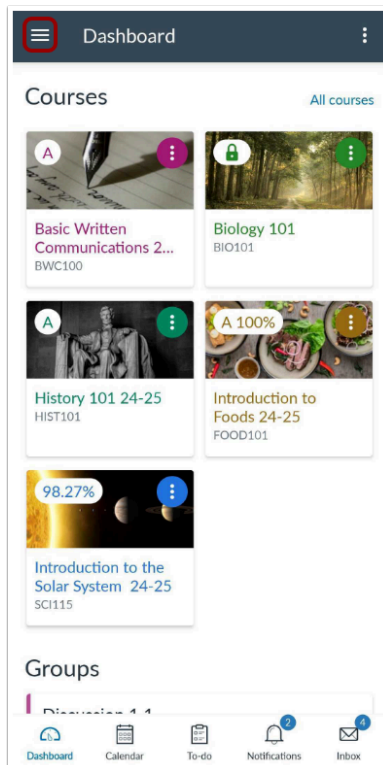

If your institution allows you to edit your user name, you can edit it in the app. This is the name that users see in the app.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Notes:

- Changing your user name in the app will also change your user name in your browser version of Canvas.
- If you cannot change your user name, your institution has restricted this feature.

Open User Menu

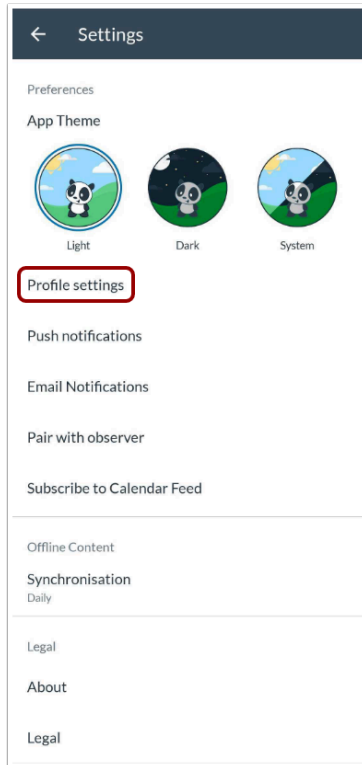

In the Dashboard, tap the **User Menu** icon.

Open Settings

Tap the **Settings** link.

Open Profile Settings

Tap the **Profile settings** link.

Edit Username

Tap the **Edit Username** link.

Type your user name in the **Edit username** field [1]. Then tap the **OK** link [2].

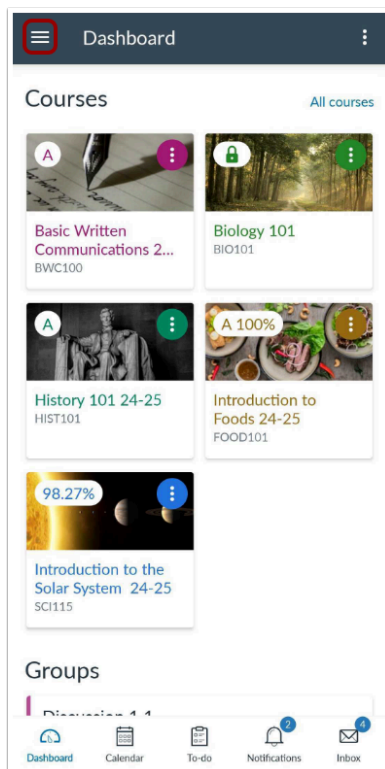

How do I create a Panda avatar in the Student app on my Android device?

If your institution allows [profile pictures](#), you can create a Panda avatar on the Canvas Student app. You can save the Panda avatar as your profile picture on the mobile app, or share it with others.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Note: If you cannot create a Panda avatar, your institution has restricted the profile pictures feature.

Open User Menu

In the Dashboard, tap the **User Menu** icon.

Open Settings

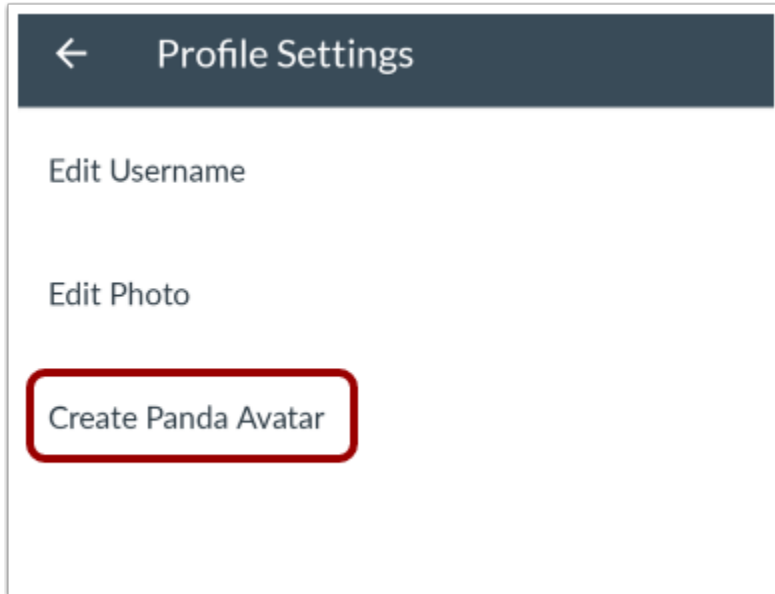

Tap the **Settings** link.

Open Profile Settings

Tap the **Profile settings** link.

Create Panda Avatar

Tap the **Create Panda Avatar** link.

Customize Panda Avatar

At the bottom of the window, tap the area of the panda you want to customize. You can customize the panda head [1], body [2], and feet [3].

Tap the design you want to use for your panda [1]. To return to the customize options, tap the **Back** link [2].

Manage Panda Avatar

When you are finished customizing your avatar, tap the **Options** icon.

To save your panda avatar, tap the **Save** link [1].

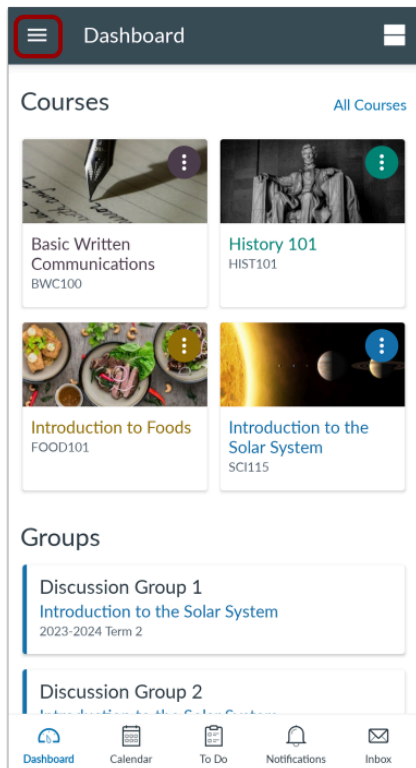

To set your panda as your profile picture in the app, tap the **Set as avatar** link [2].

To share your panda avatar, tap the **Share** link [3]. The app will open a new window with all the apps on your device and ask where you want to share your panda image.

How do I set my theme in the Student App on my Android device?

In Settings, you can choose between three app theme options, Light, Dark, and Same as Device.

Open User Menu

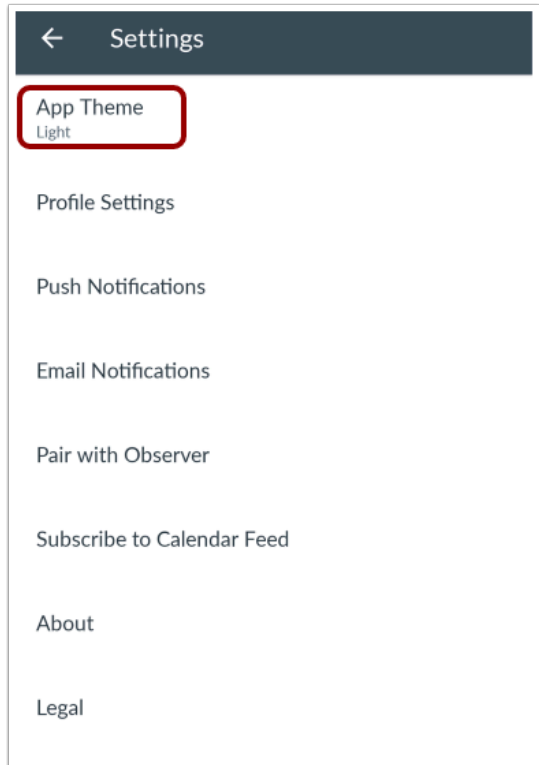

In the Dashboard, tap the **User Menu** icon.

Open Settings

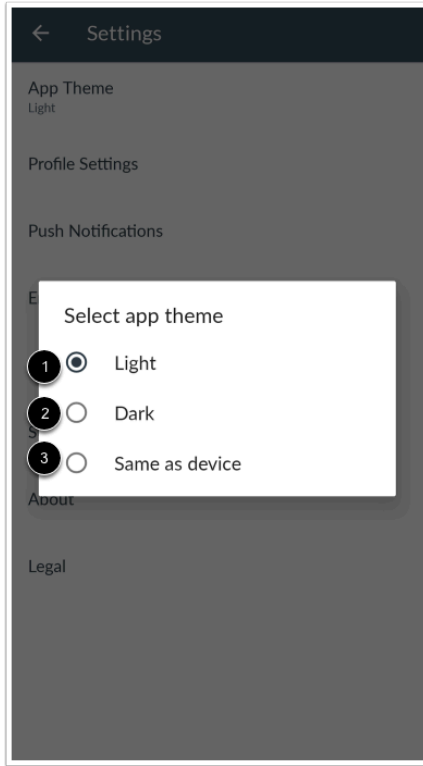

Tap the **Settings** link.

Open App Theme

Tap the **App Theme** link.

Select Theme

To select your preferred theme, tap **Light** for dark text on a light background [1], **Dark** for light text on a dark background [2], and **Same as device** to reflect the device's theme [3].

How do I subscribe to the Canvas calendar in the Student app on my Android device?

In Settings, you can sync the Canvas Calendar to a Google Calendar.

Open User Menu

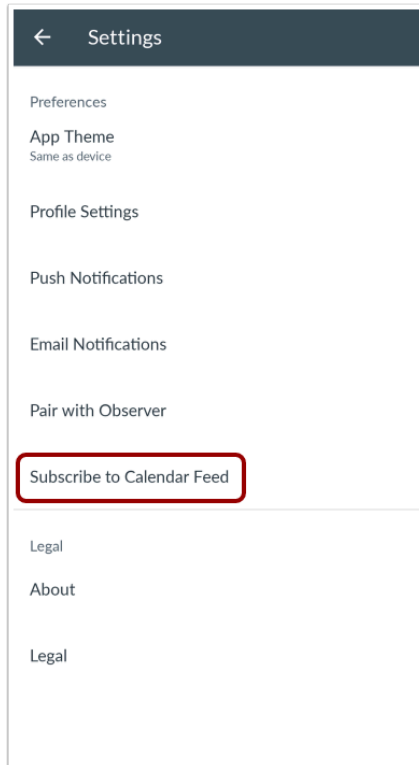

In the Dashboard, tap the **User Menu** icon.

Open Settings

Tap the **Settings** link.

Subscribe to Calendar Feed

Tap the **Subscribe to Calendar Feed** link.

Sync Calendars

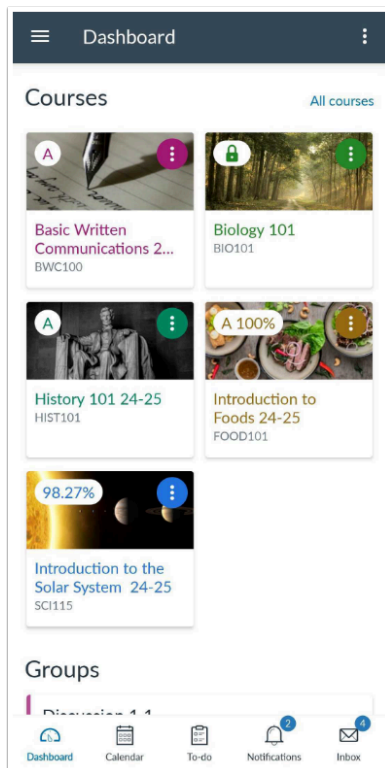

To sync the Canvas calendar to a Google Calendar, click the **Subscribe** link. Then log into the Google Calendar app to enable the sync.

App Features

How do I use the Dashboard in the Student app on my Android device?

The Canvas Student app Dashboard displays your active courses. It can also display course invitations and announcements from your institution.

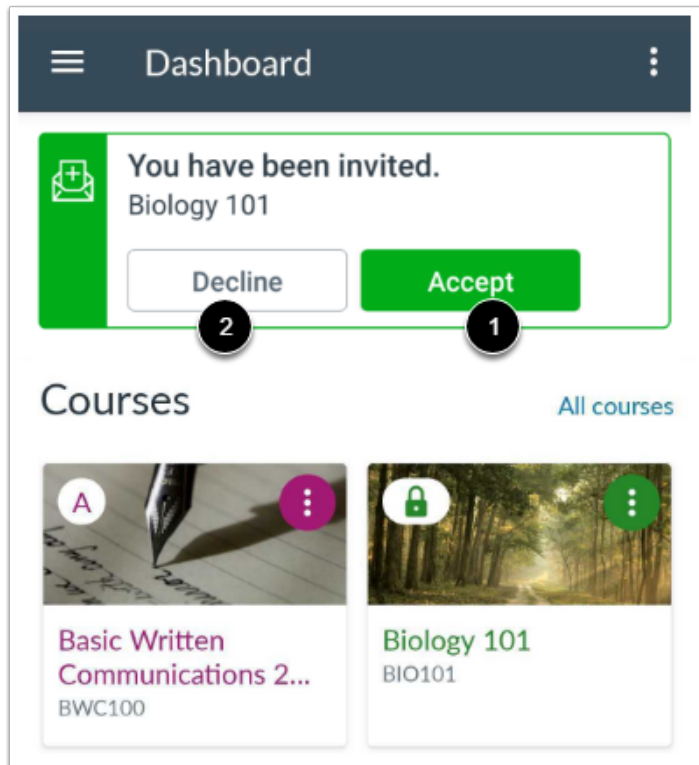

View Dashboard

The Dashboard displays all your current courses and groups.

When viewing courses or groups, [you can manage how they display in the Dashboard](#). You can also customize background colors and favorite courses.

View Course Invitation

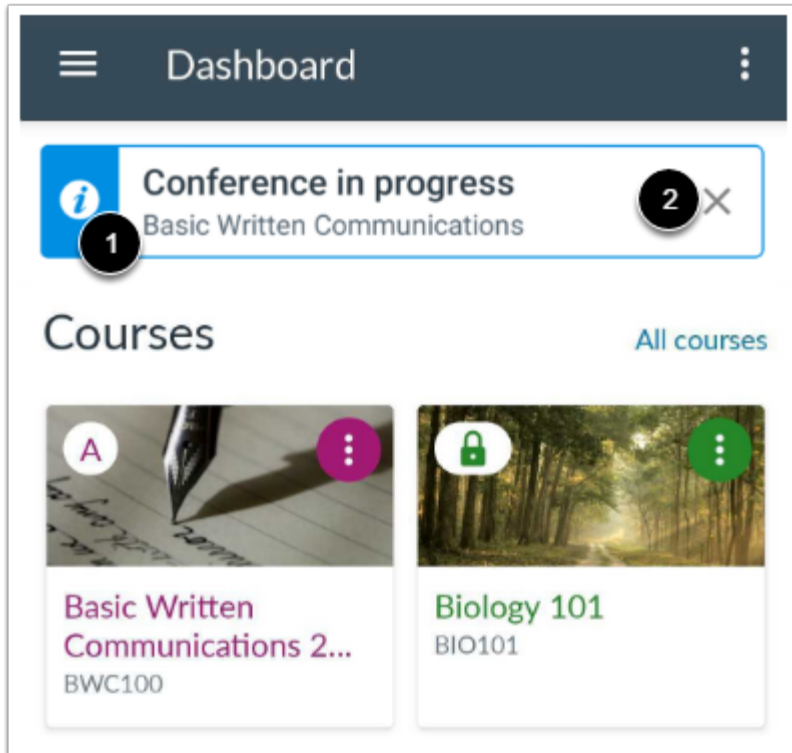

If you have been invited to join a course, you can view the course invitation on your Dashboard. To accept the invitation, tap the **Accept** button [1]. To decline the invitation, tap the **Decline** button [2].

View Global Announcement

If a global announcement has been sent to students at your institution, you can view the announcement on your Dashboard. To read the announcement, tap the announcement [1]. To dismiss the announcement, tap the **Close** icon [2].

View In-Progress Conference

If a course includes a BigBlueButton Conference, any conference in progress will display on the Dashboard. To join the conference, tap the name of the conference [1]. To dismiss the conference, tap the **Close** icon [2].

View Course Grades

You can display your course grades in the dashboard from the [User Menu](#).

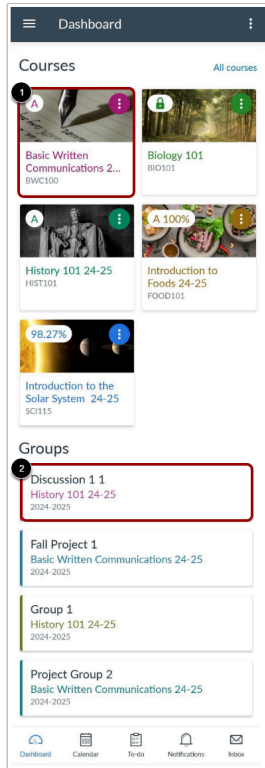

Grades are shown according to the grading scheme for the course (percentage, letter grade, etc.). To view details of a grade, tap the grade percentage [1]. If a lock icon is displayed, your instructor has hidden student grade totals [2].

You can also [view your grades within your course](#).

Notes:

- Users who do not have a student role will always see grades with a percentage of zero.
- If enabled in your course, you may only have the ability to view qualitative data, such as letter grades and grading comments.

Open Course or Group

To open a course or group, tap the course [1] or group name [2].

View Navigation Menu

Within each course or group, you can view the navigation links that are available in the browser version of Canvas.

Note:

- If a course navigation link is hidden in the browser version, you will not be able to access it in the app.
- Not all course navigation links are supported in the Canvas Student app. However, all navigation links are supported in a mobile browser.

How do I manage Courses and Groups in the Student app on my Android device?

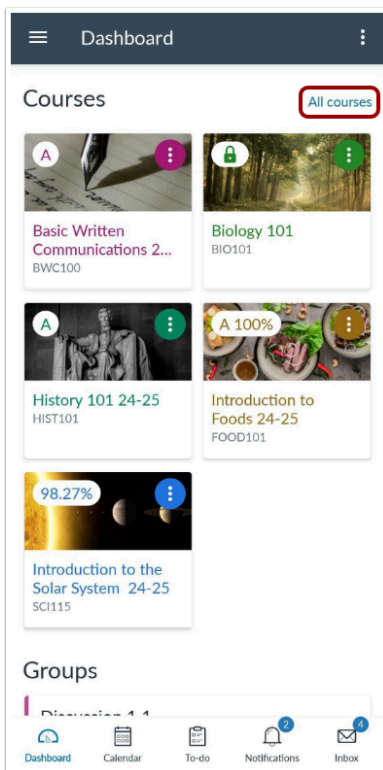

You can view all your courses and groups in the Canvas Student app. You can also change your course and group favorites and change the colors for your Dashboard course cards and groups.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Notes:

- Changes to your favorite courses applies to the browser version of Canvas.
- You cannot join a group using the Student app, however, you can [join a group using the web version of Canvas](#).

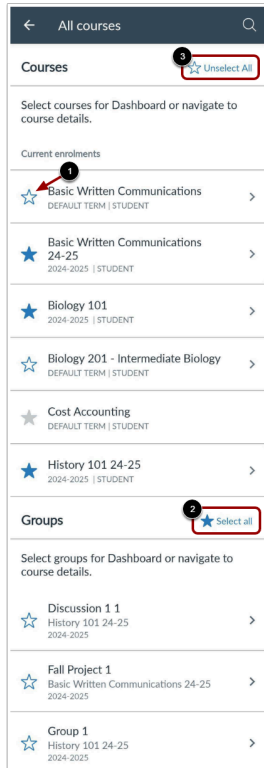

View Courses and Groups

The app defaults to your favorite courses and groups. Favorite courses mirror the courses customized drop-down menu in the web version of Canvas.

To view all your courses and set or remove favorite courses or groups, tap the **All courses** link.

Edit Courses and Groups

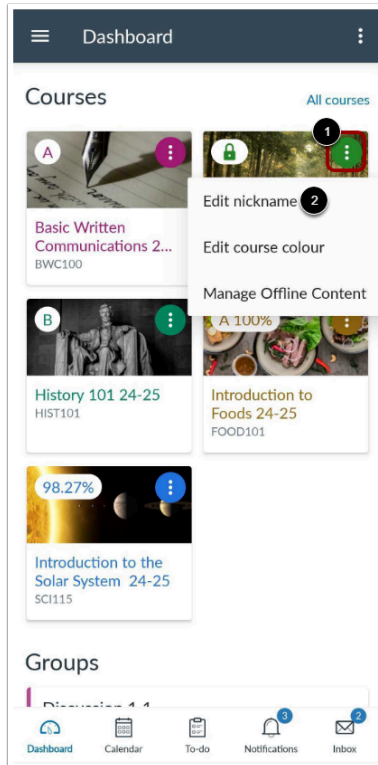

Tap the **Star** icon next to the course or group you want to favorite [1]. To remove a favorite, tap the **Star** icon again. Changes to the favorites page are applied automatically.

To bulk favorite courses or groups, tap the **Select all** link [2]. To bulk remove favorites, tap the **Unselect All** link [3].

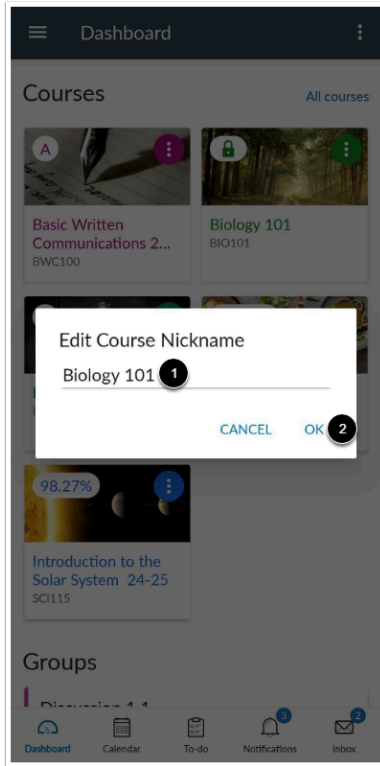

Note: The Courses list includes active and concluded courses.

Edit Nickname

Course names can be customized with nicknames to help distinguish them throughout other areas of the Canvas Student app. To customize a course, tap the **Options** icon [1], then tap the **Edit nickname** option [2].

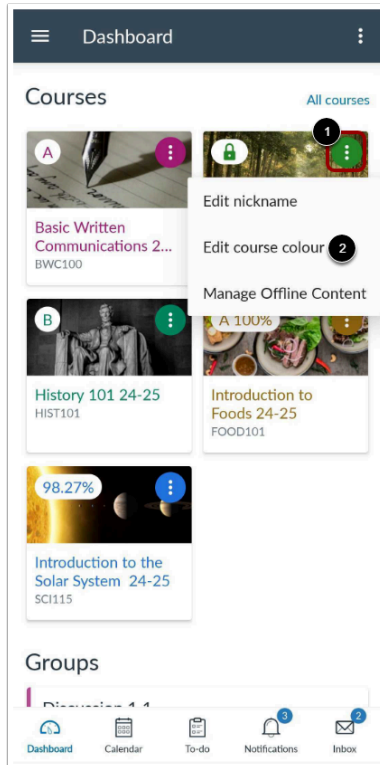

Create Nickname

Tap the **Course Nickname** field and type the nickname [1].

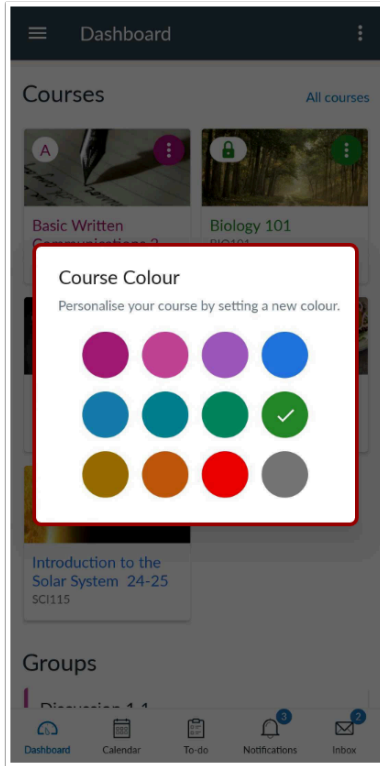

Tap the **OK** link [2].

Edit Course Color

To edit the course color, tap the **Options** icon [1], then tap the **Edit course colour** option [2].

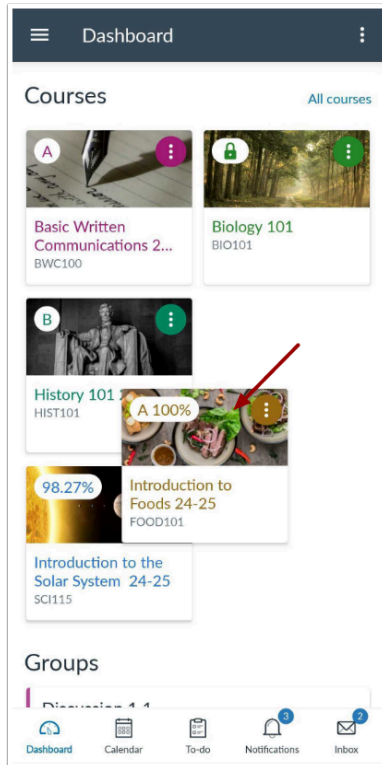

Select Color

Tap the new color for your course. The color automatically applies to your course.

Note: To view the selected color across your entire course card, you can enable the [Color Overlay option](#) in the User Menu.

Reorder Course Cards

To reorder your course cards, tap the course you want to rearrange, move the course card, and release the card to your desired location.

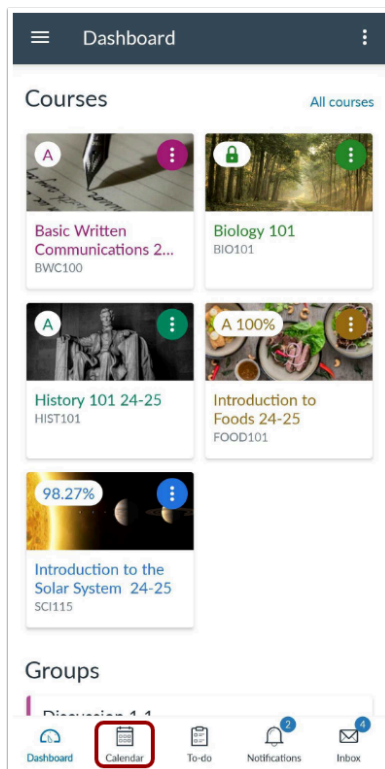

How do I view the Calendar in the Student app on my Android device?

You can view up to 10 calendars from your courses and groups in the app.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

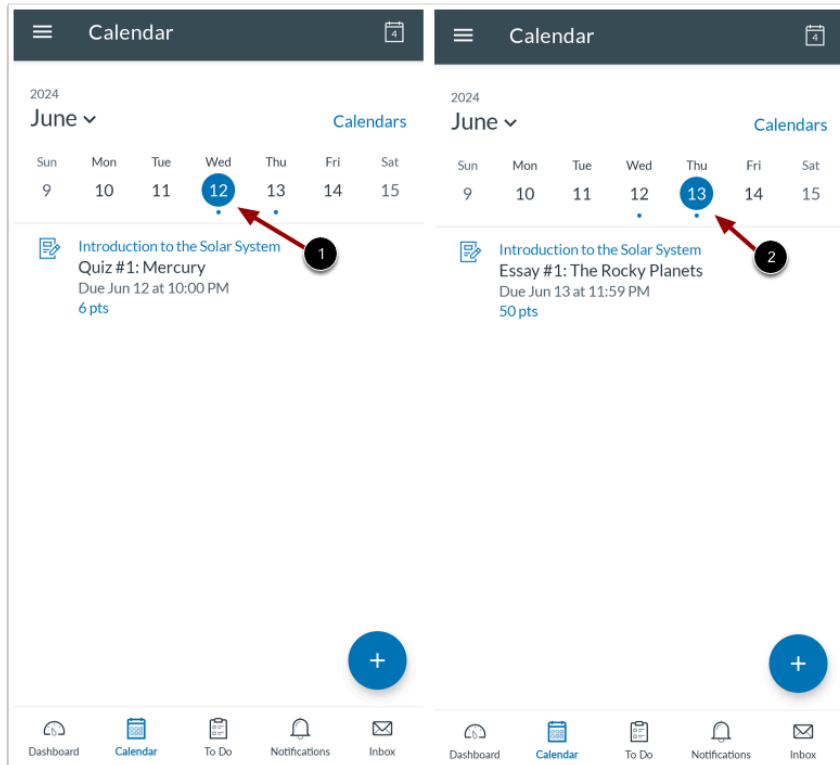

Note: Students cannot sign up for Scheduler appointments in the Canvas Student app.

Open Calendar

In the Dashboard, tap the **Calendar** icon.

View Calendar

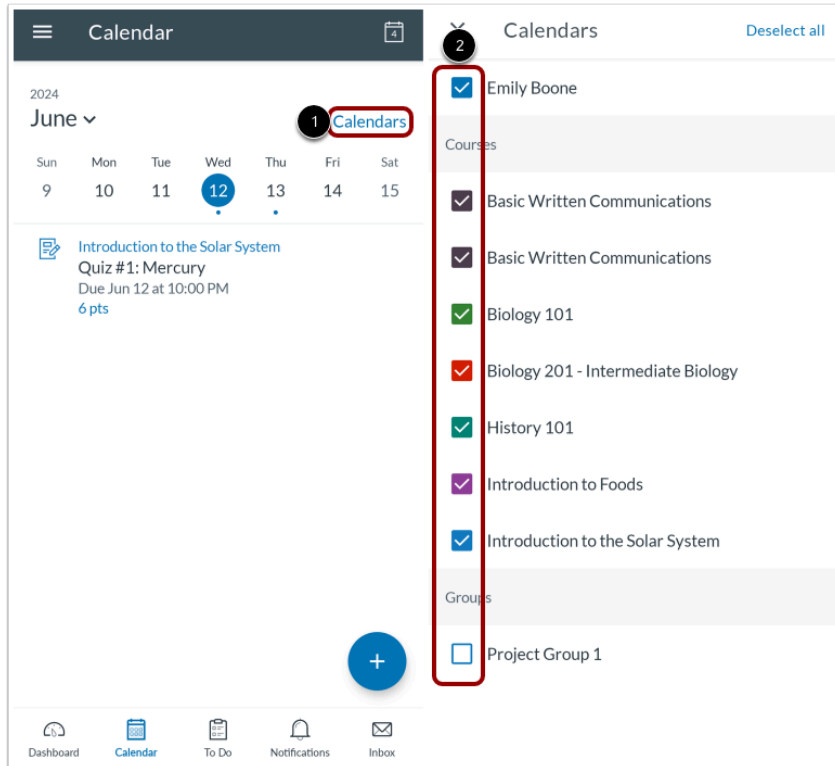

The Calendar page shows all assignments and events for your courses. By default, the calendar displays assignments and events by week. The current date is always selected and indicated by the solid background [1]. Any assignments or events on the current date display below the calendar in an agenda format.

Assignments or events on other dates are indicated by a dot below the date [2]. Multiple dots indicate multiple assignments or events, which you can view by tapping the date.

The day of the week defaults to Sunday. You can change the start date to Monday in your [app personal Settings](#).

Manage Calendars

You can manage the courses and events that display in the calendar by tapping the **Calendars** link [1]. To select which calendar(s) to display, tap the checkbox next to the user, course, or group calendar name [2]

View Additional Dates

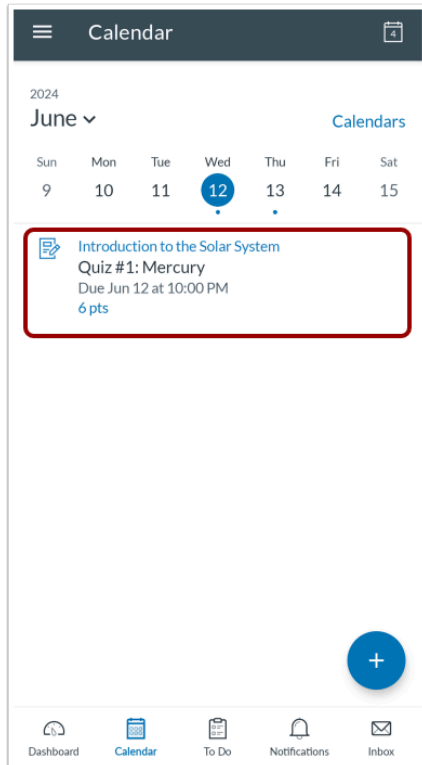

To view assignments and events for other dates, swipe the week view left or right [1].

You can also expand to the calendar Month view by tapping the name of the month [2] and swiping the month view left or right.

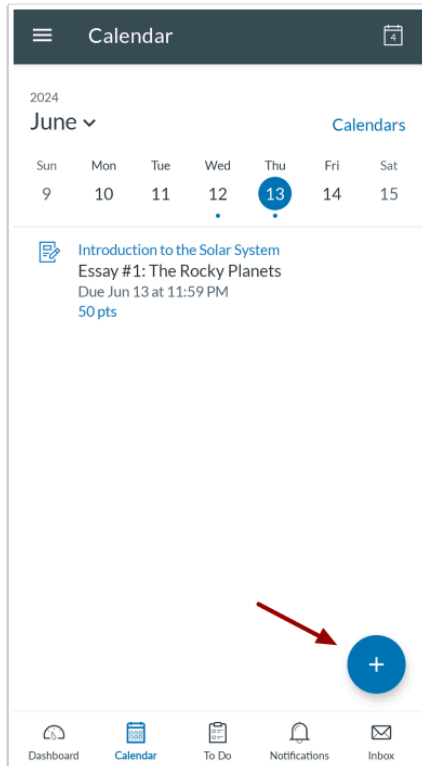

To return to the current date, tap the **Calendar** icon [3].

View Individual Event or Assignment

To view the details of an individual assignment or event, tap the name of the assignment or event.

Add To-Do Item or Event

To [add a to-do item or event](#) to your calendar, click the **Add** icon.

Note: Currently To-Do items created in the app only display in the Calendar; items will display in the To-Do list in a future release.

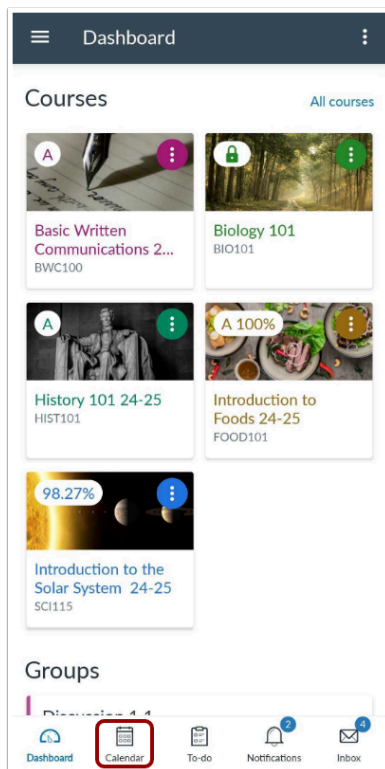

How do I add a Calendar To-Do List item or Event in the Student app on my Android device?

You can create a new calendar item in the Canvas Student app. Calendar items are for your own personal use. You can also edit or delete your created to-do list items and events.

The images in this lesson are for adding a new to-do item, unless otherwise noted.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open Calendar

In the Dashboard, tap the **Calendar** icon.

Add Item

Tap the **Add** icon.

Add To-Do Item or Event

To add a to-do item, tap the **Add To-Do** icon [1].

To add an event, tap the **Add Event** icon [2].

Tap the **Save** link.

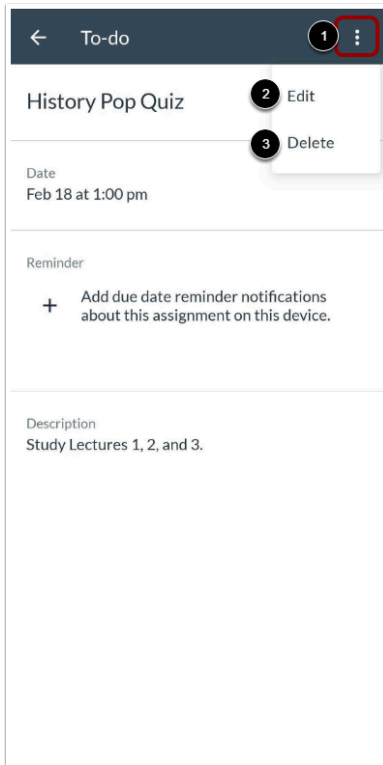

View Item

View your item in the Calendar.

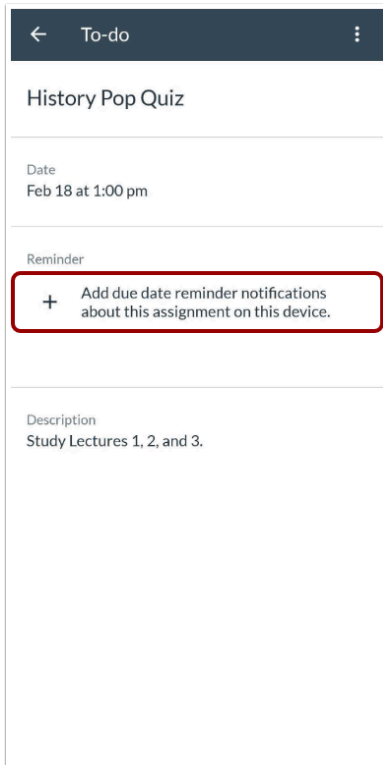

Note: Currently To-Do items created in the app only display in the Calendar; items will display in the To-Do list in a future update.

Edit or Delete Item

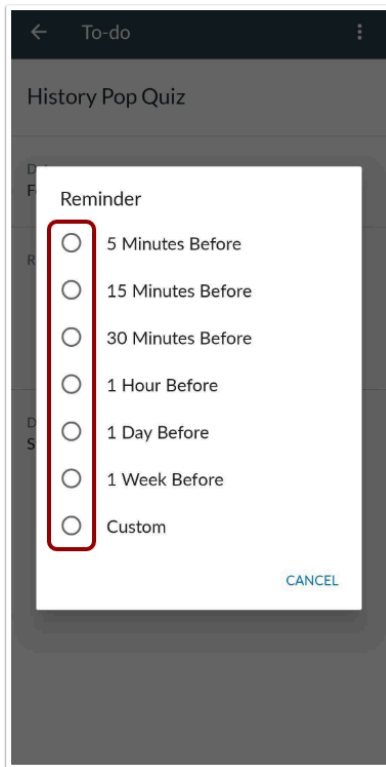

To edit or delete the to-do item or event, click the **Options** icon [1]. Then click the **Edit** link [2] or **Delete** link [3].

Add Reminder

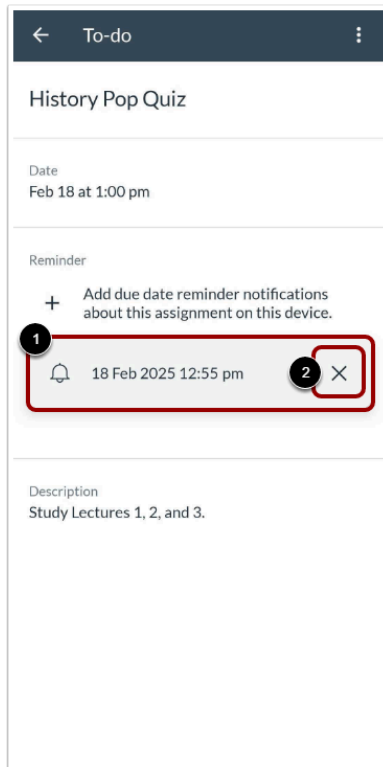

To add a reminder, tap on the **Add due date reminder notifications about this assignment on this device** link.

Choose your preferred **Alert time**.

Note: For Custom Reminders, you will be asked to input the specific date and time for your Alerts.

You can now view your reminder [1].

To delete your reminder, tap the **Delete** button [2].

How do I view the Inbox in the Student app on my Android device?

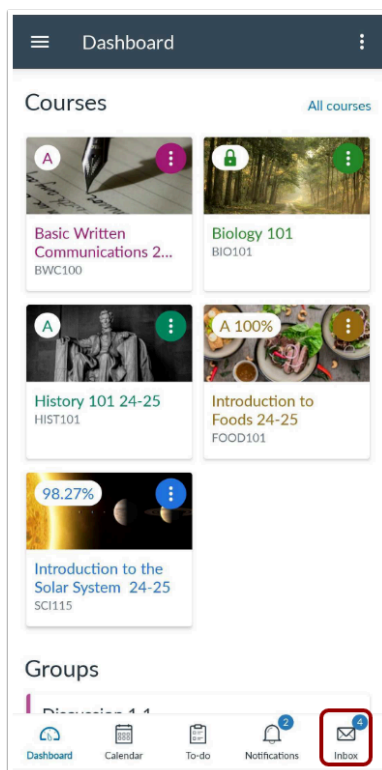

Canvas lets you access your Inbox on your Android device so you can keep in touch with people in your course at any time.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Notes:

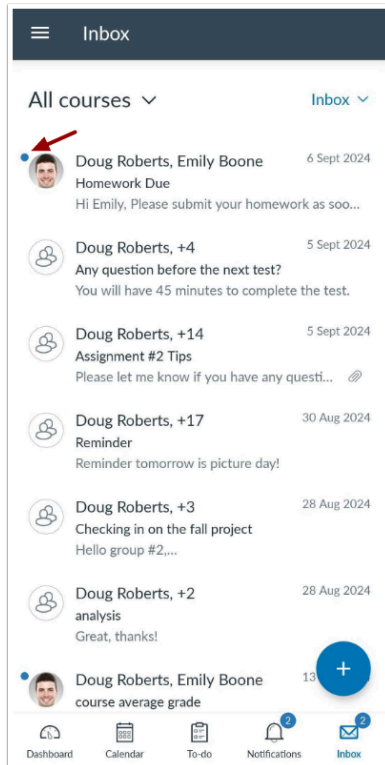

- Unlike the web version of Canvas, you cannot view assignment comments from your instructor in the Inbox. However, you can [view comments in the assignment](#).
- The mobile version of Canvas supports the ability to star a conversation. However, it does not currently support a filter option to view starred messages. Any messages that you star in the app can be viewed in the starred filter in the web version.

Open Inbox

In the Navigation Bar, tap the **Inbox** icon.

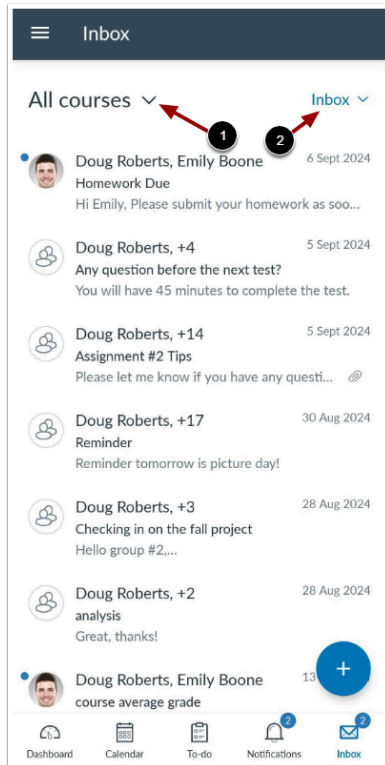

View Inbox

The Inbox displays all messages you have received and is organized the same way as the browser version of the Inbox. Messages are arranged in chronological order—newer messages appear at the top, and older messages appear near the bottom. Unread messages are indicated by a blue dot.

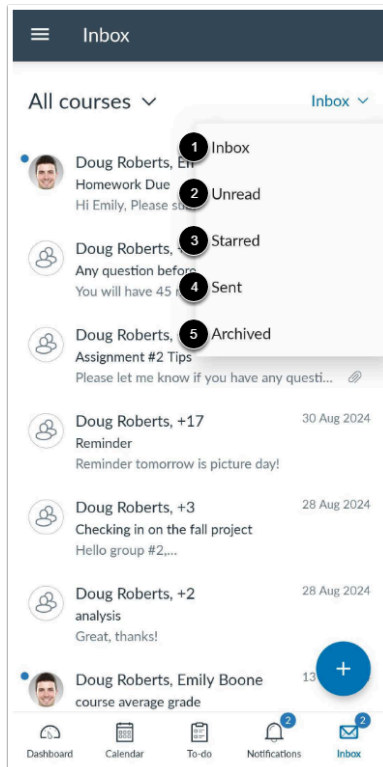

Swipe your device from top to bottom to quickly refresh your messages.

View Mailbox Filters

You can view all course messages in your inbox. To only view a certain course, click the **All Courses Arrow** icon [1].

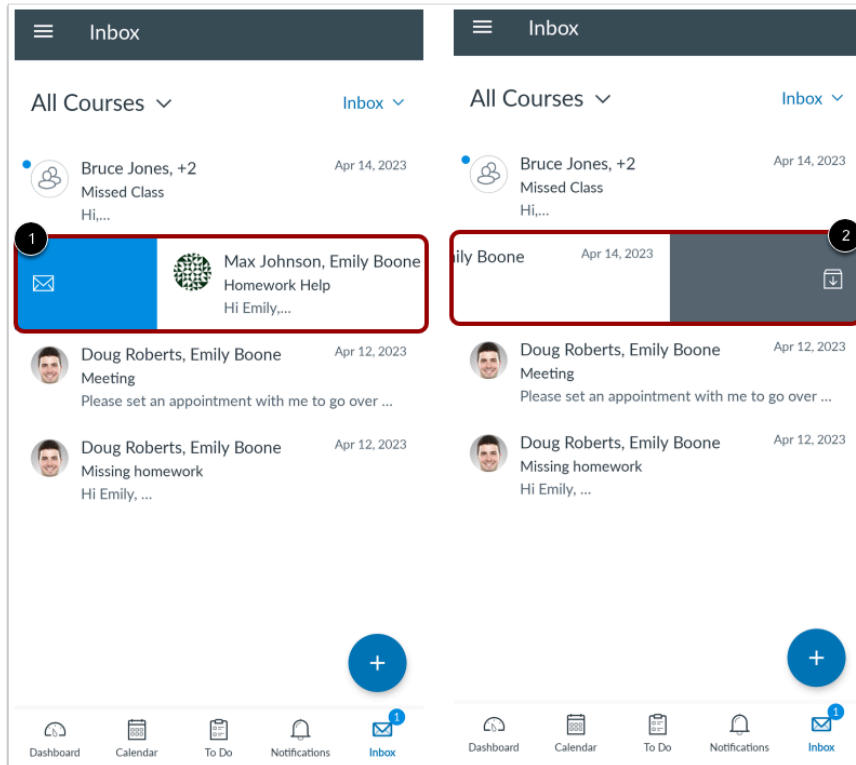

You can view different types of messages. To filter what displays in the inbox, tap the **Inbox Filter Arrow** icon [2].

The default view is the **Inbox** [1], which shows all types of messages. If you only want to view messages you haven't read yet, tap the **Unread** option [2]. To view messages you have starred, tap the **Starred** option [3]. To view all your sent messages, tap the **Sent** option [4]. To view messages you've archived, tap the **Archive** button [5].

Note: Some filters may not apply to any messages.

View Swipe Actions

Swipe right to mark a message as read or unread [1]. Swipe left to archive a message [2]

View Bulk Actions

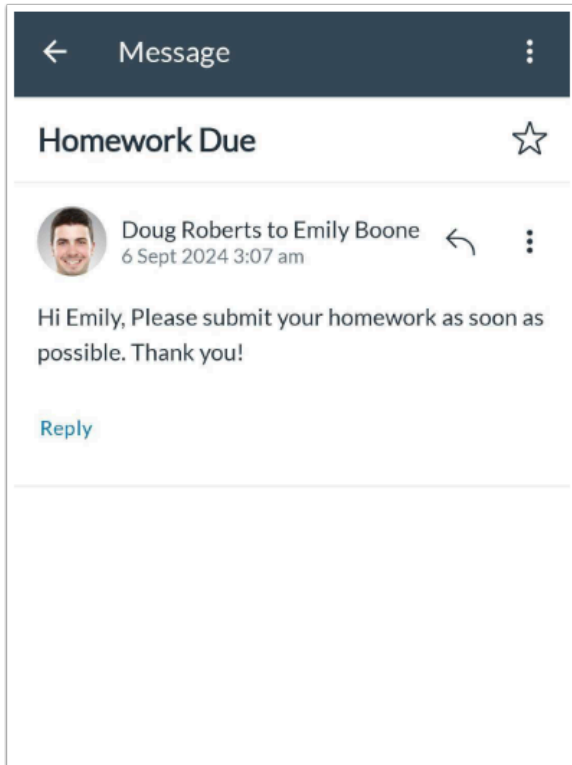

Tap and hold the user's profile icon to select multiple messages [1]. You can archive, mark as read or unread, star, or delete multiple messages [2].

Open Message

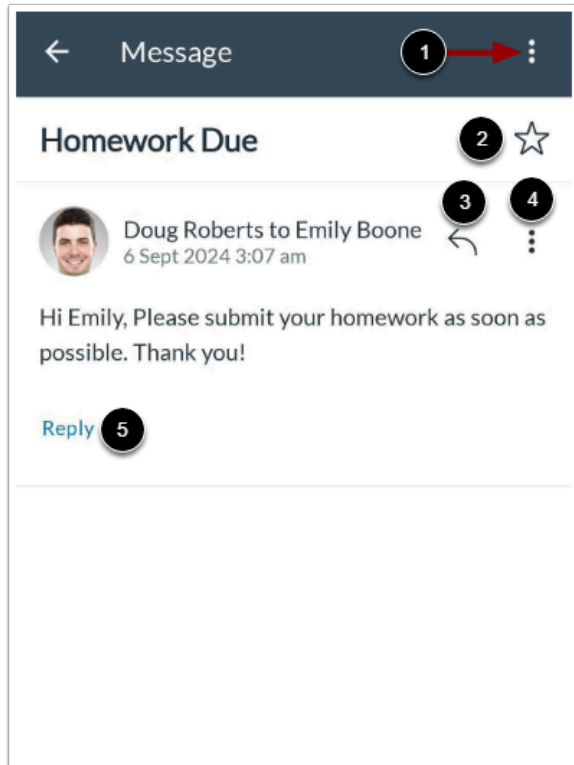

To view a message, tap the message you want to open.

View Message

View the selected message thread.

Manage Message

To reply, reply all, mark as unread, forward, archive, or delete the entire message thread, tap the message **Options** icon [1].

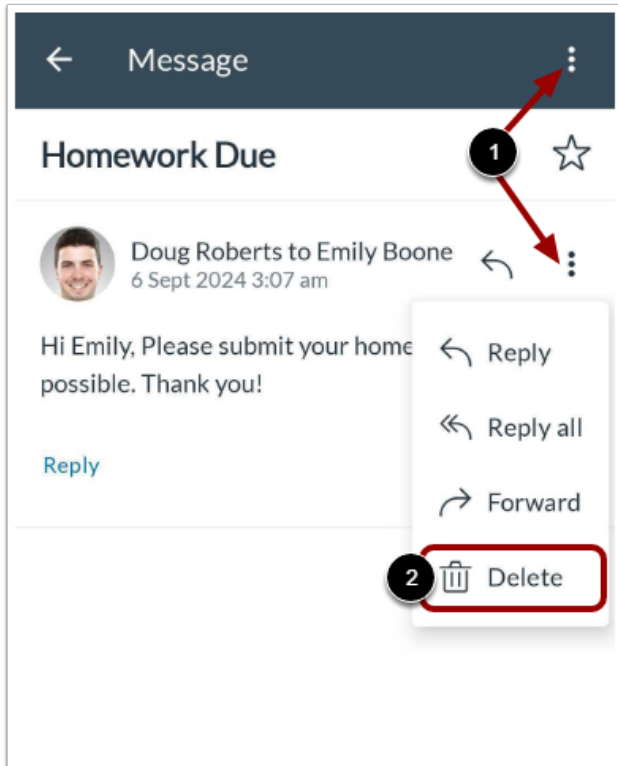

To star the message, tap the **Star** icon [2].

To forward a message, tap the **Forward** icon [3].

To reply, forward, or delete an individual message in the thread, locate the message and tap the **Options** icon [4].

To [reply to the message](#), tap the **Reply** link [5].

Delete Messages

To delete a message or message thread, tap the **Options** icon [1] and then tap the **Delete** link [2]. To delete multiple [messages](#) or [message threads](#), you need to use the web browser.

How do I send a message in the Student app on my Android device?

You can send messages to people in your courses using your Android device.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open Inbox

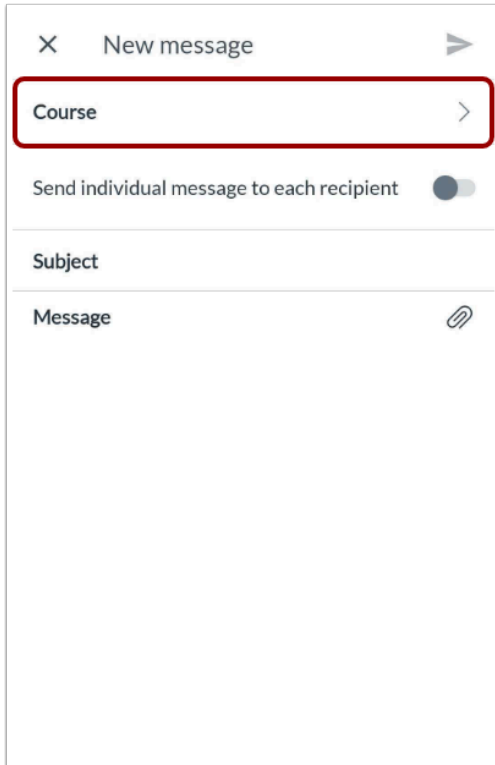

In the Navigation Bar, tap the **Inbox** icon.

Add Message

Tap the **Add** icon.

Select Course

✕ New message ➤

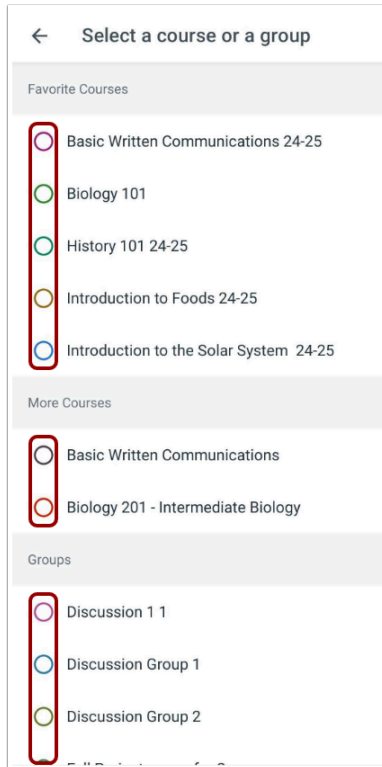

Course >

Send individual message to each recipient ☒

Subject

Search +

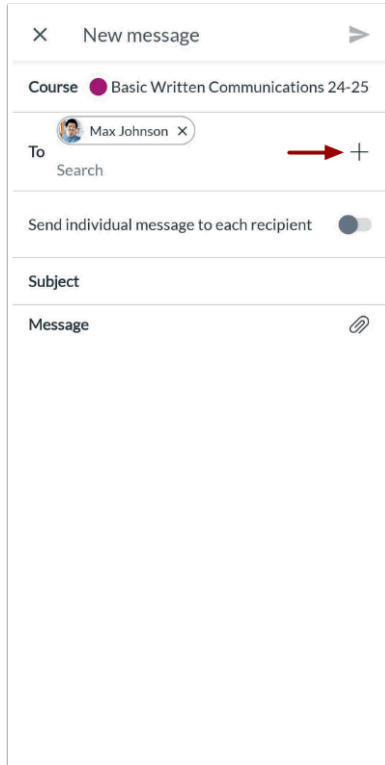

Send individual message to each recipient ☐

Subject

Message 

When the full name of the recipient appears, tap the name.

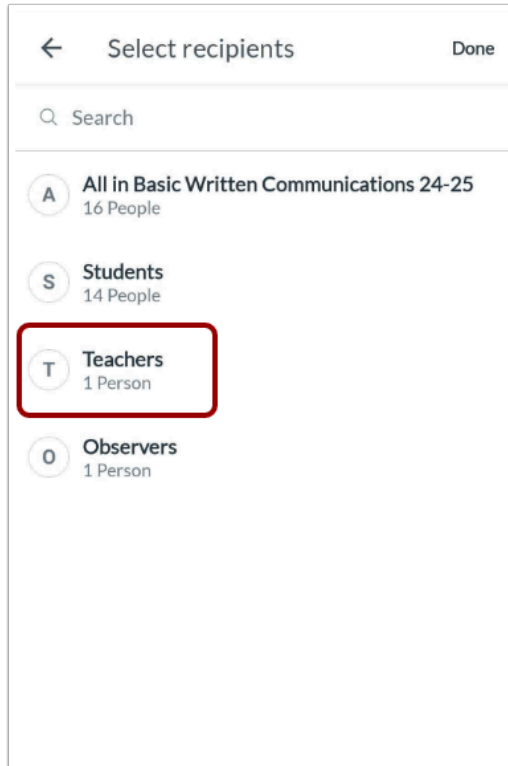

Search by Course Filter

The screenshot shows the 'New message' screen in the Canvas Student app. At the top, there is a header bar with a close icon (X) and the text 'New message'. Below this, the 'Course' is set to 'Basic Written Communications 24-25'. The 'To' field contains a search filter for 'Max Johnson' with a red arrow pointing to the right and a plus sign (+) to add more recipients. Below the 'To' field, there is a toggle switch for 'Send individual message to each recipient' which is currently turned off. The 'Subject' field is empty. The 'Message' field is also empty and has a paperclip icon for attachments.

To search by filter, tap the **Add** icon.

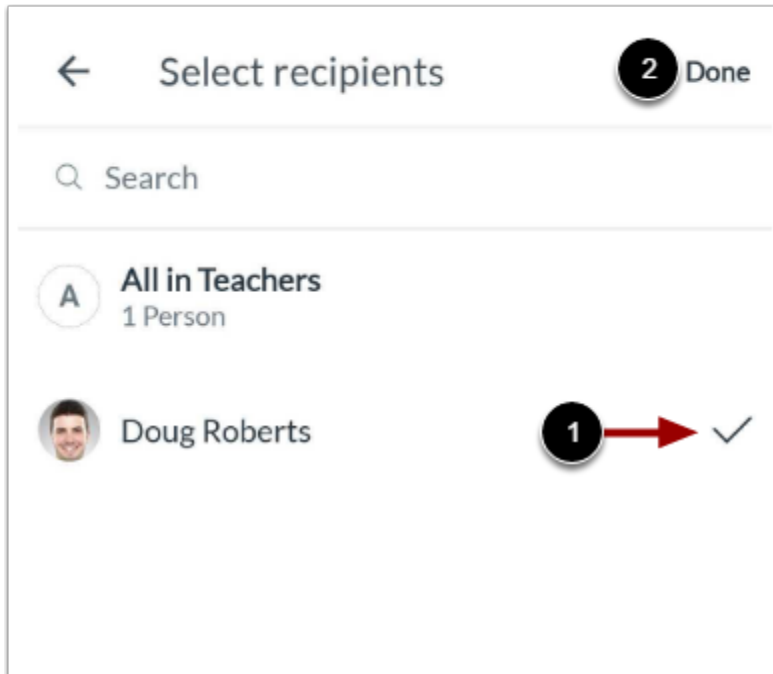

View User Roles

To search by course filter, select users by group.

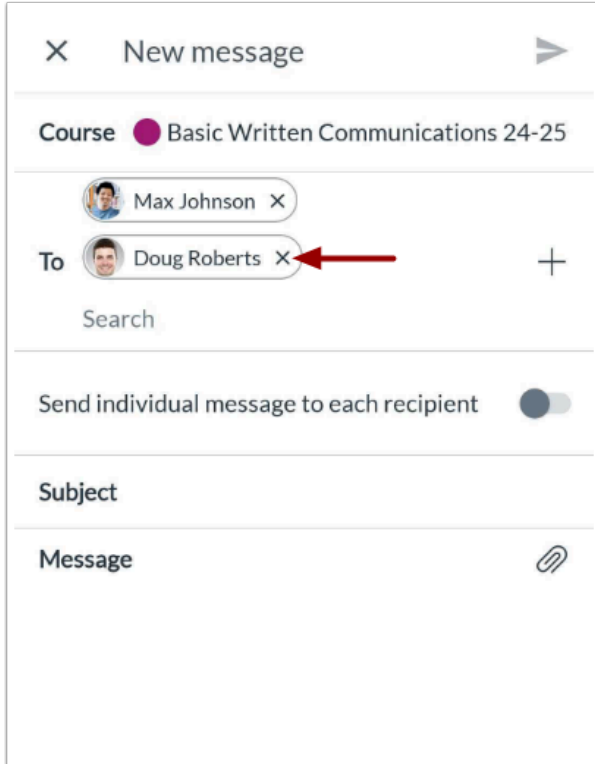

To select users in a group, tap the recipient's user group.

Choose Recipients

Tap the name(s) of the recipients [1]. A checkmark displays on the profile icon for each selected user. Then tap the **Done** link [2].

Remove Recipient

✕ New message ➤

To Doug Roberts ✕ +

Search

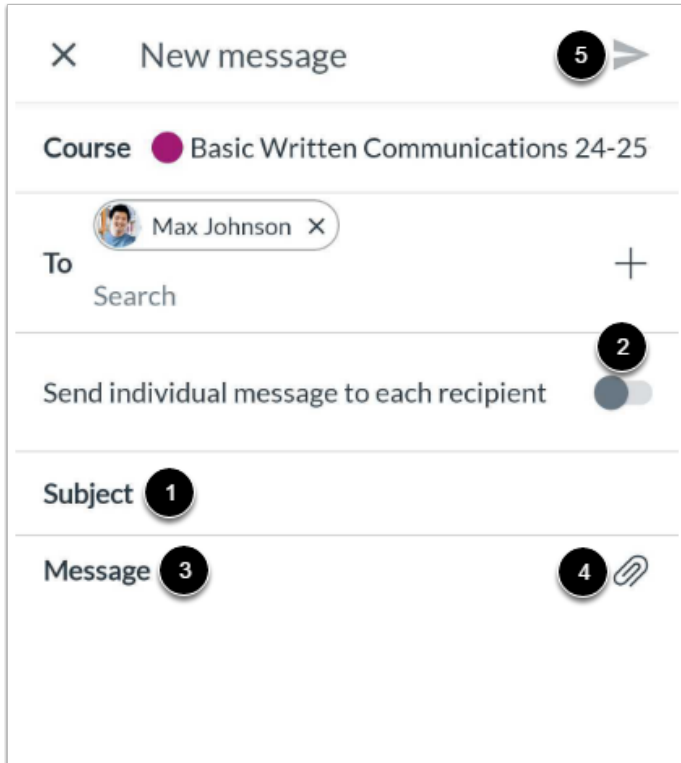

Send individual message to each recipient ☐

Subject

Message 

To remove a recipient, hold down the name of the recipient and tap the **Remove** icon.

Send Message

The screenshot shows the 'New message' screen in the Canvas Student app. At the top, there is a close button (X) and the title 'New message'. A 'Send' button with a right arrow and a circled '5' is in the top right. Below the title bar, the 'Course' is set to 'Basic Written Communications 24-25'. The 'To' field shows a contact 'Max Johnson' with a circled 'X' to remove them, and a '+' icon to add more. Below the 'To' field is a 'Search' label. A toggle switch for 'Send individual message to each recipient' is shown with a circled '2'. The 'Subject' field is labeled with a circled '1'. The 'Message' field is labeled with a circled '3' and has an attachment icon (paperclip) with a circled '4' next to it. The 'Send' button is circled '5'.

In the **Subject** field [1], enter a subject for your message.

If you want to send individual messages to each recipient, tap the **Send individual message to each recipient** toggle [2].

In the message field [3], type your message.

If you want to add an attachment to your message, tap the attachment icon [4].

When you are ready to send your message, tap the **Send** icon [5].

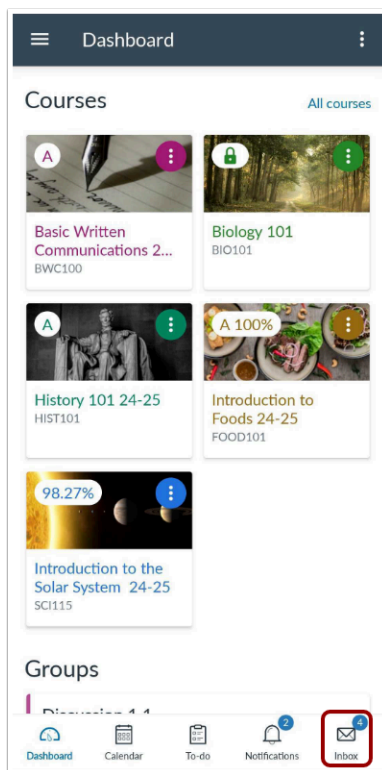

Note: New messages will not appear in the Inbox on the Canvas app until there is a reply to the message. However, if you have an existing Inbox message with a recipient, the message will appear as part of that message thread.

How do I reply to a message in the Inbox in the Student app on my Android device?

You can reply to messages in your Inbox on your device so you can keep in touch with your course at any time. After your reply is sent, it will display at the top of the message thread.

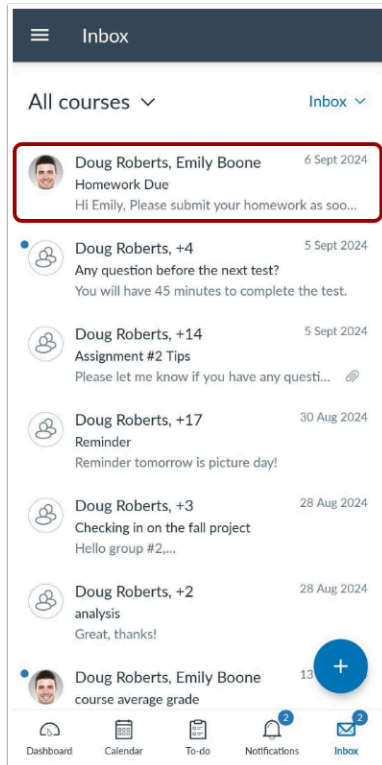

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open Inbox

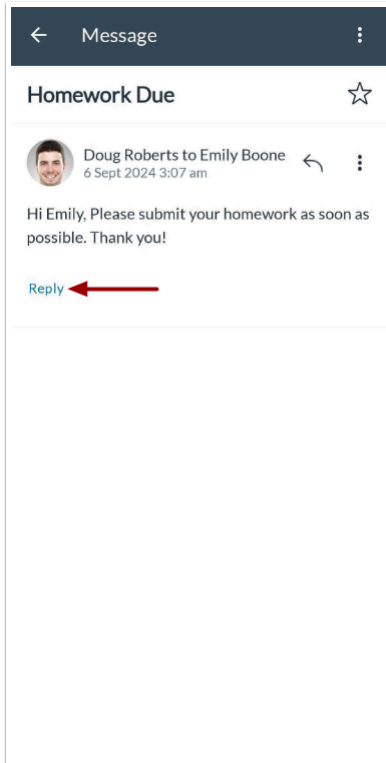

In the Navigation Bar, tap the **Inbox** icon.

Open Message

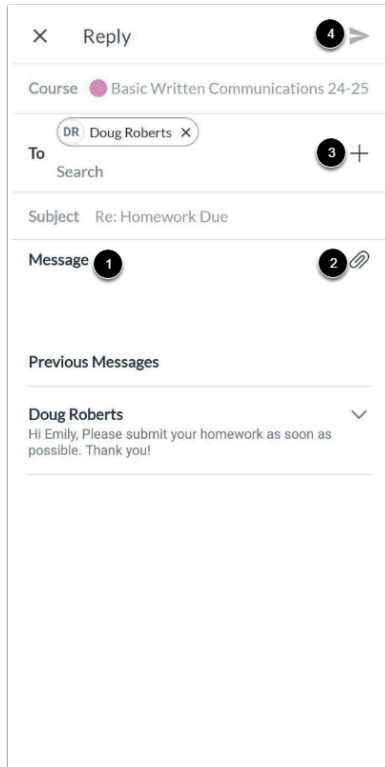

To view a message, tap the message you want to open.

Create Reply

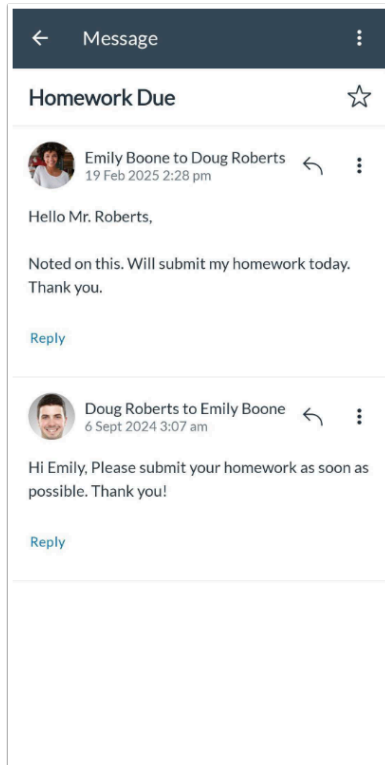

Tap the **Reply** link.

Type your message reply [1]. If you want to add an attachment to your message, tap the **Attachment** icon [2]. To add additional recipients to the message, tap the **Add** icon [3].

When you are ready to send your message, tap the **Send** icon [4].

View Reply

View your message reply in the message thread.

How do I view recipients in an existing group message in the Student app on my Android device?

If you send or receive a group conversations message, you can easily view all the recipients in the message.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open Inbox

In the Navigation Bar, tap the **Inbox** icon.

Open Group Message

Group messages include more than one recipient, as displayed in the recipient list. To open a group message, tap the message.

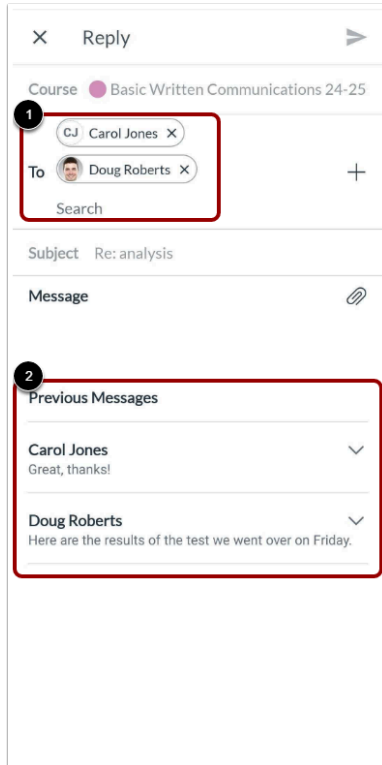

Open Group Recipients

The complete list of recipients appears at the bottom of the message thread [1]. If the recipient list is too long to display all names, the list will show the additional number of recipients.

To view the list of recipients, tap the **Options** icon for the message [2]. Then tap the **Reply** option [3].

View Group Recipients

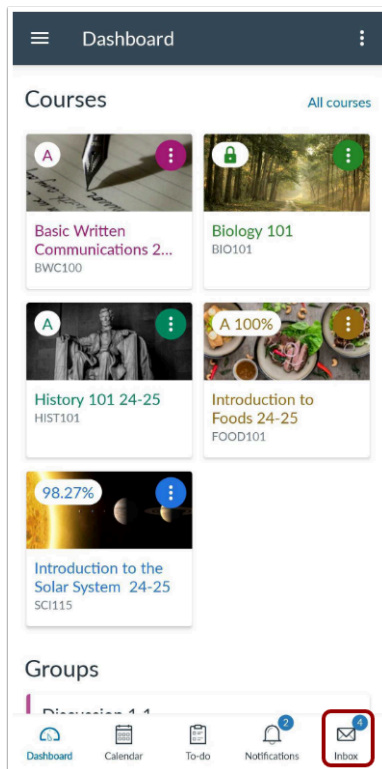

The message reply displays all recipients in your group message [1]. You can also view the **Previous Messages** in your group message [2].

How do I add an attachment to a message in the Student app on my Android device?

You can send attachments in conversations messages using the Canvas Student app.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open Inbox

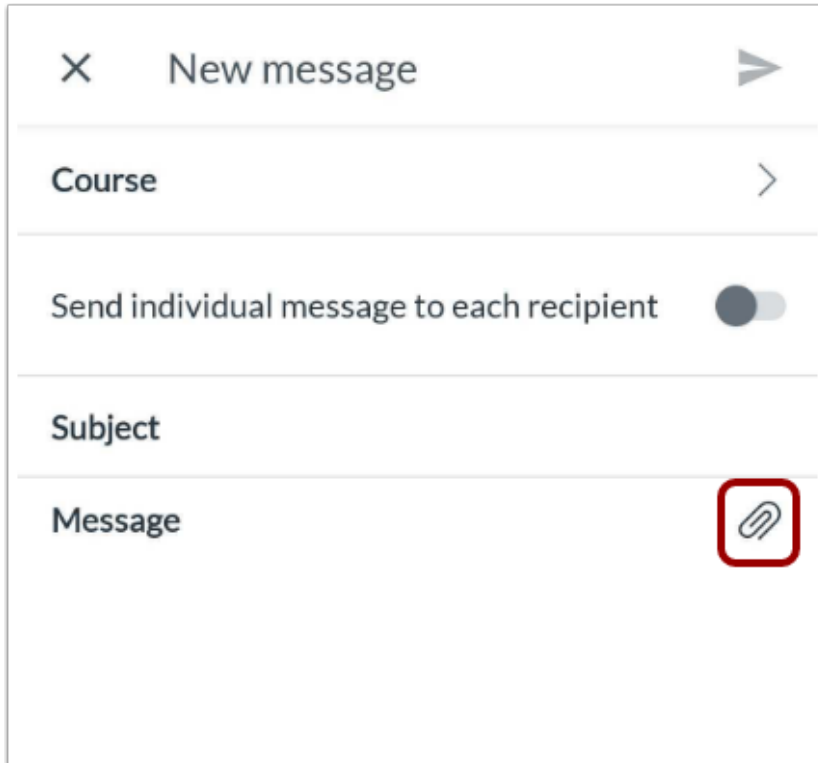

In the Navigation Bar, tap the **Inbox** icon.

Add Message

Tap the **Add** icon.

Open Attachments

✕ New message ➤

Course >

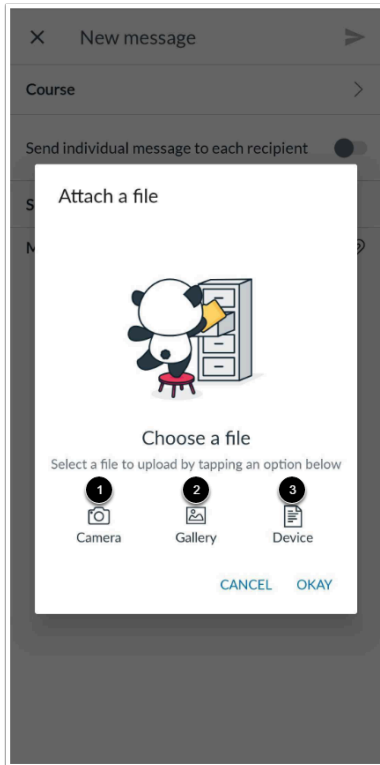

Send individual message to each recipient ☐

Subject

Message 

Tap the **Attachment** icon.

Select Attachment Type

To attach a new photo from your camera, tap the **Camera** icon [1]. To attach an existing photo on your Android device, tap the **Gallery** icon [2]. To attach a file from your device, tap the **Device** icon [3].

Note: To learn more about attaching a file from your device, view the [Canvas Media Comparison resource document](#).

Take Photo

Tap the **Camera** icon.

Use Photo

If you want to re-take the photo, tap the **Retake** icon [1]. Otherwise tap the **Checkmark** icon [2].

Choose from Gallery

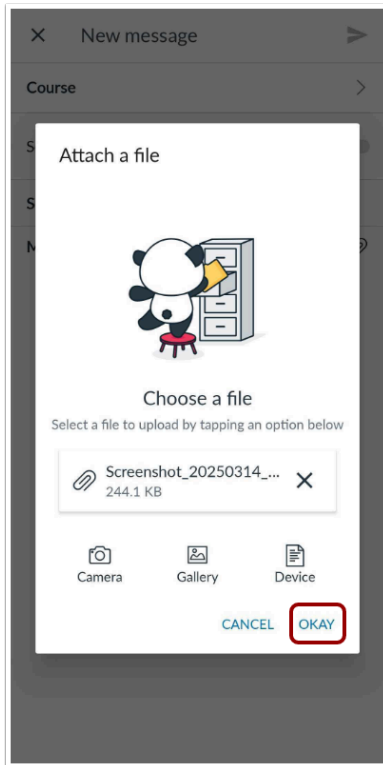

To select an existing photo, locate and select a photo from a photo gallery on your device.

Choose from Device

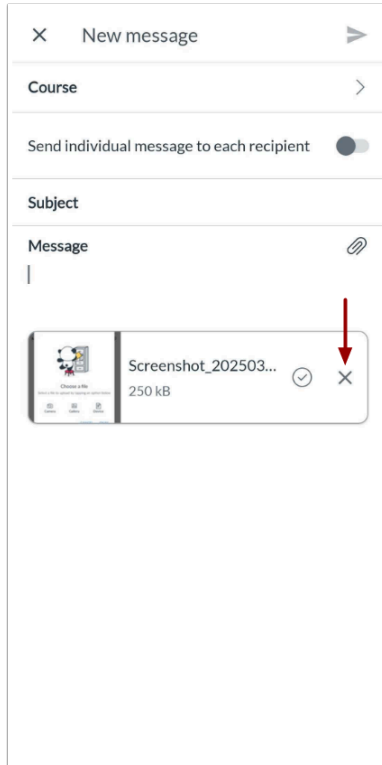

To select a file saved on your device, locate and select a file from your device.

Add Attachment

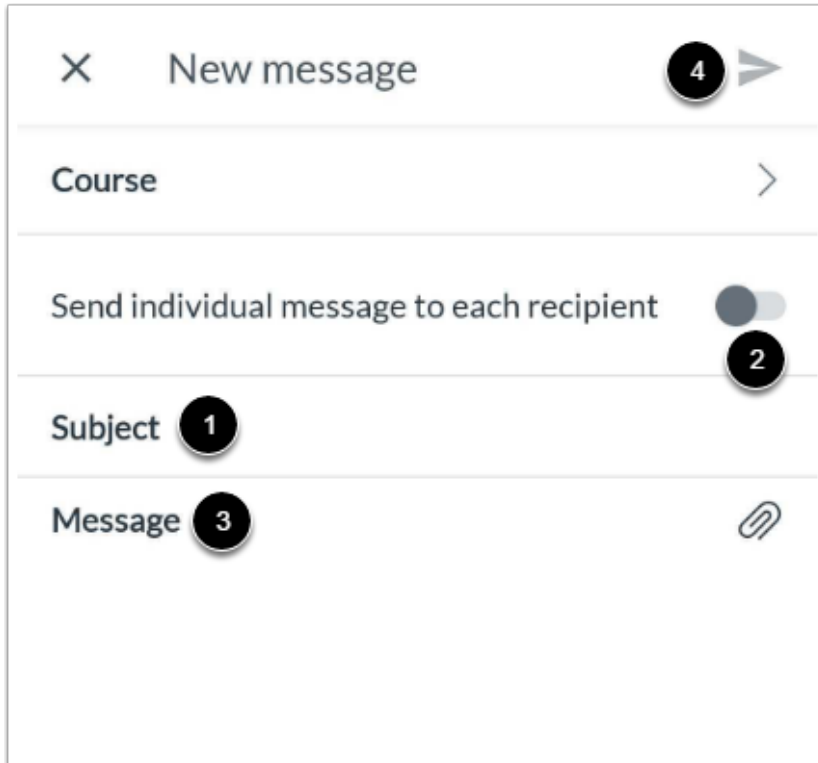

To add the attachment to the message, tap the **Okay** link.

View Attachment

Attachments display at the bottom of your message. If you want to delete an existing attachment, tap the **Delete** icon for that attachment.

Send Message

To [add a message recipient](#), first select a course [1]. In the **Subject** field, enter the message topic [2]. In the **Message** field [3], enter your message. When you are ready to send your message, tap the **Send** icon [4].

Note: New messages will not appear in the Inbox on the Canvas Student app until there is a reply to the message, but you can view the message in your Sent folder. However, if you have an existing Inbox message with a recipient, the message will appear as part of the Inbox message thread.

How do I view Notifications in the Student app on my Android device?

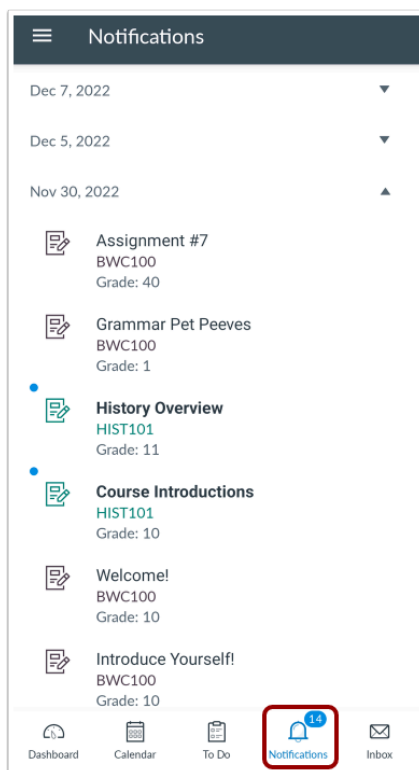

Canvas lets you view notification items in your Canvas courses. Notifications gives you an overview of all course notifications such as changes to an assignment due date, newly created assignment, course announcement, or a reply to a subscribed discussion. You can interact directly with any items that appear within notifications.

You can also [set Notification Preferences](#) in the app to receive push notifications for Canvas activity on your mobile phone.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

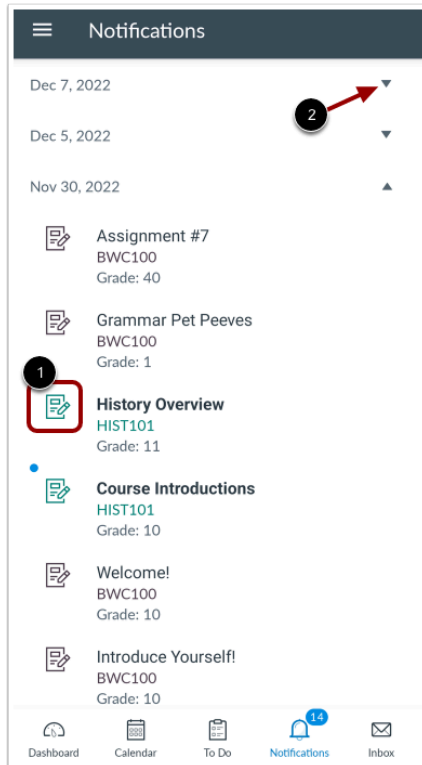

You can also view notifications by [adding a Canvas widget to your Android device](#).

Open Notifications

In the Navigation Bar, tap the **Notifications** icon.

View Notifications

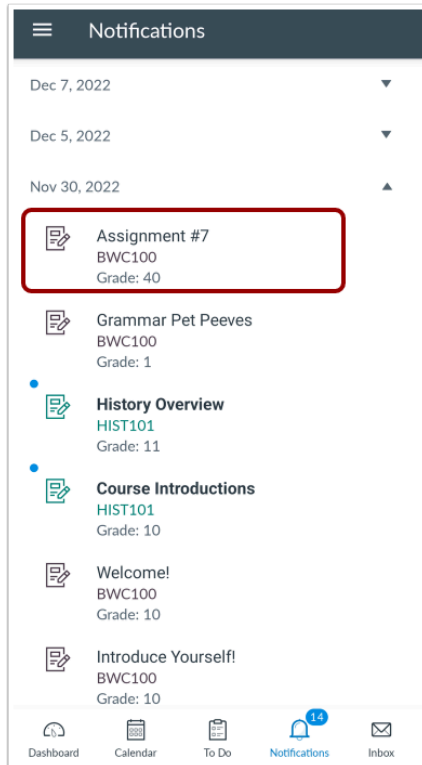

Notifications gives you an overview of all course notifications such as changes to an assignment due date, newly created assignments, course announcements, conference invitations, or a reply to a subscribed discussion.

Each item is color-coordinated according to course or group and displays an icon for its activity type [1].

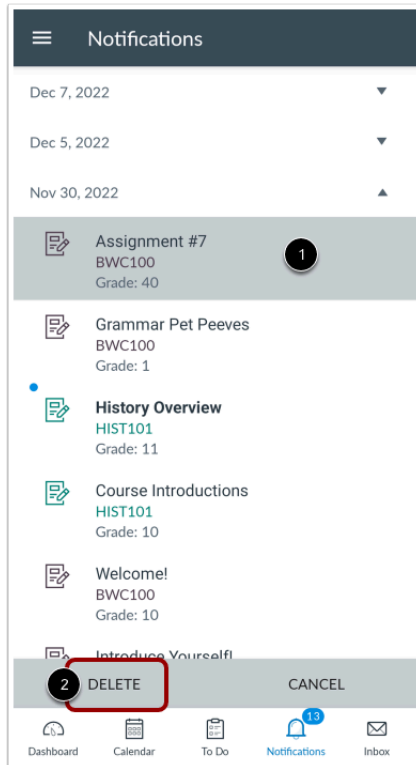

Items are organized by date. To collapse and expand to-do items for a specific date, tap the **Arrow** icon [2].

View Notification Item

To view a notification item, tap the name of the item. The app will redirect to the notification's corresponding page.

Delete Notification

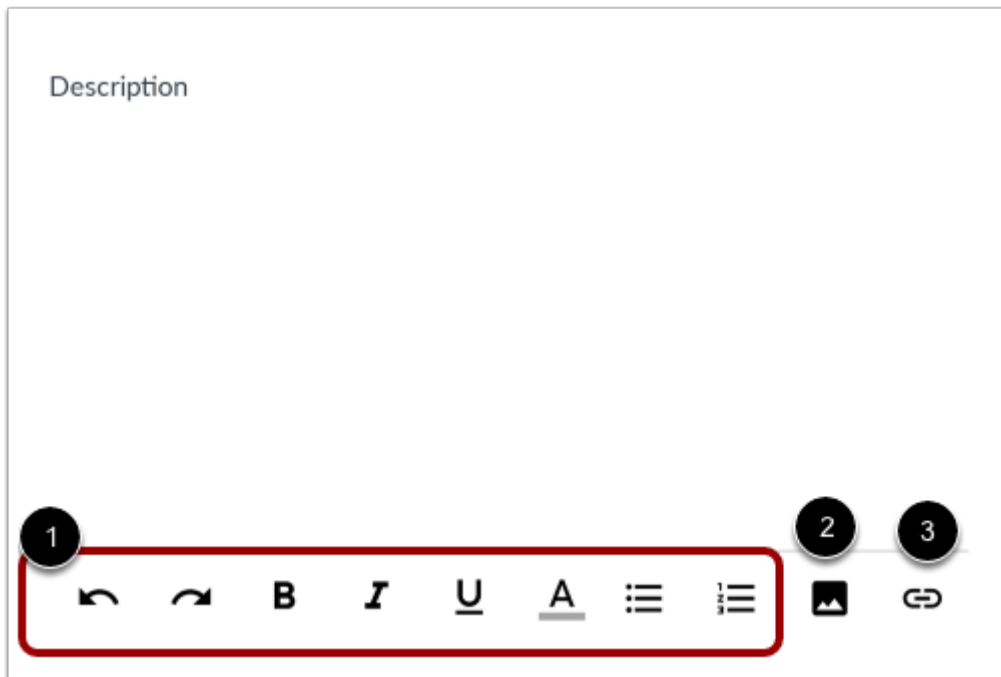

To remove a notification, tap and hold the notification [1]. Tap the **Delete** button [2].

How do I use the Rich Content Editor in the Student app on my Android device?

You can use the [Rich Content Editor](#) to edit and format text in the Student app. The Rich Content Editor is available in Assignments, Announcements, and Discussions.

View Rich Content Editor

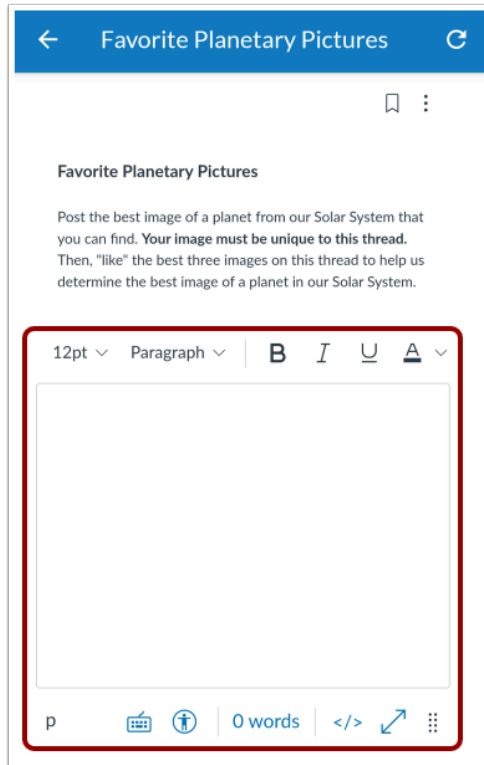

You can use the [Rich Content Editor](#) when editing posts and replies in Announcements.

The Rich Content Editor allows you to format text [1], attach images [2], or add links [3]. You may have to swipe your screen to the left or right to view all Rich Content Editor icons.

Note: Depending on the feature, you may be able to record or upload media files by using the Media Upload assignment option.

View Rich Content Editor in Discussions

You can use the [Rich Content Editor](#) when editing posts and replies in Discussions.

The Rich Content Editor allows you to format text, attach images, or add links. You may have to swipe your screen to the left or right to view all Rich Content Editor icons.

Format Text

To undo your last action, tap the **Undo** icon [1]. To redo what was previously undone, tap the **Redo** icon [2].

To bold text, tap the **Bold** icon [3]. To italicize text, tap the **Italics** icon [4]. To underline text, tap the **Underline** icon [5].

To stop using bold, italics, or underline formatting, tap the Bold, Italics, or Underline icon again.

Change Text Color

To change the text color, tap the **Color** icon [1]. Then tap the color you want to use [2].

Create List

To format text as a bulleted list, tap the **Bulleted List** icon [1]. To format text as a numbered list, tap the **Numbered List** icon [2].

Insert Image

To insert an image, tap the **Image** icon.

Learn about [supported image file types](#).

Select Image Option

To take a photo from your camera, tap the **Take Photo** link [1].

To select an image from your device, tap the **Choose Photo From Gallery** link [2].

Add Link

To add a link, tap the **Link** icon.

Link to Website URL

Enter the link title in the **Text** field [1] and the link URL in the **Link** field [2]. Then tap the **Done** link [3].

How do I view the To-Do List in the Student app on my Android device?

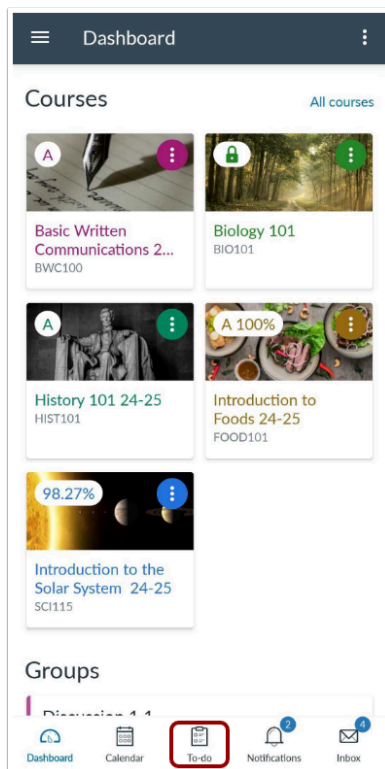

The To-Do List displays course to-do items to help you easily manage tasks across all of your courses.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

You can also view the To-Do List by [adding a Canvas widget to your Android device](#).

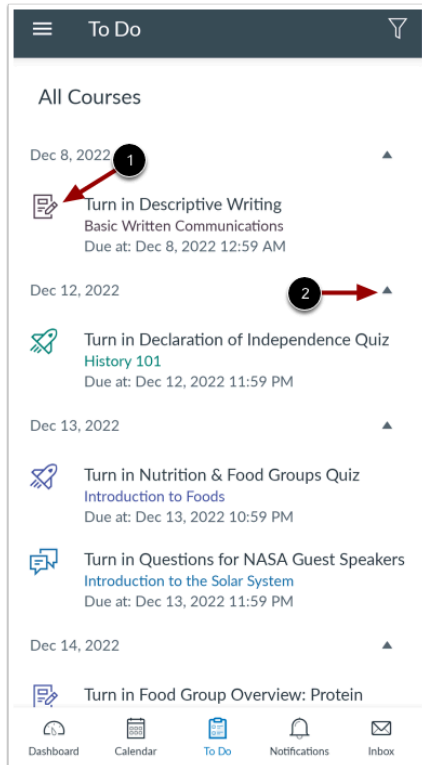

Note: You can [add personal to-do items in the app](#). However, to-do items created in the app only display in the Calendar.

Open To-Do List

In the Navigation Bar, tap the **To Do** icon.

View To-Do List

The To-Do List gives you a quick view of upcoming graded assignments, quizzes, and discussions that you have not yet completed. Each item is color-coordinated according to course and displays an icon [1] for its activity type: discussion, quiz, or assignment.

To-do items are organized by due date. To collapse and expand to-do items for a specific date, tap the **Arrow** icon [2].

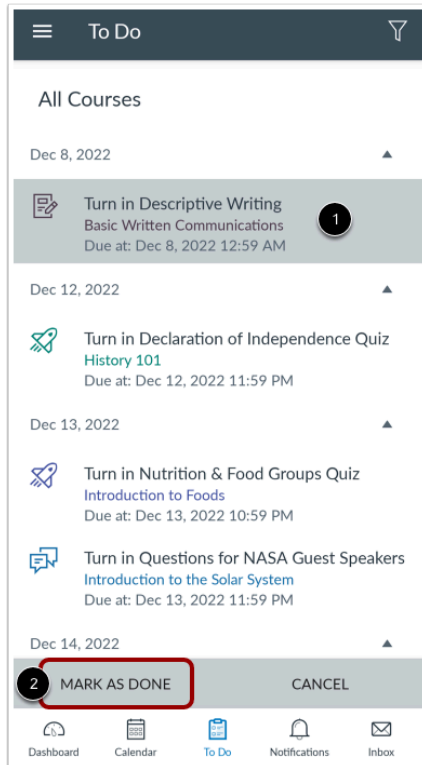

Note: Users who are using the student app with an instructor role will see To Do notifications about grading assignments.

View To-Do List Item

To view a to-do item, tap the name of the item. The app will redirect to the item's corresponding page.

Mark Item as Done

To mark a to-do items as done, tap and hold the item [1]. Tap the **Mark as Done** button [2].

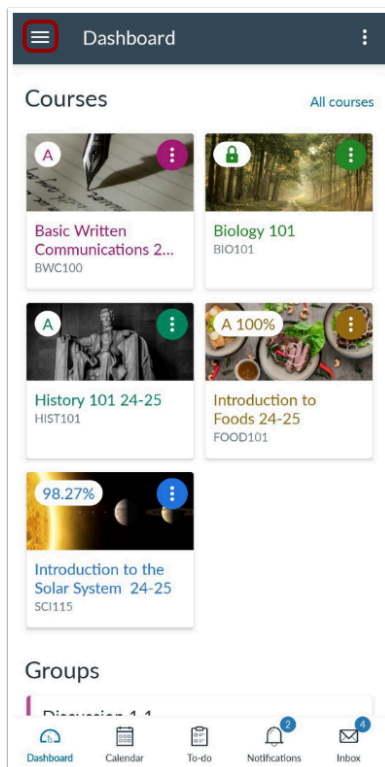

How do I view my User Files in the Student app on my Android device?

You can view personal files that you've added to your account on the Canvas Student app.

Learn how to [manage your personal files](#).

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open User Menu

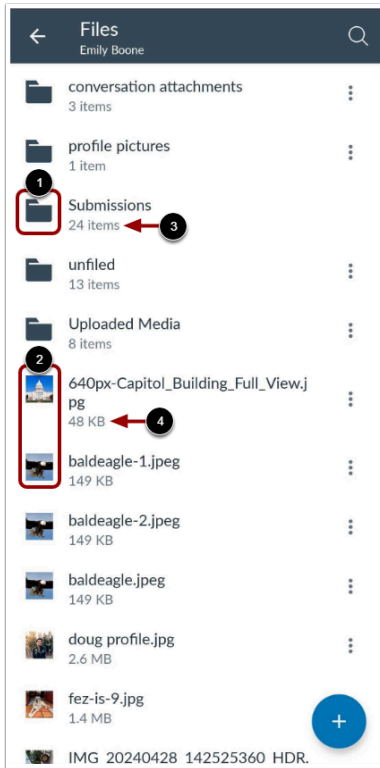

In the Dashboard, tap the **User Menu** icon.

Open Files

Tap the **Files** link.

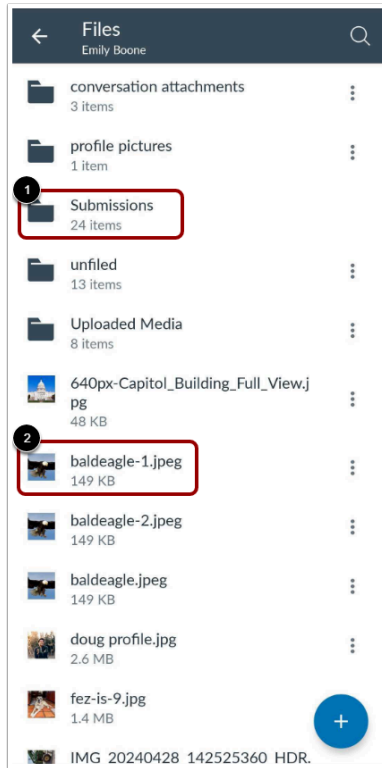

View User Files

User Files displays file folders [1] and file items [2].

File folders show how many file items are within a folder [3]. Individual files show the size of the file [4].

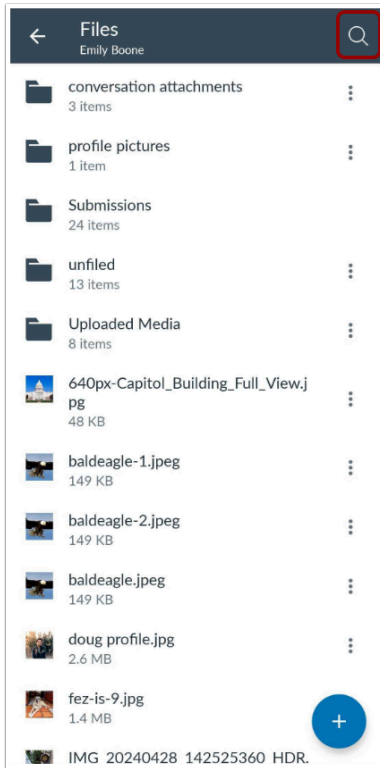

View Files and Folders

To view files within a folder, tap the name of the folder [1].

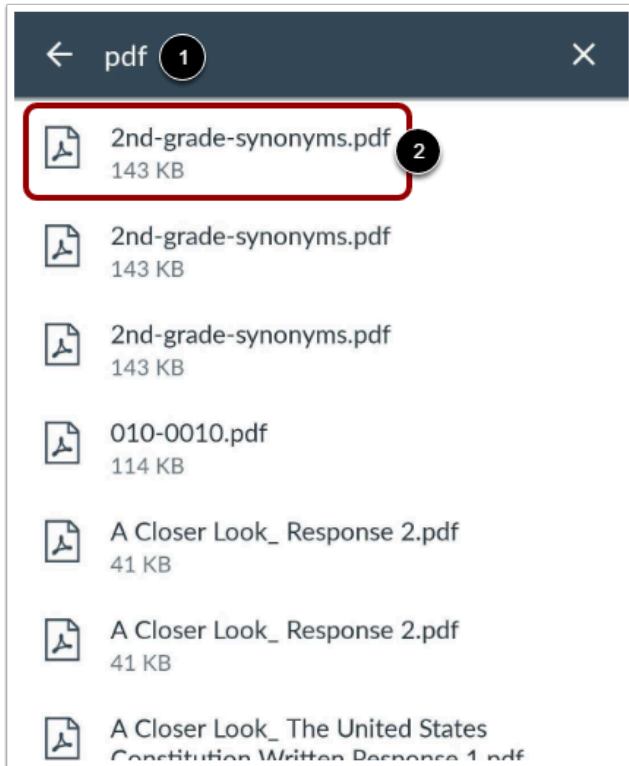

To view a specific file, tap the name of the file [2]. If your device has an application installed that can display the file, you can view the file in the app.

Search Files

To open the search field, tap the **Search** icon.

Open File

To search for a file, type the file name in the search field [1]. To open the file, tap the name of the file [2].

Notes:

- You must type three or more characters for search results to display.
- Search results will not include file folders.

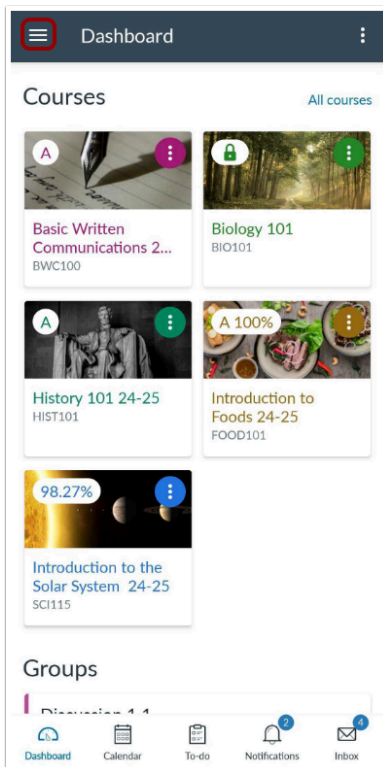

How do I manage my User Files in the Student app on my Android device?

You can manage all the personal files in your Canvas account in the Canvas Student app.

If you want an uploaded file to appear in a specific folder, open the folder before uploading the file. File items that are uploaded in the Root User Folder will be placed in the unfiled folder.

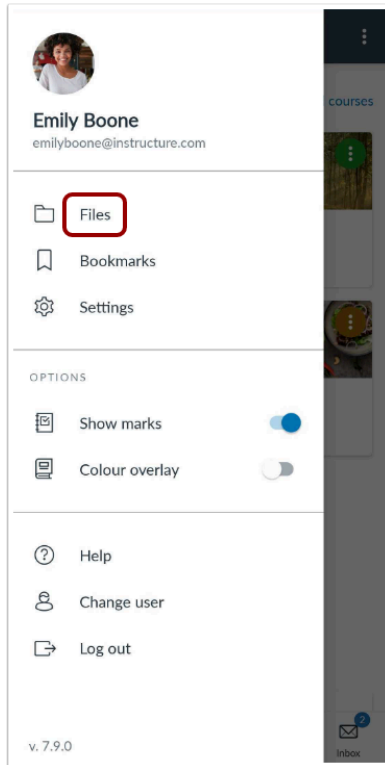

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open User Menu

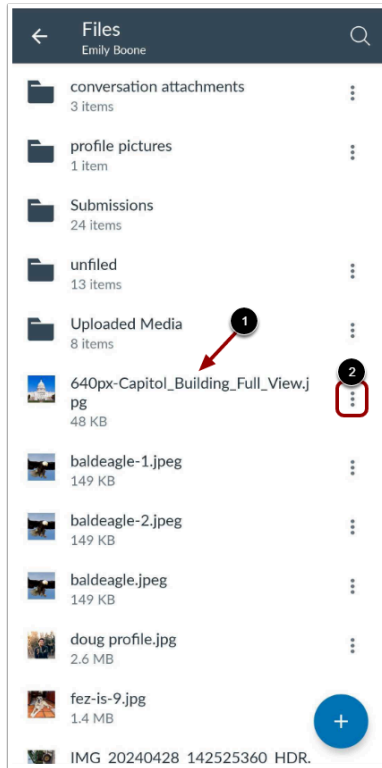

In the Dashboard, tap the **User Menu** icon.

Open Files

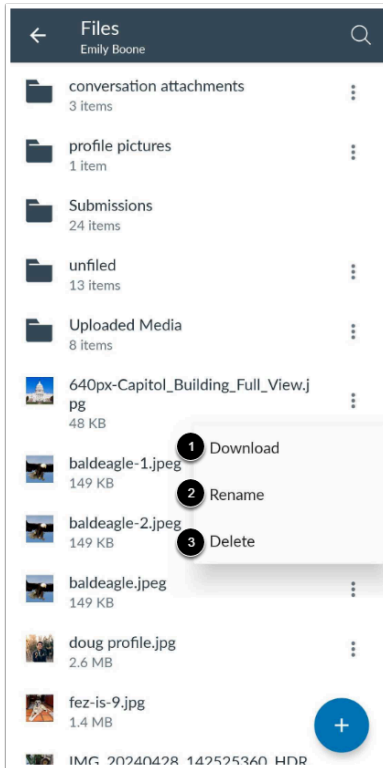

Tap the **Files** link.

Manage My Files

To open a file, tap the name of the file [1]. To manage a file, tap the **Options** icon [2].

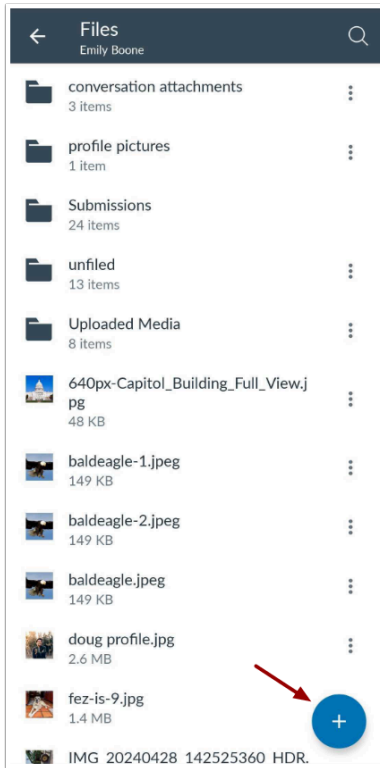

View File Options

To download the file, tap the **Download** option [1]. To rename the file, tap the **Rename** option [2]. To delete the file, tap the **Delete** option [3].

Note: You cannot create new folders, move files from one folder to another, or download files in the Canvas Student app.

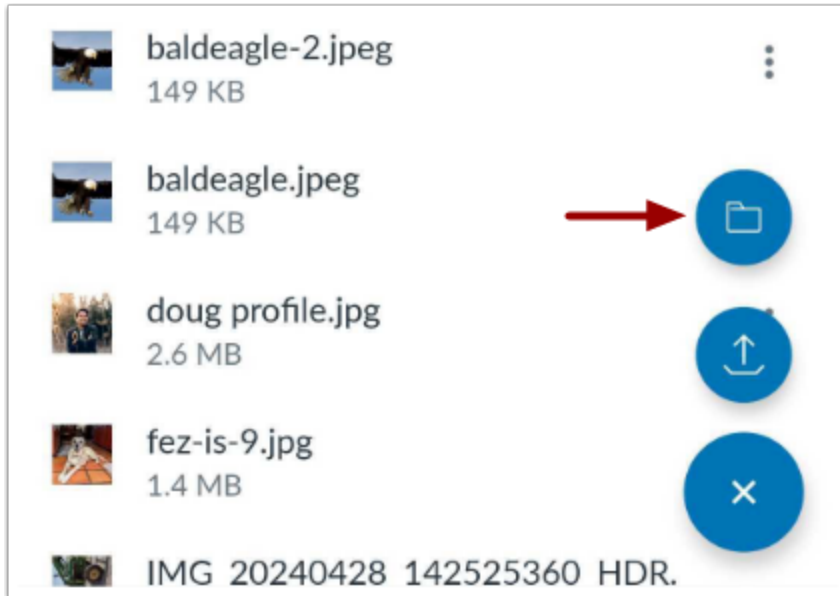

Add New Item

To upload a new file or folder, tap the **Add** button.

Note: If you want an uploaded file to appear in a specific folder, open the folder before uploading the file. File items that are uploaded in the Root User Folder will be placed in the unfiled folder.

Add Folder

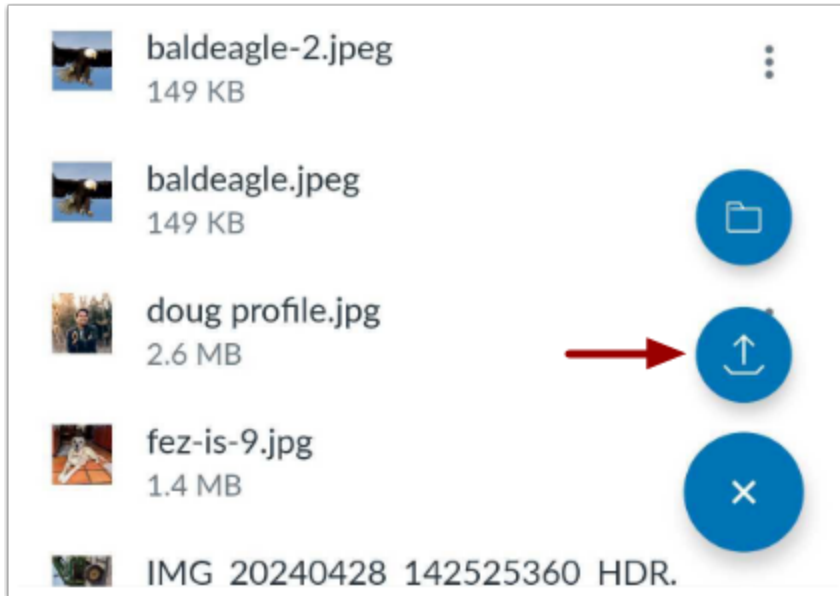

To add a new folder, tap the **Folder** button.

Name Folder

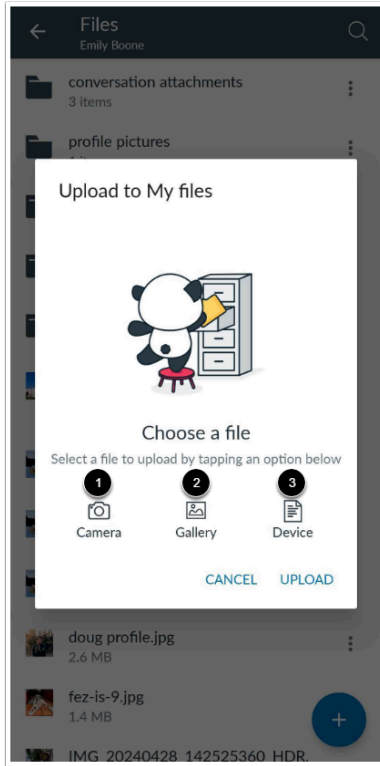

Enter the name of your folder [1], then tap the **OK** link [2].

Add File

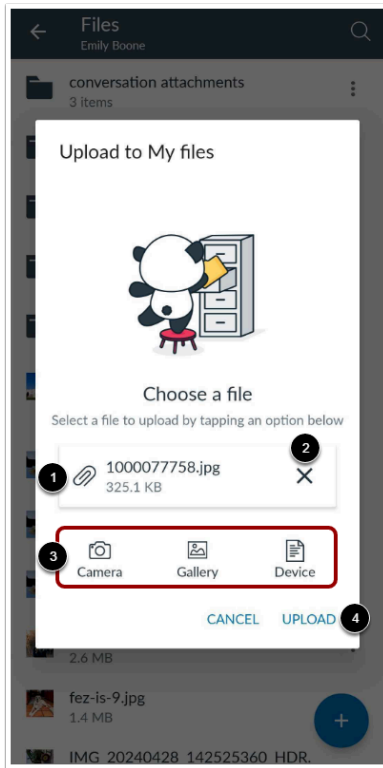

To add a new file, tap the **Upload** button.

Select File Location

Select the location of your file. You can take a new photo from your camera [1], find a file in your photo gallery [2], or search your device for a file [3].

Upload File

Once your file has been selected, it will display in the Attachments window [1]. To remove the file, tap the **Remove** icon [2]. To add another file, tap the destination for the file [3].

To upload your file, tap the **Upload** button [4].

How do I add a Canvas widget for the Student App to my Android device?

The Canvas Student app comes with several widgets for quick access to grades, notifications, to-do items, and bookmarks. The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Notes:

- Depending on your Android device, the steps to install a widget may vary from what is pictured below. If you have questions, please refer to your device instructions about how to install a widget.
- Widgets are not available for the Canvas Teacher or Canvas Parent apps.

Tap and Hold Screen

Tap and hold the home screen.

Open Widgets

Tap the **Widgets** icon.

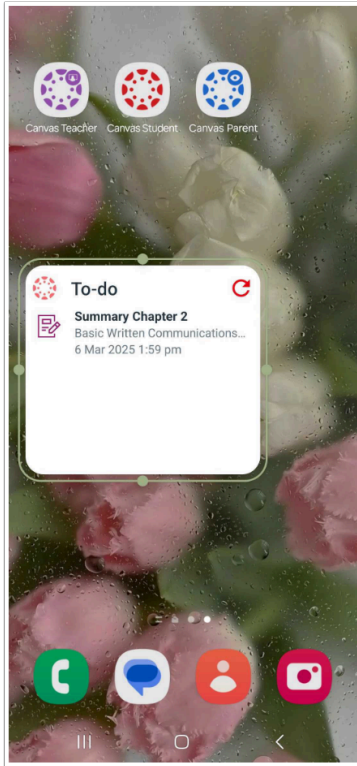

Find Canvas Widgets

Find the Canvas Student widgets [1]. The following widgets are available:

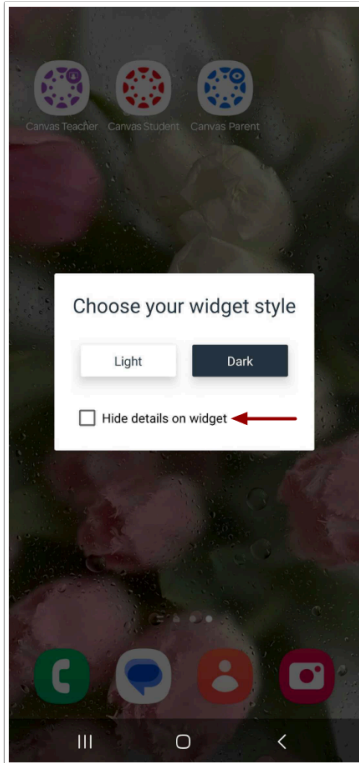

- Marks [2]: displays the overall grade for a student's favorite courses.
- Notifications [3]: displays the [notifications listed on the Notifications page](#).
- To Do List [4]: displays [To Do list items](#) from [your favorite courses](#).

Place Widget

Tap and hold the widget, then select a screen to place it on.

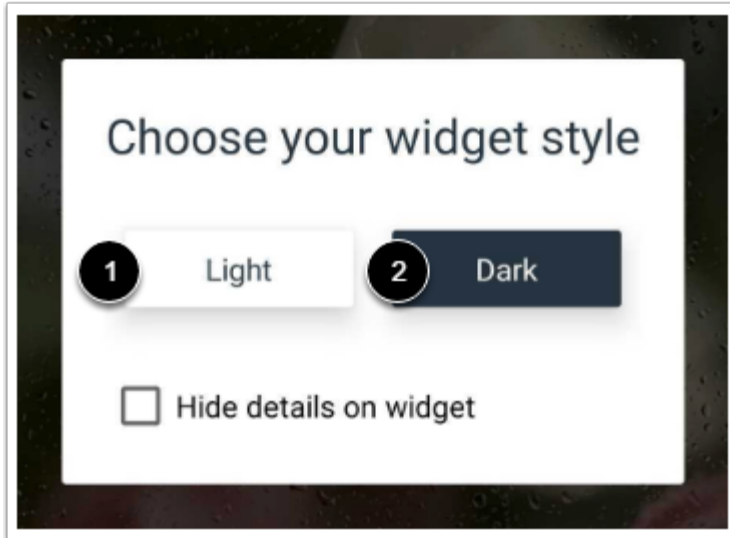

Choose Widget Style

If you want to hide the details in the widget, tap the **Hide details on widget** checkbox.

Note: The Hide details on widget option is not available for the bookmark widget.

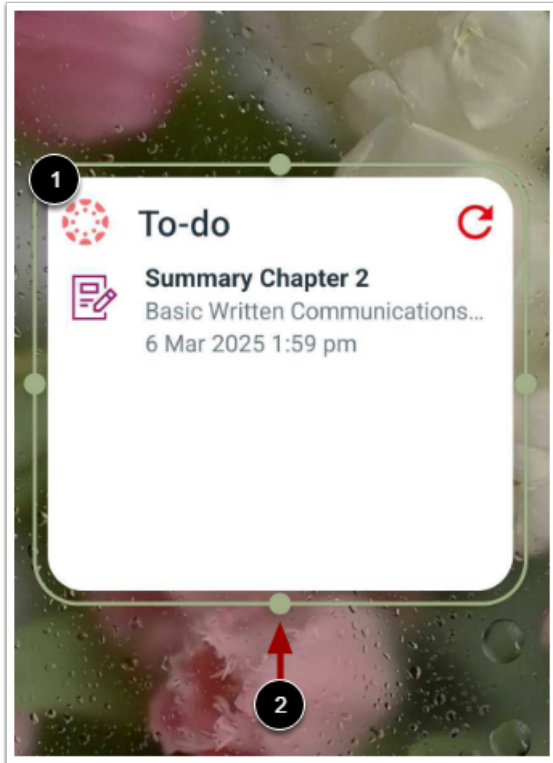

Select Style

Tap your preferred widget style: light [1] or dark [2]. The light widget style will style the widget has dark text over a light background. The dark widget style will style the widget as light text over a dark background.

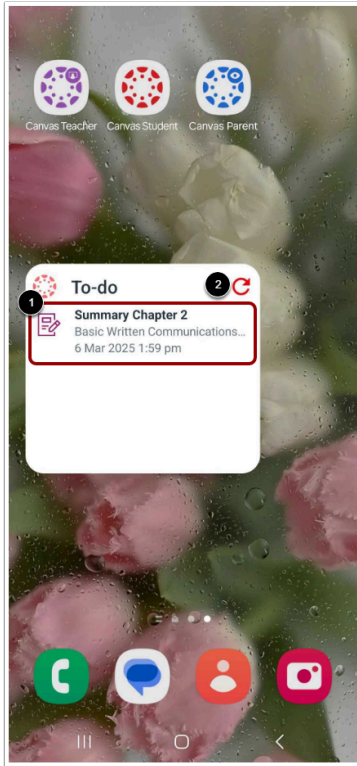

Note: Widget styles are not available for the bookmark widget.

Resize Widget

To move the widget, tap and hold on the widget [1]. To resize the widget, tap and drag the resize icons [2].

View the Widget

View your Canvas widget. To view a widget item directly in the app, tap the item [1].

To refresh the widget information, tap the **Refresh** icon [2].

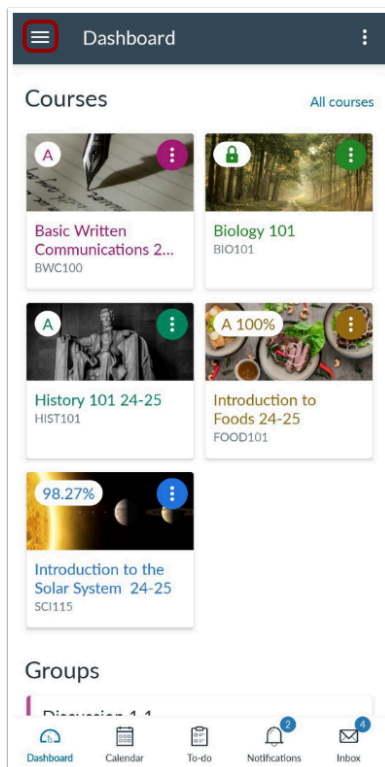

How do I view Bookmarks in the Student app on my Android device?

You can view all [contents that you've bookmarked](#) in the Canvas Student app.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

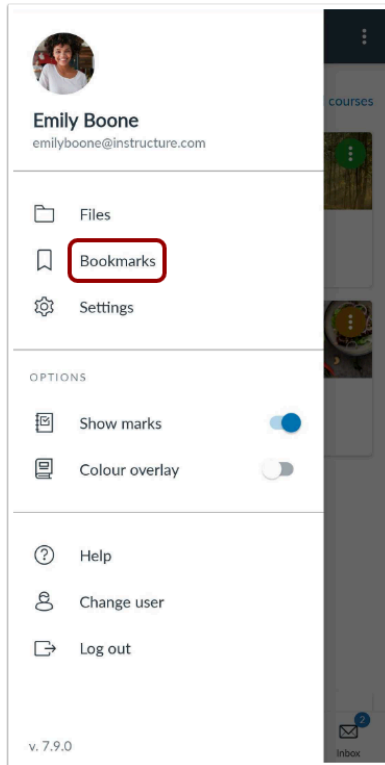

You can also view bookmarks by [adding a Canvas widget to your Android device](#).

Open User Menu

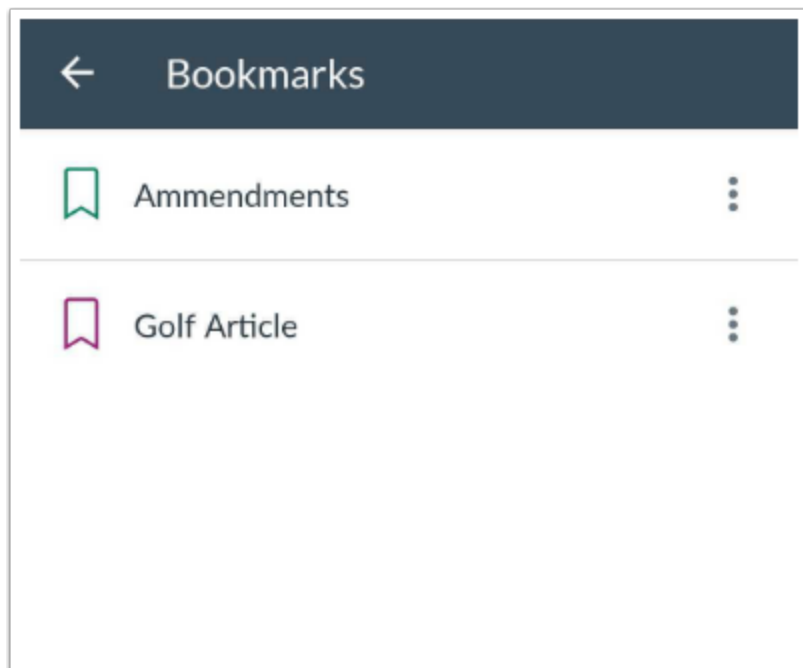

In the Dashboard, tap the **User Menu** icon.

Open Bookmarks

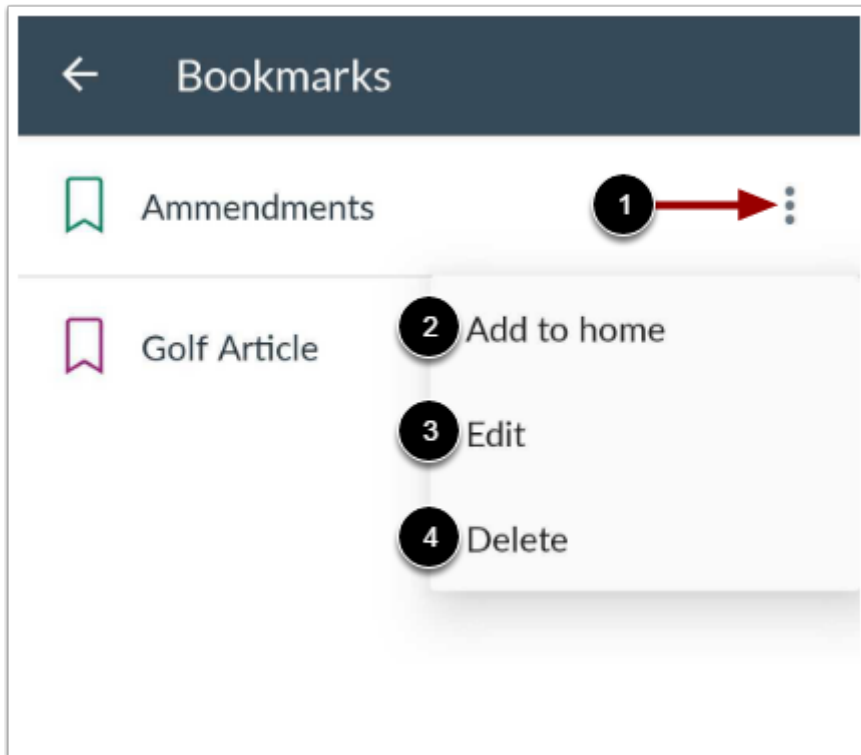

Tap the **Bookmarks** link.

View Bookmarks

View your bookmarks in the app.

Manage Bookmarks

To manage your bookmarks, tap the **Options** icon [1].

If supported by your device, you can add a bookmark to the Home page of your device by tapping the **Add to home** link [2].

To edit the name of your bookmark, tap the **Edit** link [3].

To delete the bookmark, tap the **Delete** link [4].

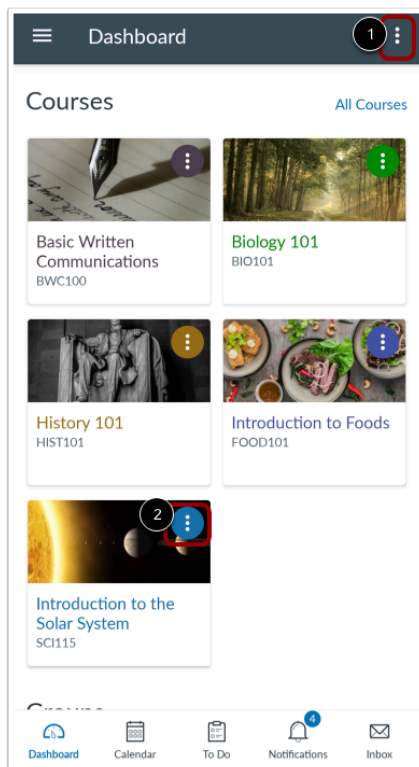

How do I view course content offline in the Student app on my Android device?

When enabled, you can download and sync course content to view as read-only when offline.

Notes:

- You can only download and sync course content when you have an internet connection.
- You can change the [course content synchronization settings](#).

Open Options

To manage offline course content for multiple courses, click the Dashboard's **Options** icon [1].

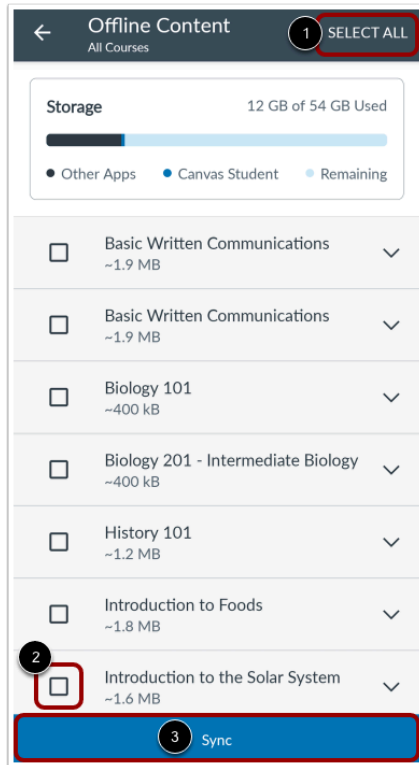

You can also manage offline content for an individual course by clicking the course's **Options** icon [2].

Manage Offline Content

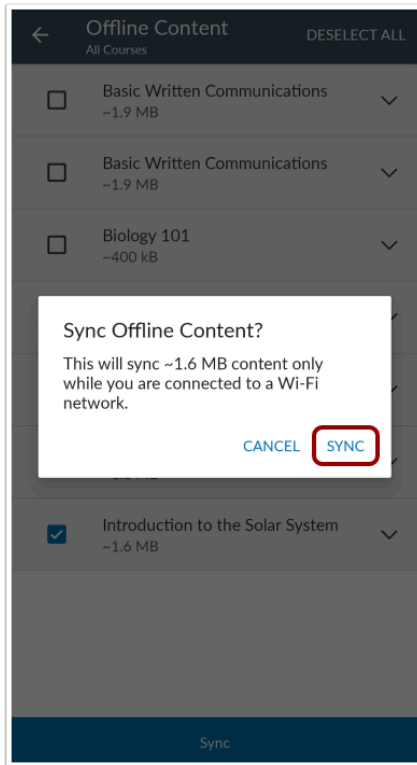

Tap the **Manage Offline Content** link.

Select Content

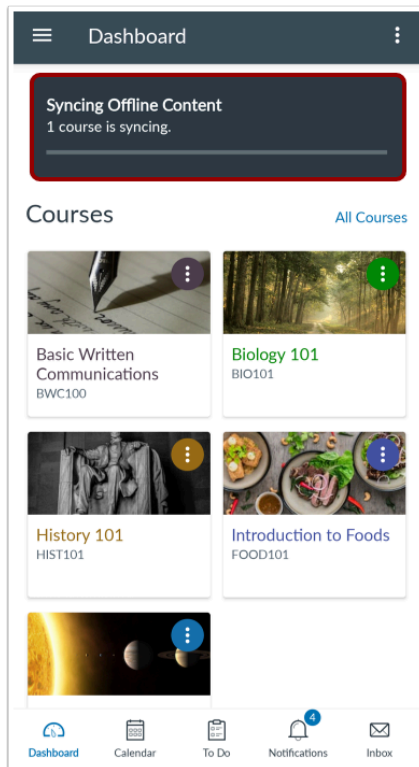

To make all courses available to view offline, you can tap the **Select All** link [1]. To select an individual course, tap the radio button next to the name of the course [2]. Then, tap the **Sync** button [3].

Confirm Sync

A confirmation message displays with the approximate storage needed to sync content. Then, tap the **Sync** button.

View Syncing Progress

In the Dashboard, a progress bar displays during the sync process.

View Synced Course

When offline, only downloaded and synced courses are available for viewing.

How do I use my Homeroom using the Student app on my Android device in Canvas for Elementary?

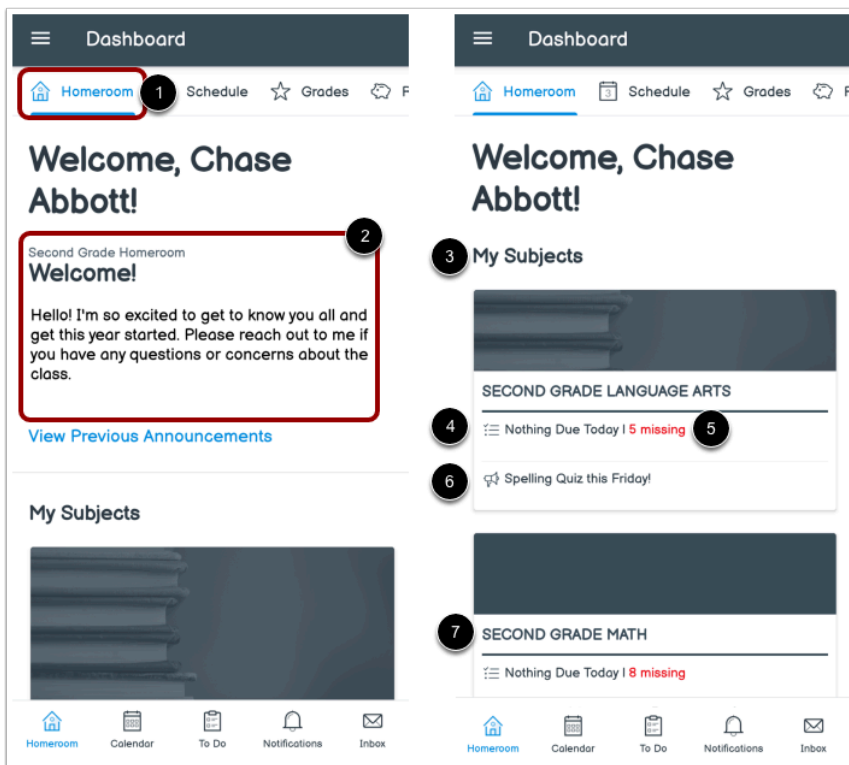

If you have an active enrollment in a Canvas for Elementary course, the Homeroom is the first thing you see when you log in to the Canvas Student app. The Homeroom helps you see what is happening in all your current courses.

You can return to your Homeroom at any time by tapping the Homeroom icon.

Notes:

- If you do not have an active enrollment in a Canvas for Elementary course, the [classic Dashboard](#) displays.
- If your course has a banner image and you are using a tablet, you will be able to view the banner image.
- Additional Canvas for Elementary Dashboard tabs will be added in future releases.

View Homeroom

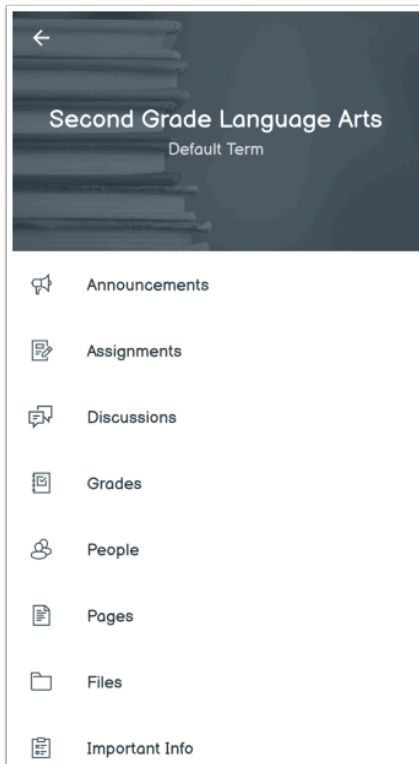

The Homeroom is your landing page in the Canvas Student app.

In the **Homeroom** tab [1], you can view new and previous homeroom announcements, if added by your teacher [2].

You can also view your subjects [3] and subject details such as assignments that are due today [4], missing assignments [5], or subject announcements [6].

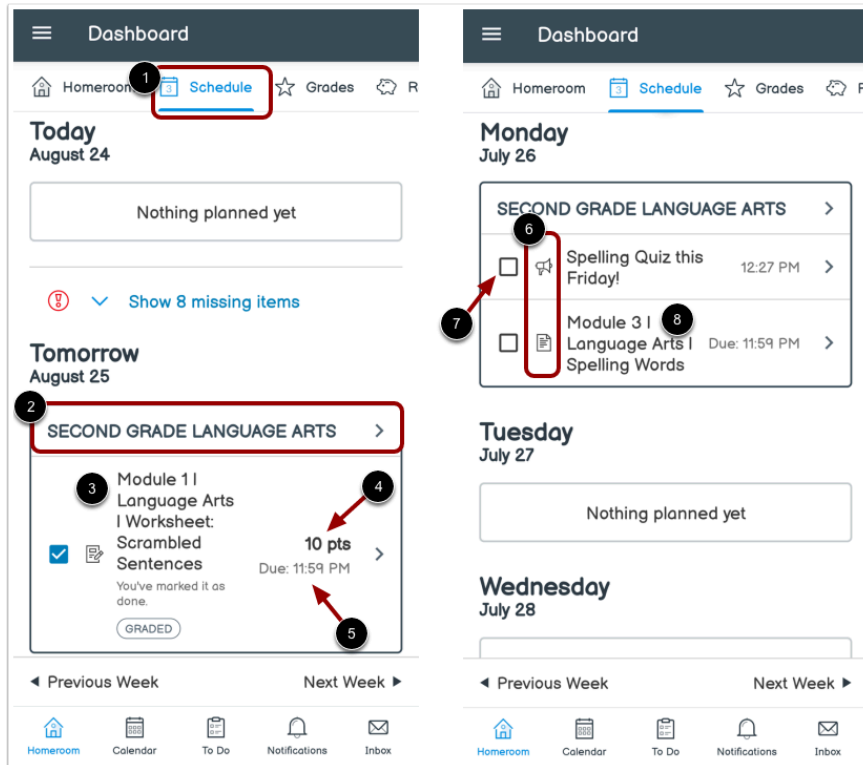

To view more subject details, tap the name of the subject [7].

View Subject

View subject details. To view subject details, tap any of the subject navigation links.

View Homeroom Schedule

In the **Schedule** tab [1], you can view various action items for all of your subjects by date.

Each item displays the subject name [2], item name [3], number of points (if points have been assigned) [4], and the due date [5].

Each item also displays an icon to differentiate between different assignment types and other items in the Schedule [6].

When an online assignment is submitted, the item is automatically marked as completed. To manually mark non-submission items as complete, click the item's checkbox [7].

To view item details, tap the name of the item [8].

View Homeroom Grades

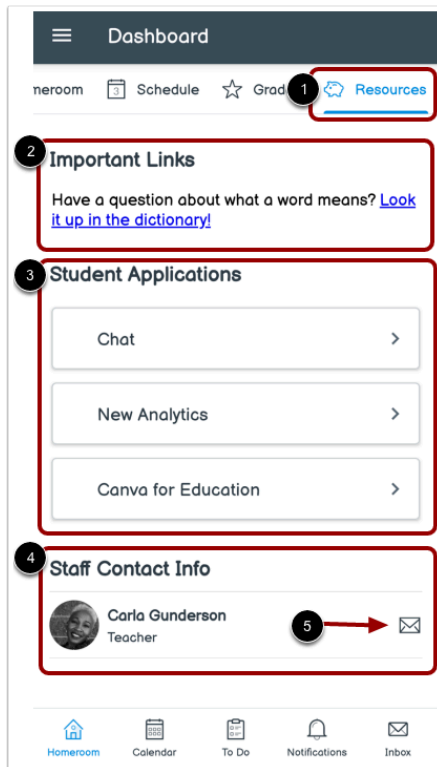

In the **Grades** tab [1], you can view grades for each of your subjects if allowed by your instructor [2].

To view grade details for a subject, tap the subject name [3].

Note: If your instructor has hidden total subject grades, dashes display in place of the total subject grade [4].

View Homeroom Resources

In the **Resources** tab [1], you can view important information your instructor has added to your homeroom [2].

If student applications have been added, you can view them in the **Student Applications** section [3].

You can also view staff contact information [4] and send a message to your instructor by tapping the **Message** icon [5].

Notes:

- If content has not been added to Important Information, the Important Information section does not display.
- If student applications have not been added to the homeroom, the Student Applications section does not display.

View Important Dates

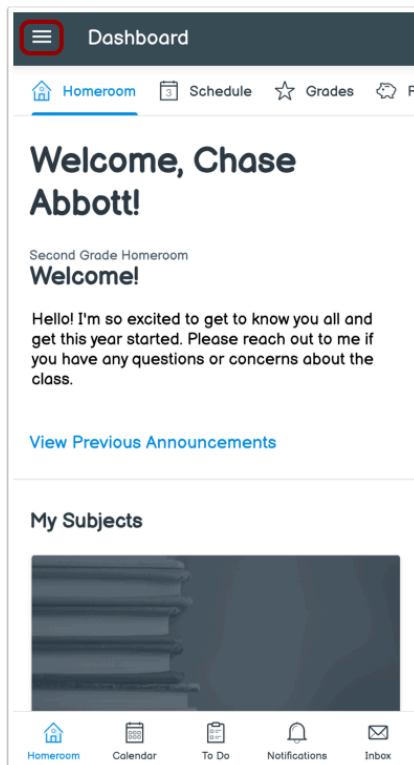

In the **Important Dates** tab [1], you can view assignments, discussions, quizzes, and events your instructor has marked as important [2].

How do I manage the Homeroom View using the Student app on my Android device in Canvas for Elementary?

If you have an active enrollment in a Canvas for Elementary course, you can manage the Homeroom View Dashboard in the Canvas Student app.

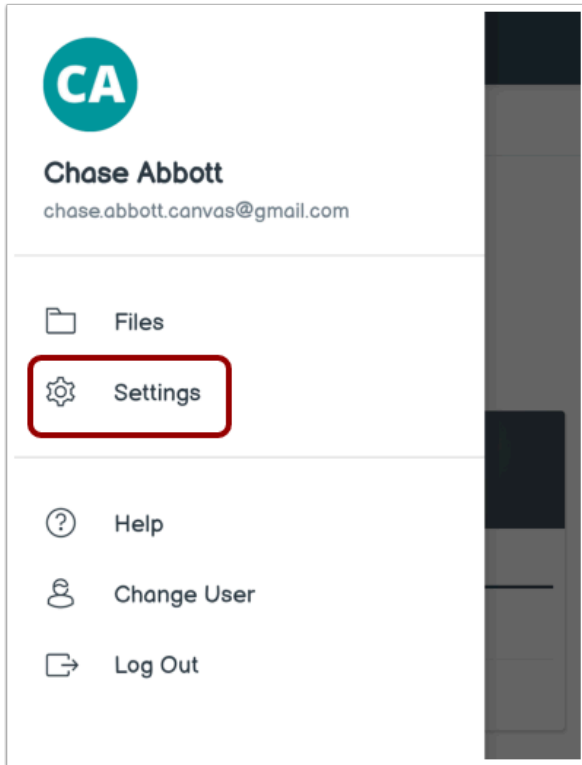

Note: Additional Canvas for Elementary features will be added in future releases.

Open User Menu

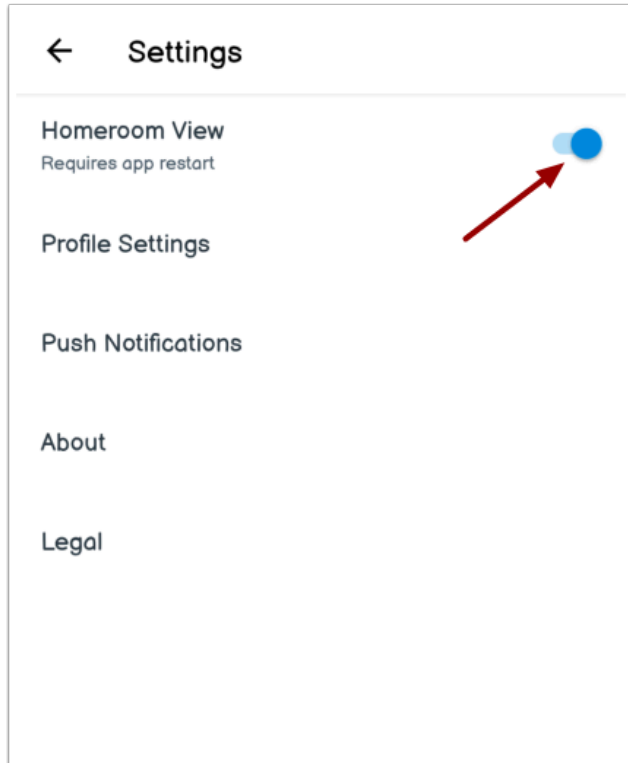

In the Dashboard, tap the **User Menu** icon.

Open Settings

Tap the **Settings** link.

Manage Elementary View Dashboard

If Canvas for Elementary is enabled for your account, by default, the Canvas for Elementary Dashboard is enabled for the app. To turn off the Canvas for Elementary Dashboard, tap the **Homeroom View** toggle button.

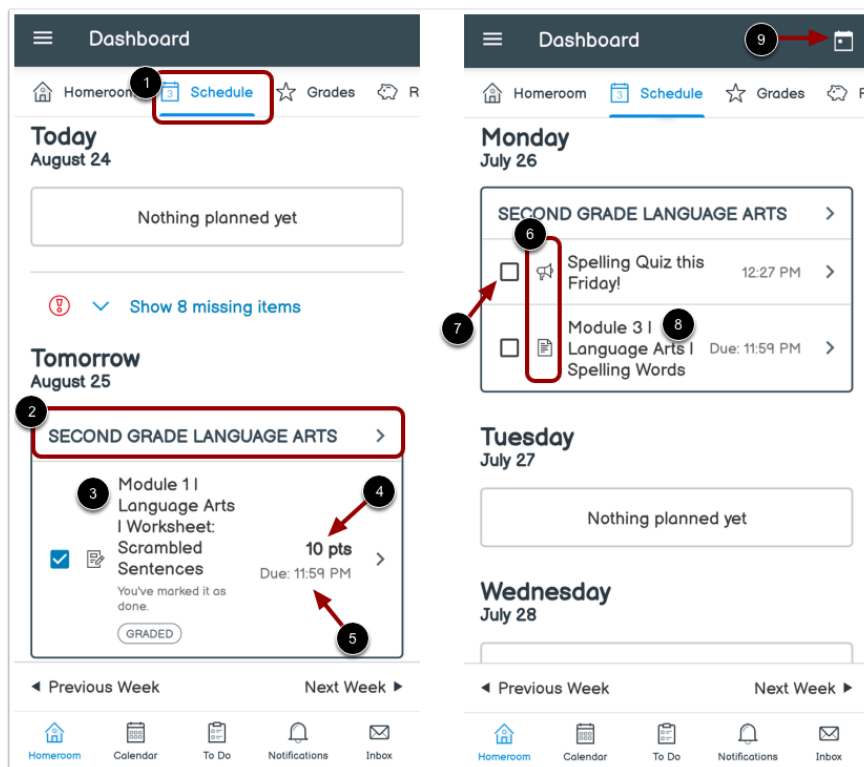

Note: To apply the Dashboard changes, the app must be closed and opened again.

How do I view my schedule using the Student app on my Android device in Canvas for Elementary?

You can view upcoming assignments, discussions, quizzes, and events for each of your subjects in the Homeroom Schedule or the To Do List.

Note: If the Schedule tab does not display in your homeroom or subject, it has been hidden by your instructor.

View Homeroom Schedule

In the **Schedule** tab [1], you can view various action items for all of your subjects by date.

Each item displays the subject name [2], item name [3], number of points (if points have been assigned) [4], and the due date [5].

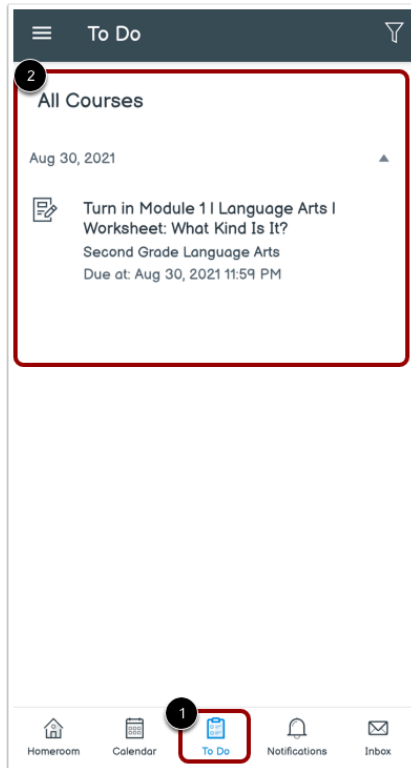

Each item also displays an icon to differentiate between different assignment types and other items in the Schedule [6].

When an online assignment is submitted, the item is automatically marked as completed. To manually mark non-submission items as complete, click the item's checkbox [7].

To view item details, tap the name of the item [8].

To return to the current date, tap the **Jump to Today** icon [9].

Open To Do List

You can view upcoming tasks in the To Do List.

To open your To Do List, tap the **To Do** icon [1]. Then view the items [2].

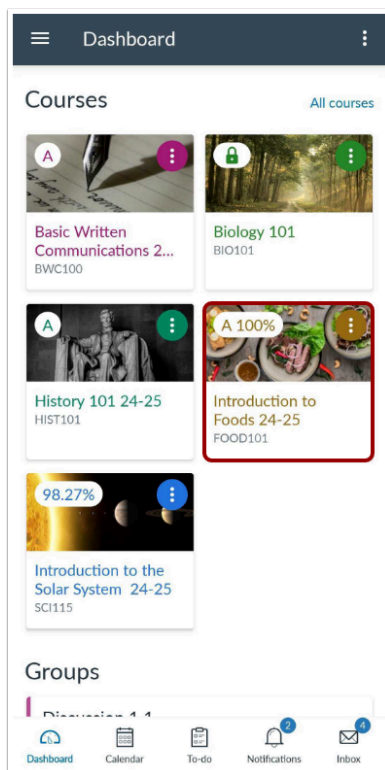

Course Features

How do I bookmark content in the Student app on my Android device?

You can bookmark any course page in the Canvas Student app for quick reference at any time. Learn how to [view your bookmarks](#).

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open Course

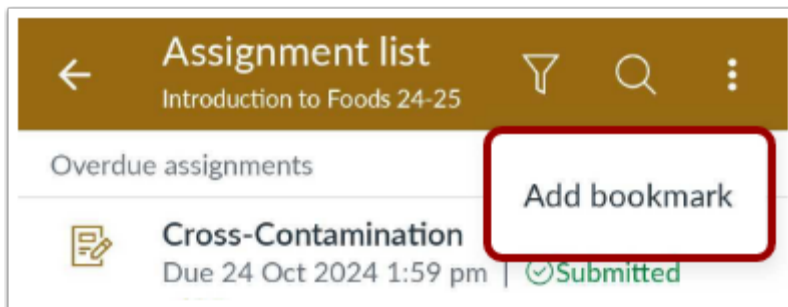

In the Dashboard, tap the name of the course you'd like to view.

Open Options Menu

On any course content page, tap the **Options** icon.

Add Bookmark

Tap the **Add Bookmark** link.

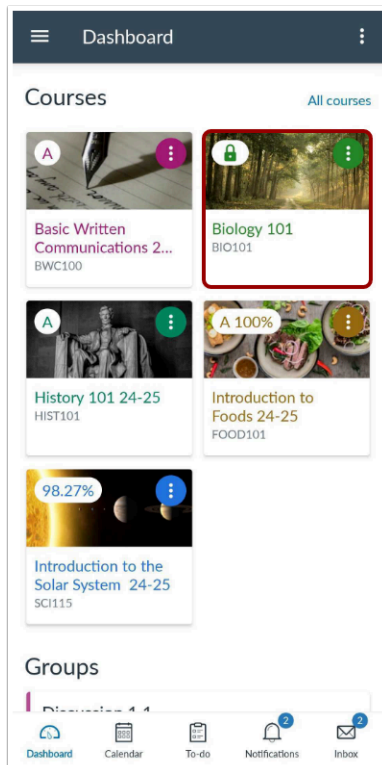

How do I view Announcements in the Student app on my Android device?

Canvas lets you view Announcements in your Canvas courses. You can also view Announcements directly in the [Notifications tab](#). If your instructor allows, you can [reply to announcements](#).

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Note: The Course Navigation menu matches the browser version of your Canvas course. If Announcements is not available in your Course Navigation, it will also be hidden from view in the app.

Open Course

In the Dashboard, tap the name of the course you'd like to view.

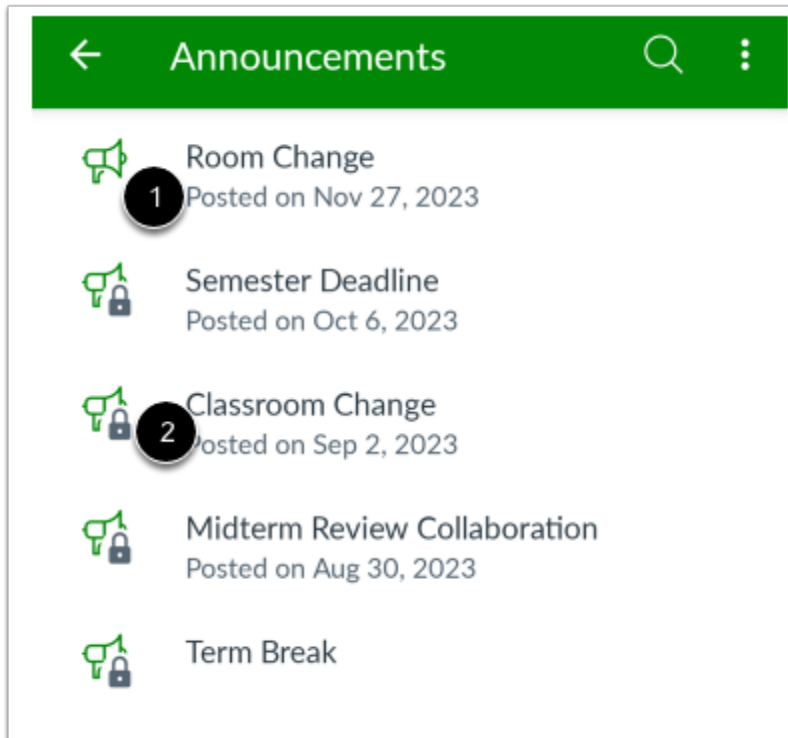

Open Announcements

In the Course Navigation Menu, tap the **Announcements** link.

Note: You may need to swipe your screen to view Announcements in the menu.

View Announcements

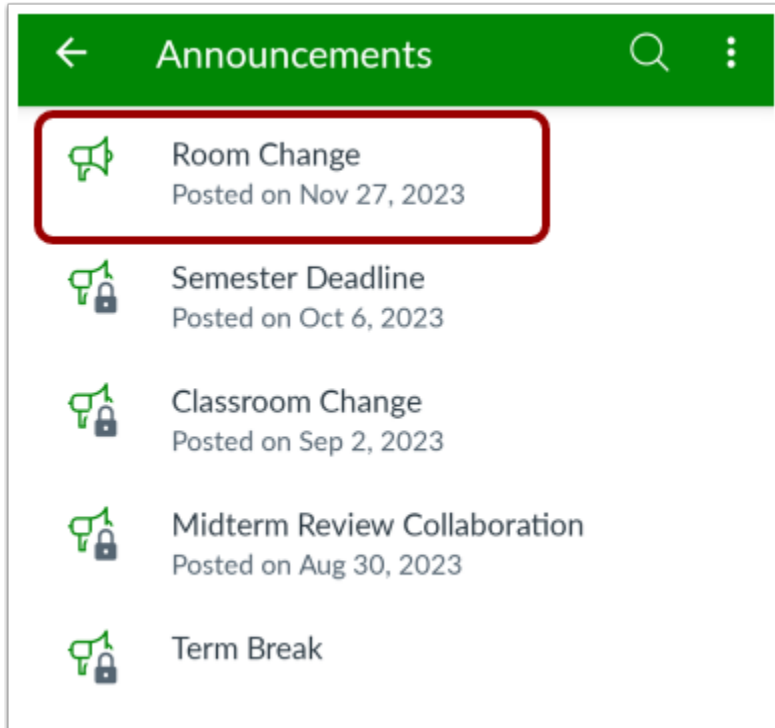

The most recent announcement will always appear at the top. All announcements show the last post date [1].

Announcements that do not allow replies display the **Lock** icon [2].

Swipe your device from top to bottom to quickly refresh Announcements.

Open Announcement

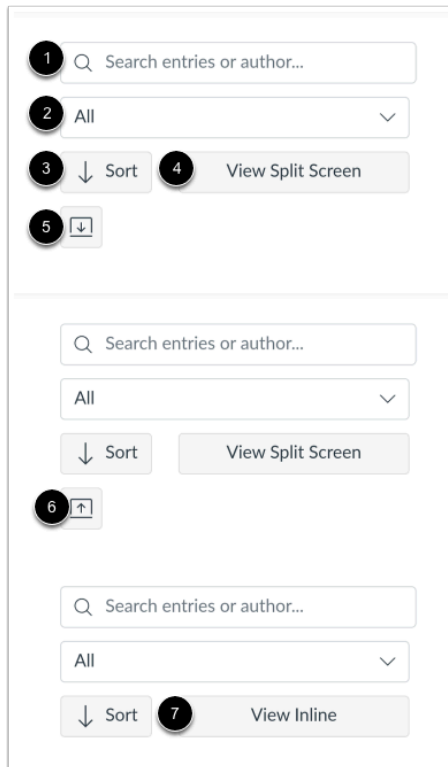

To view an announcement, tap the announcement you want to read.

View Announcement

View the course announcement.

View Announcement Toolbar

The Announcement Toolbar remains at the top of the announcement when you are viewing announcement replies.

To search for replies or specific authors, enter your terms in the **Search** field [1].

To filter replies, click the **All** drop-down menu [2]. You can filter by all replies or unread replies.

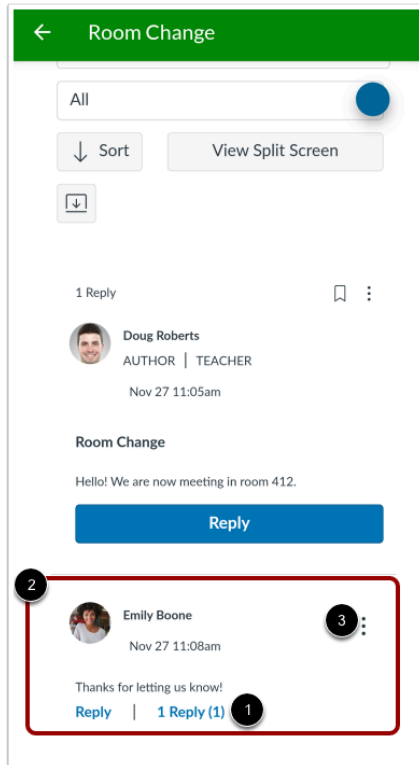

To sort replies by newest or oldest, click the **Sort** button [3].

To view threaded replies in a split screen sidebar, click the **View Split Screen** button [4].

To view threaded replies all at once, click the **Expand Threads** button [5]. You can collapse the threaded replies by clicking the **Collapse Threads** button [6].

To view threaded replies inline, click the **View Inline** button [7].

View Inline Announcement Thread Replies

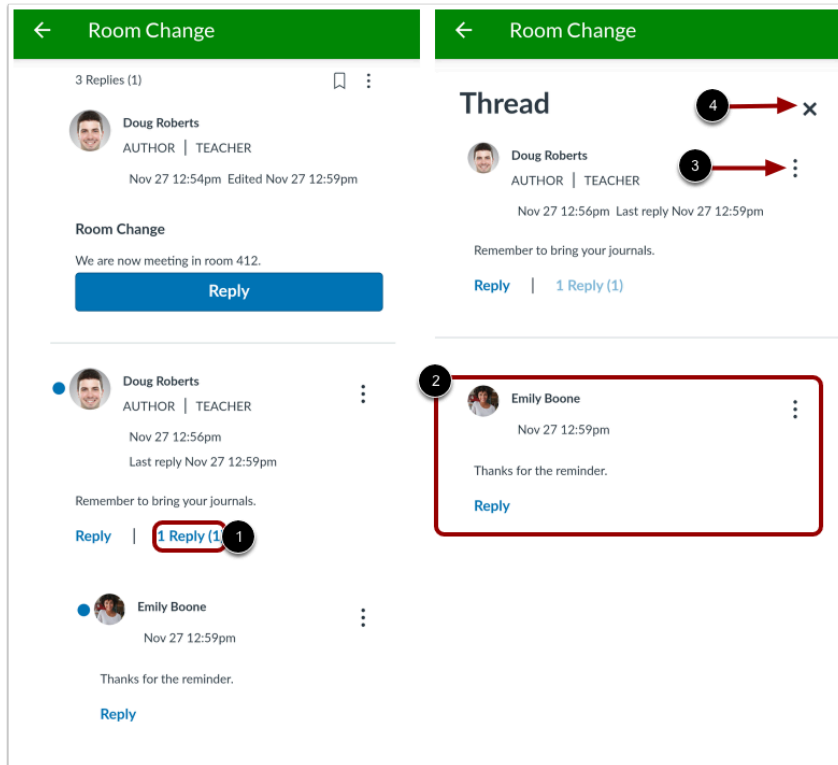

To expand the announcement thread replies inline, click the **# of replies** link [1].

View the read and unread replies [2].

To view threaded replies options, click the **Options** icon [3]. You can mark replies as read/unread, mark threaded replies as read/unread, return to the topic, quote the reply, or report the reply.

View Split Screen Announcement Thread Replies

To expand the announcement thread replies sidebar, click the **# of replies** link [1].

View the read and unread replies [2].

To view threaded replies options, click the **Options** icon [3].

To collapse the announcement thread replies sidebar, click the **Close** icon [4].

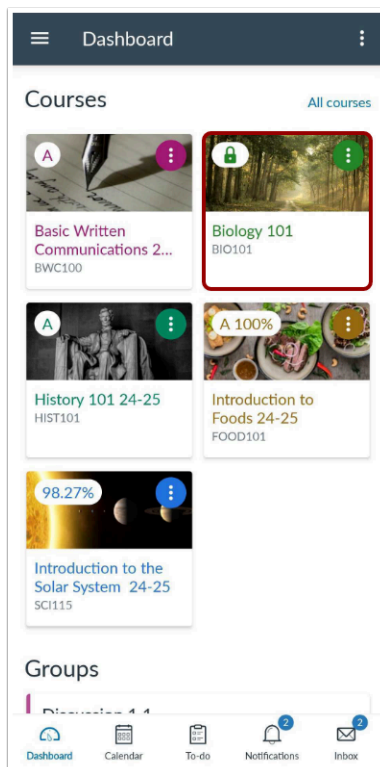

How do I reply to an announcement on the Student app on my Android device?

You can reply to announcements and announcement replies through your course. You can also reply to announcements through the [Notifications tab](#).

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Note: If you cannot reply to an announcement, this feature has been disabled.

Open Course

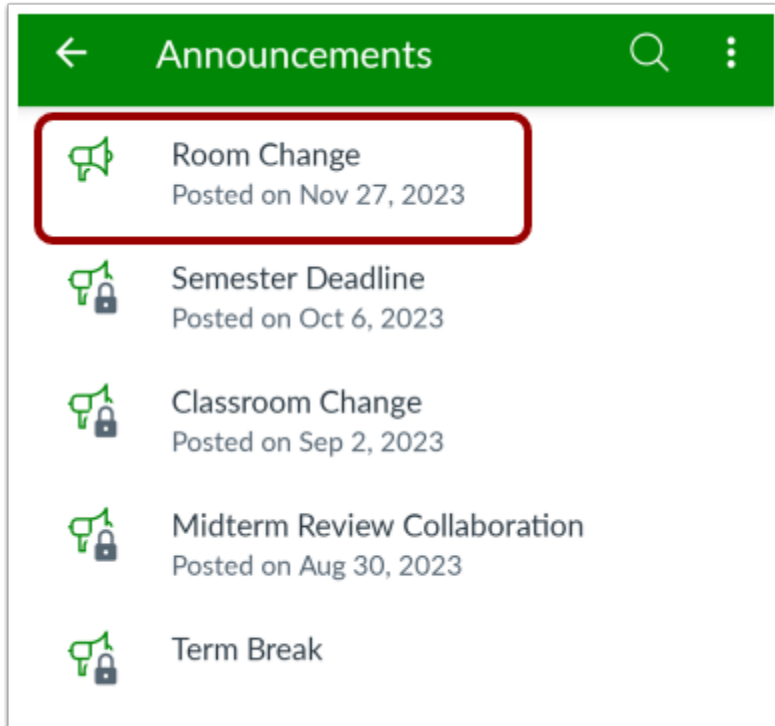

In the Dashboard, tap the name of the course you'd like to view.

Open Announcements

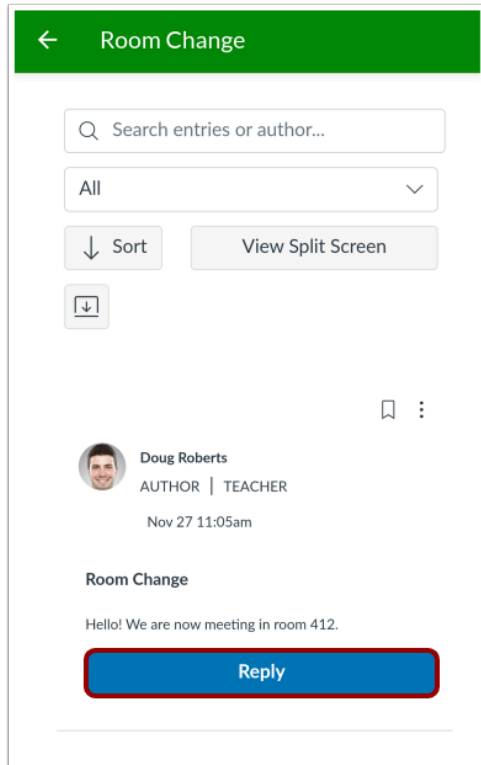

Tap the **Announcements** link.

Open Announcement

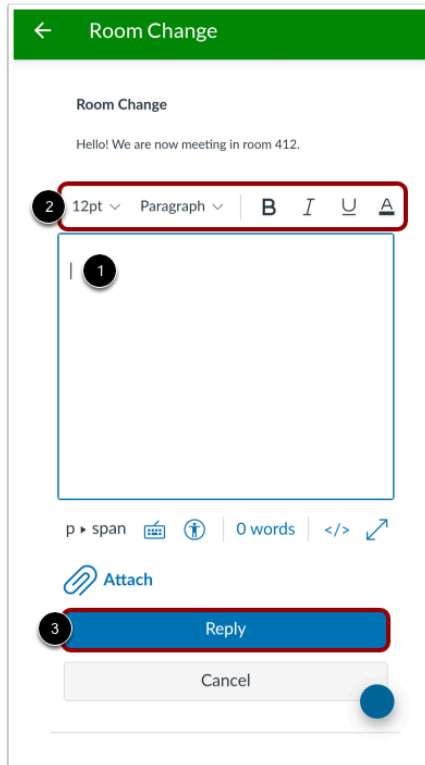

Tap the announcement where you want to reply.

Reply to Announcement

If your instructor allows, you can reply to announcements by tapping the **Reply** button.

Create Reply

Enter your message in the text field [1]. Use the Rich Content Editor to format your reply [2]. To send the reply, tap the **Reply** button [3].

View Reply

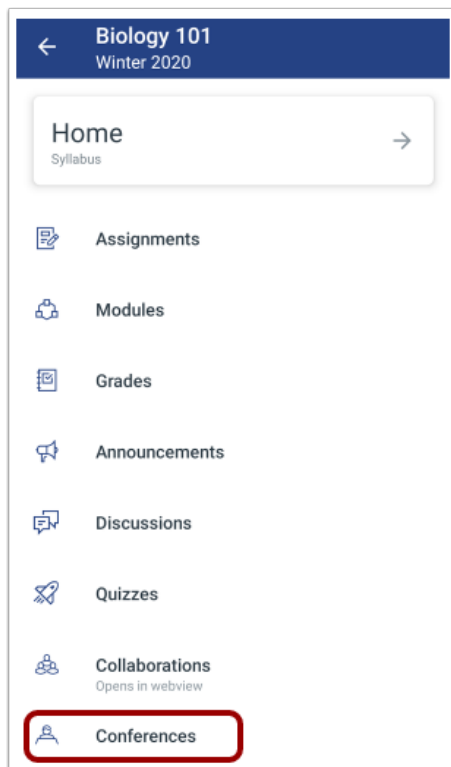

View your reply [1]. To reply to an announcement reply, tap the **Reply** link for that reply [2].

How do I view Conferences in the Student app on my Android device?

Once you have joined a conference in the Student app, you can use the Conferences interface to participate in the conference. The Conferences interface uses the BigBlueButton web conferencing system.

This guide provides a basic overview of the Conferences interface. To learn more about specific features, view BigBlueButton's [HTML5 user documentation](#).

Open Conferences

In Course Navigation, tap the **Conferences** link.

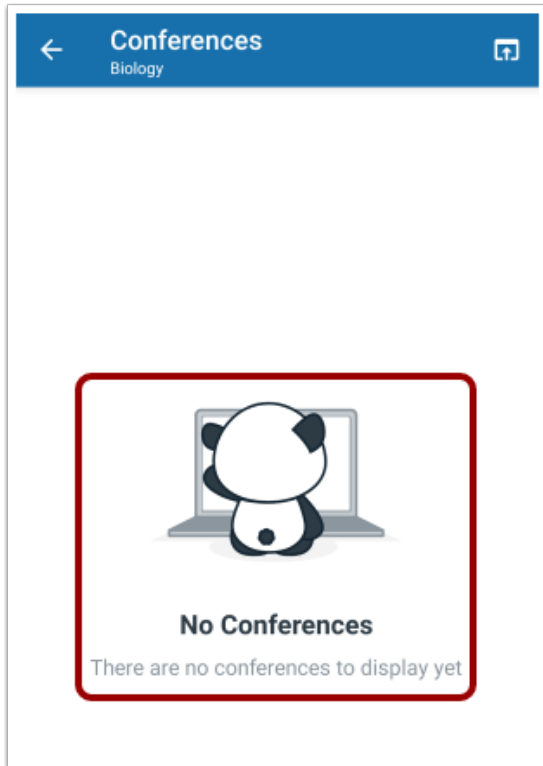

View Conferences

The Conferences page displays all conferences in your course. New conferences, including in-process conferences, display in the New Conferences section [1]. Concluded conferences display in the Concluded Conferences section [2].

To view conference details, tap the name of a conference [3].

View No Conferences

If your course does not have any conferences, the Conferences page displays a **No Conferences** notification.

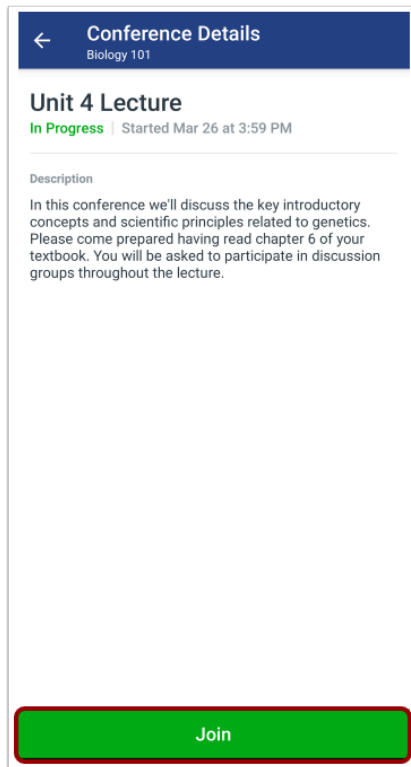

Open In Progress Conference

To open a conference that has started, tap the name of the conference [1].

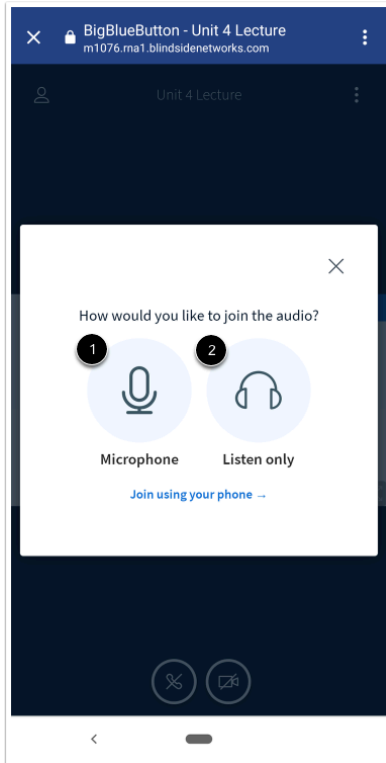

Note: If the In Progress label does not display for your conference, the conference has not started [2].

Join Conference

To join an in progress conference, tap the **Join** button.

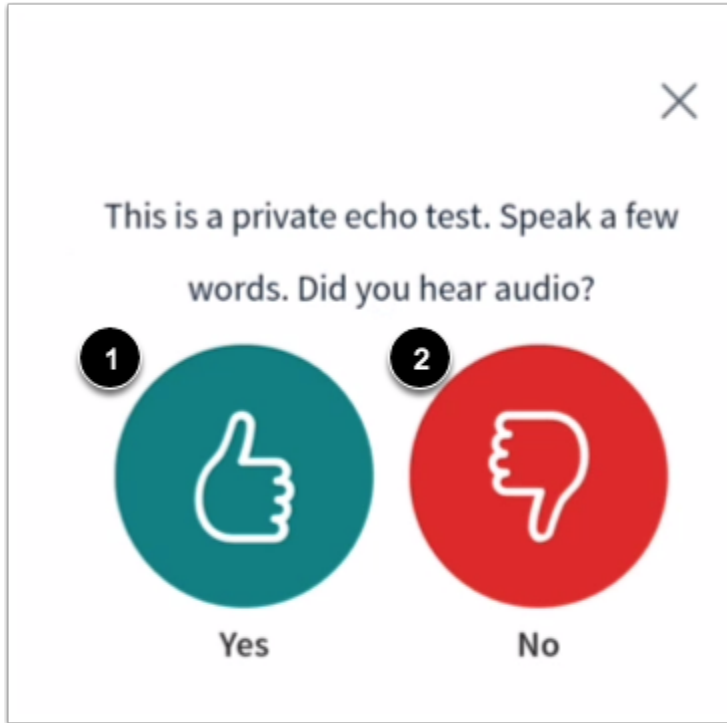

Join Audio

Before joining a conference, you will be asked how you want to join the conference audio. To use your microphone during the conference, tap the **Microphone** icon [1]. You will then need to follow the steps below to enable your microphone.

To quickly join the conference as a listener only, tap the **Listen Only** icon [2]. You will be taken directly to the conference.

Complete Echo Test

To test your microphone, you will need to complete an echo test. Speak a few words and listen for an echo. If you hear an echo, tap the **Yes** icon [1]. You will be taken directly to the conference.

If you do not hear an echo, tap the **No** icon [2]. Tapping the No icon will allow you to change your audio settings and retry the echo test.

View Confirmation Message

A confirmation message will display to confirm you have joined the conference.

View Conferences Interface

The Conferences interface includes four different areas that allow you to participate in the conference:

- Presentation Window [1]
- User Menu [2]
- Conference Tools [3]
- Options Menu [4]

View Presentation Window

The Presentation window displays the conference presentation [1].

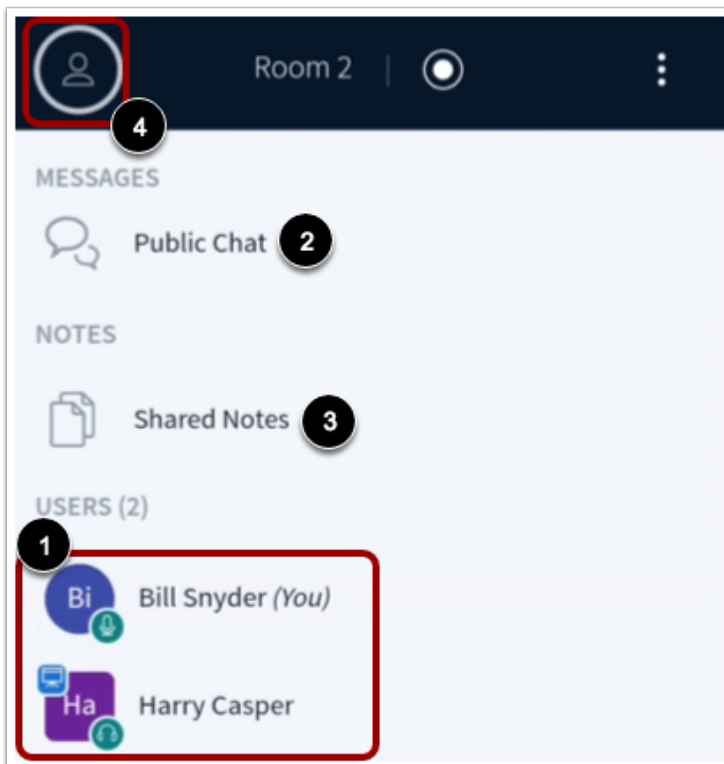

You may be able to use the multi-user whiteboard to interact directly in the presentation [2]. If the toolbar is not available in the window, the multi-user whiteboard has not been enabled by your presenter.

Open User Menu

To open the User Menu, tap the **Users** icon.

View User Menu

All of the users in the conference will display in the **Users** list [1].

To open the chat, tap the **Public Chat** link [2]. To view the shared notes, tap the **Shared Notes** link [3].

To exit the User Menu, tap the **Users** icon [4].

View Conference Tools

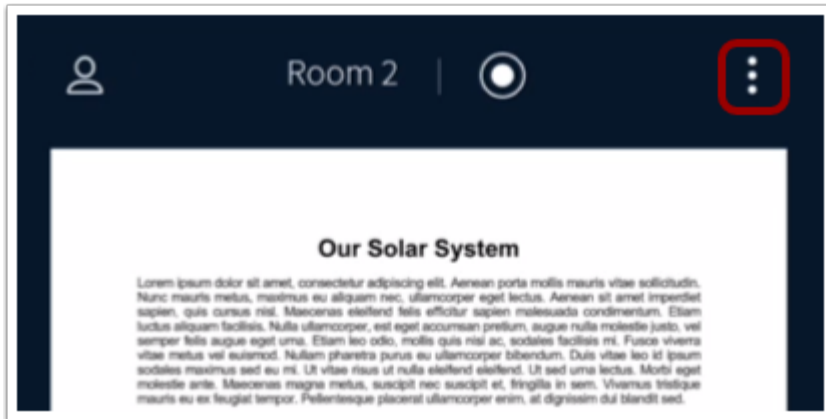

The Conferences Interface includes tools to manage the audio and video elements of the conference.

To mute or unmute your microphone, tap the **Microphone** icon [1].

To leave or join the conference audio, tap the **Audio** icon [2].

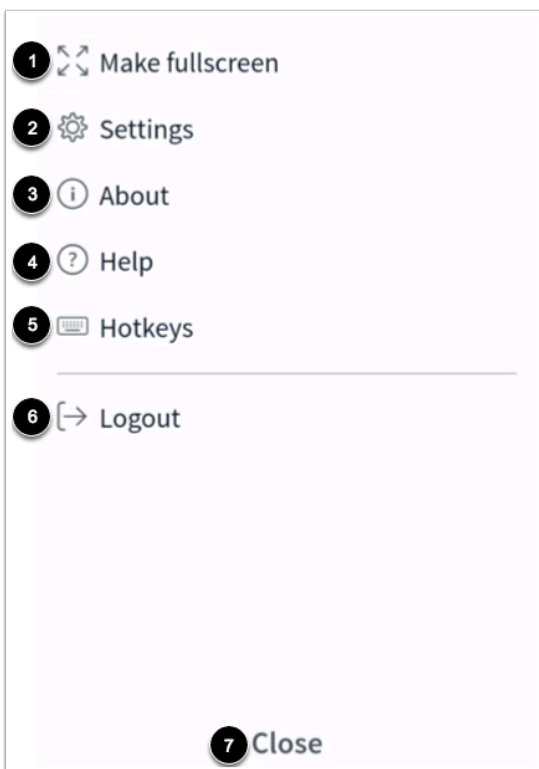

To enable your webcam, tap the **Webcam** icon [3].

Open Options Menu

To open the Options Menu, tap the **Options** icon.

View Options Menu

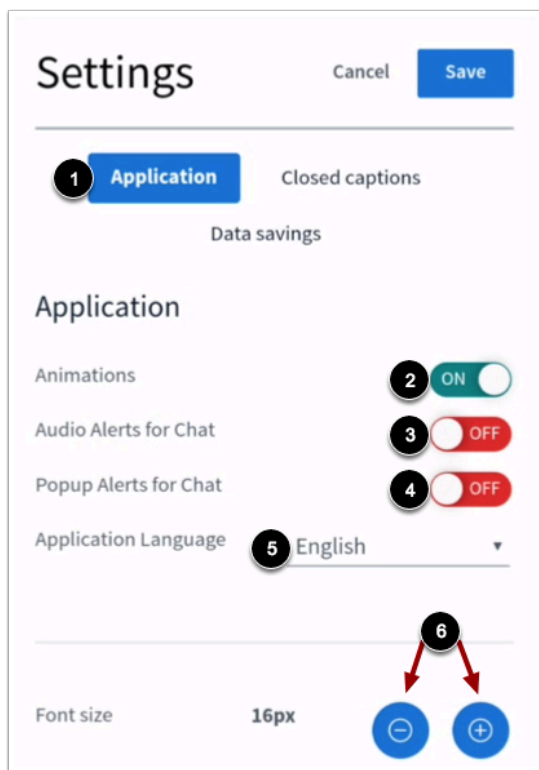

From the Options Menu, you can:

- Enter or exit fullscreen mode [1]
- Open the Settings menu [2]
- View information about the Conferences interface [3]
- View BigBlueButton tutorial videos [4]
- View Conferences hotkeys [5]
- Log out of the Conferences interface [6]

To close the Options menu, tap the **Close** link [7].

View Application Settings

From the Settings menu, you can manage additional settings for the Conferences interface. By default, the Settings menu will open to the **Applications** tab [1].

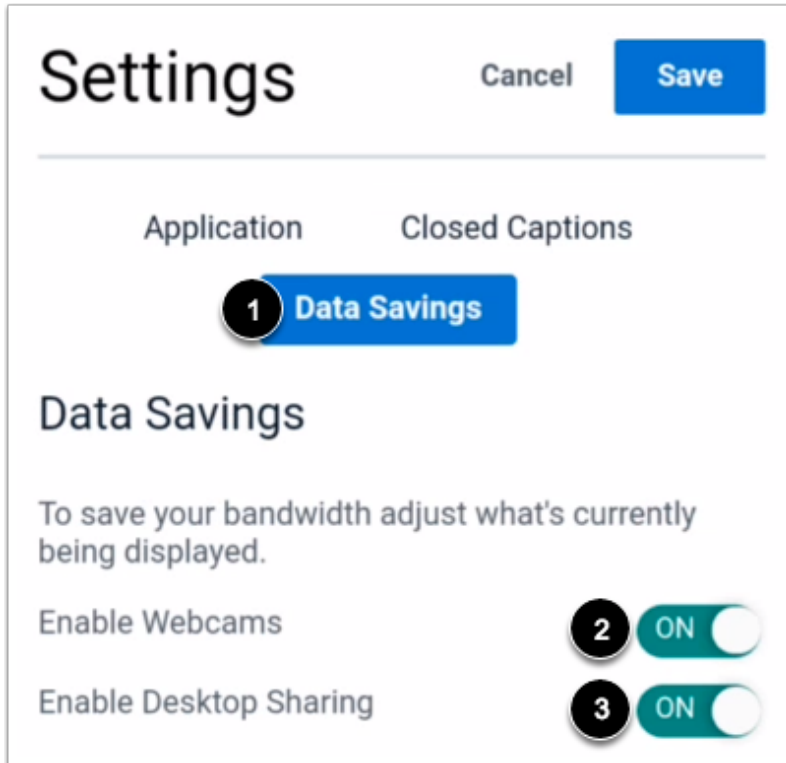

To enable or disable audio animations, tap the **Animations** button [2].

To enable audio alerts, tap the **Audio Alerts for Chat** button [3]. To enable popup chat alerts, tap the **Popup Alerts for Chat** button [4].

To change your language, tap the **Application Language** menu and select your preferred language [5].

To adjust the font size, tap the **Increase** or **Decrease** icon [6].

View Data Savings Settings

To manage data savings, tap the **Data Savings** tab [1].

To enable or disable your webcam, tap the **Enable Webcams** button [2]. To enable or disable desktop sharing, tap the **Enable Desktop Sharing** button [3].

Save Settings

To save your changes to the Settings menu, tap the **Save** button.

How do I view Discussions in the Student app on my Android device?

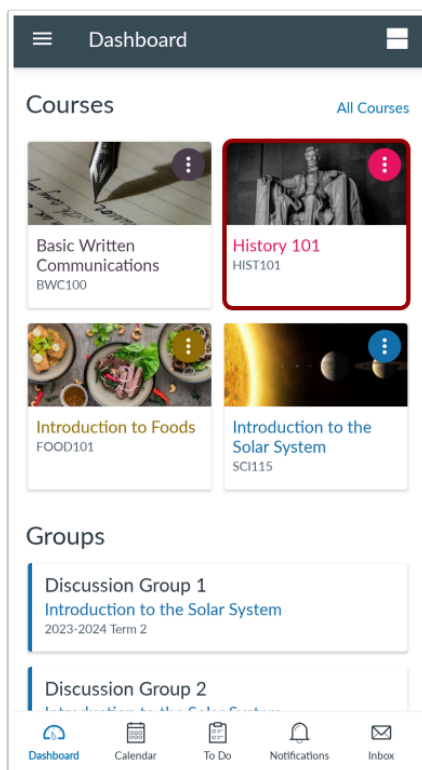

The Canvas Student app helps you keep track of all course discussions. You can also view newly created discussions or changes to discussions in the [Notifications tab](#).

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Notes:

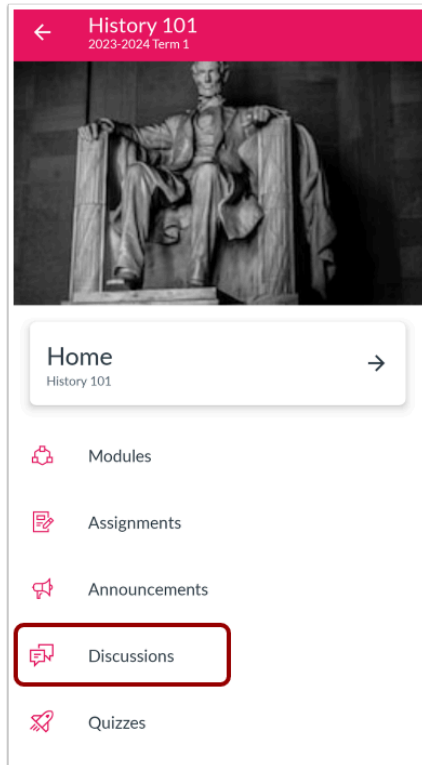

- Rubrics are not currently supported for graded discussions in the Canvas Student app.
- The Course Navigation menu matches the browser version of your Canvas course. If Discussions is not available in your Course Navigation, it will also be hidden from view in the app.

Open Course

In the Dashboard, tap the name of the course you'd like to view.

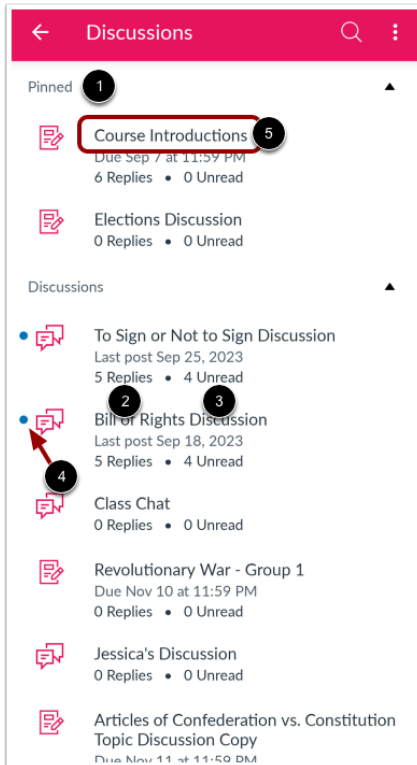

Open Discussions

Tap the **Discussions** link.

Note: You may need to swipe your screen to view Discussions in the menu.

View Discussions

Pinned discussion display at the top of the page [1]. For each discussion, you can view the number of total replies [2] and the number of replies you have not read [3].

Discussions with unread posts are indicated by a blue dot [4].

Swipe your device from top to bottom to quickly refresh Discussions.

To view a discussion, tap the name of the discussion [5].

View Discussion

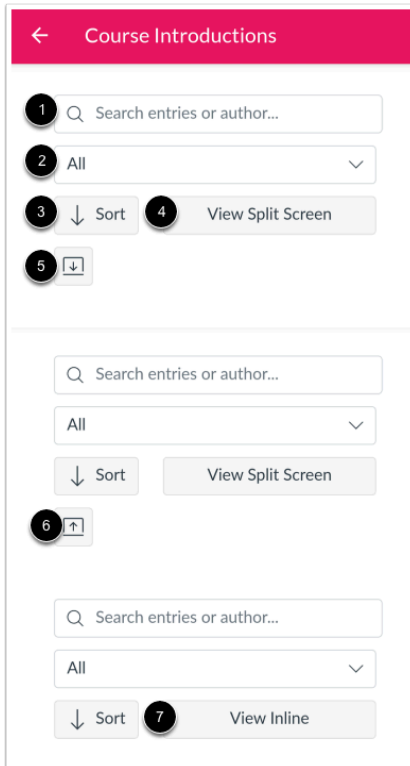

For each discussion, you can view the due date [1], point value [2], title [3], and description [4].

To [reply to the discussion](#), tap the **Reply** button [5].

Note: Anonymous discussions must be viewed in a web browser.

View Discussion Toolbar

The Discussion Toolbar remains at the top of the discussion topic when you are viewing discussion replies.

To search for replies or specific authors, enter your terms in the **Search** field [1].

To filter replies, click the **All** drop-down menu [2]. You can filter by all replies or unread replies.

To sort replies by newest or oldest, click the **Sort** button [3].

To view threaded replies in a split screen sidebar, click the **View Split Screen** button [4].

To view threaded replies all at once, click the **Expand Threads** button [5]. You can collapse the threaded replies by clicking the **Collapse Threads** button [6].

To view threaded replies inline, click the **View Inline** button [7].

View Inline Discussion Thread Replies

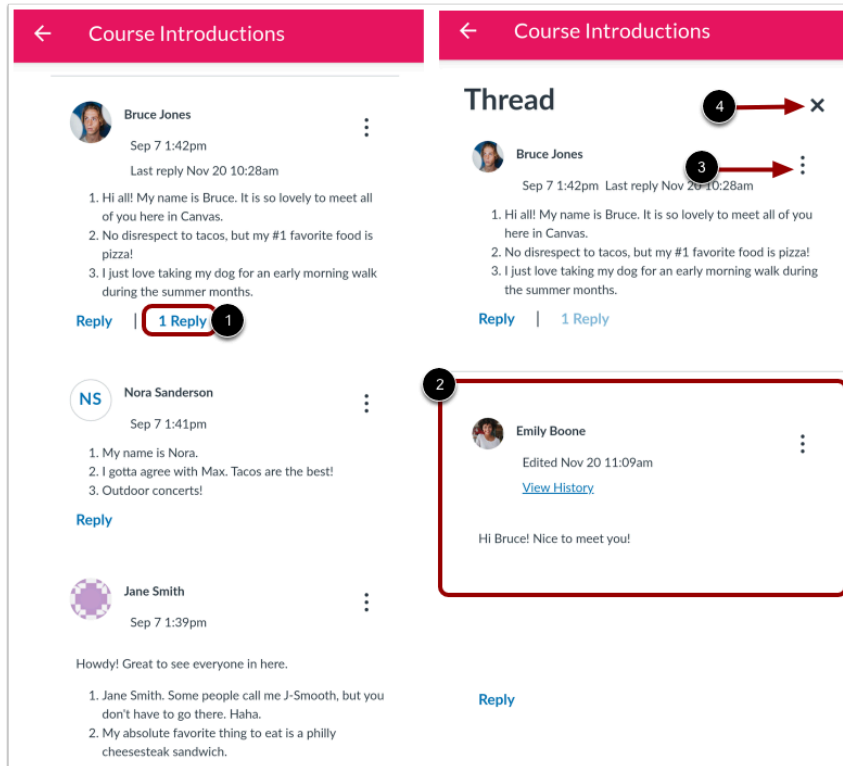

To expand the discussion thread replies inline, click the **# of replies** link [1].

View the read and unread replies [2].

To view threaded replies options, click the **Options** icon [3]. You can mark replies as read/unread, mark threaded replies as read/unread, return to the topic, quote the reply, or report the reply.

View Split Screen Discussion Thread Replies

To expand the discussion thread replies sidebar, click the **# of replies** link [1].

View the read and unread replies [2].

To view threaded replies options, click the **Options** icon [3]. You can mark replies as read/unread, mark threaded replies as read/unread, return to the topic, quote the reply, or report the reply.

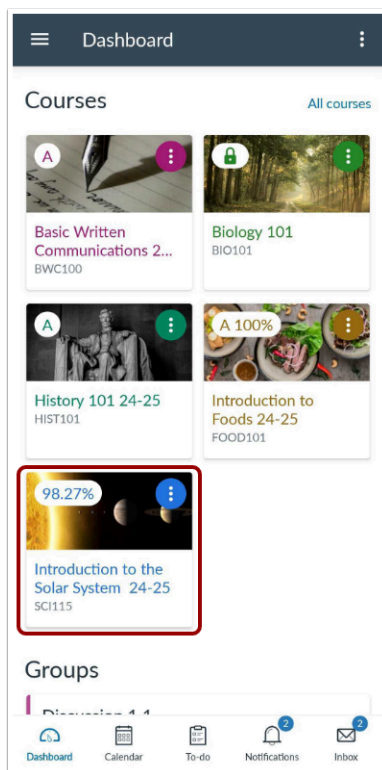

To collapse the discussion thread replies sidebar, click the **Close** icon [4].

How do I create a discussion in the Student app on my Android device?

If an instructor allows, students may be able to create new discussions. However, student discussions are always published immediately to the course. If you cannot create a discussion, your instructor has restricted this feature.

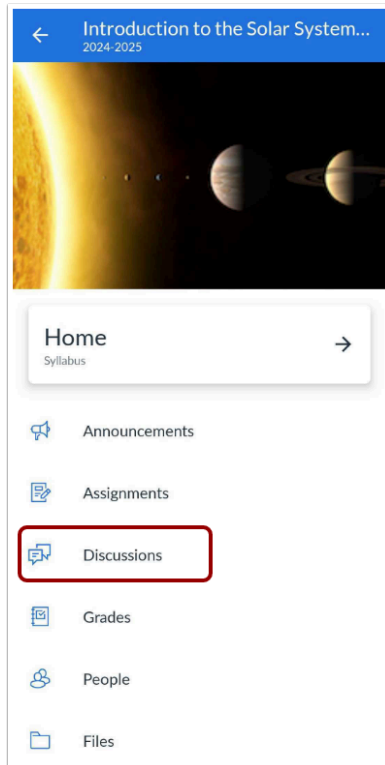

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open Course

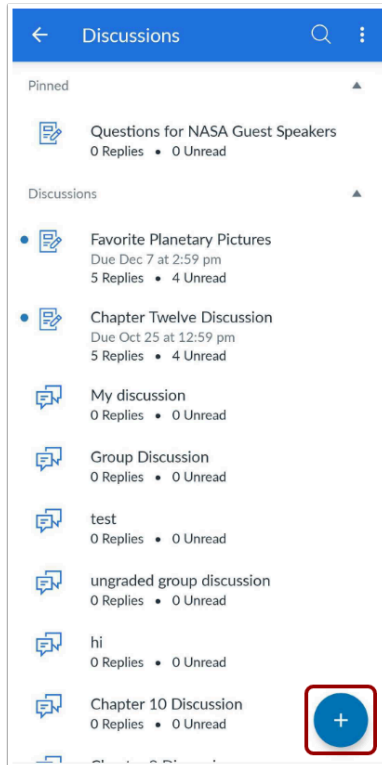

In the Dashboard, tap the name of the course you'd like to view.

Open Discussions

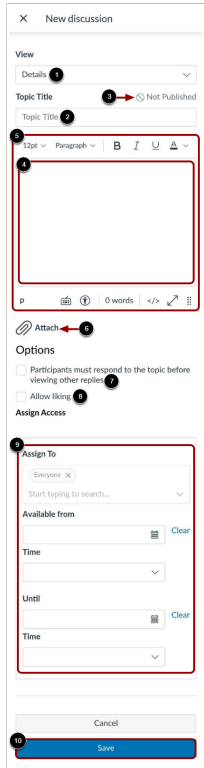

Tap the **Discussions** link.

Add Discussion

Tap the **Add** icon.

Create Discussion

Select a discussion view in the **View** drop-down menu [1]. Create a title for your discussion in the **Title** field [2].

Note: Unpublished discussions will have a **Not Published** indicator [3].

Enter the details of your discussion in the **Description** field [4]. To format your description text, use the **Rich Content Editor** icons [5].

To add attachments, tap the **Attach** link [6].

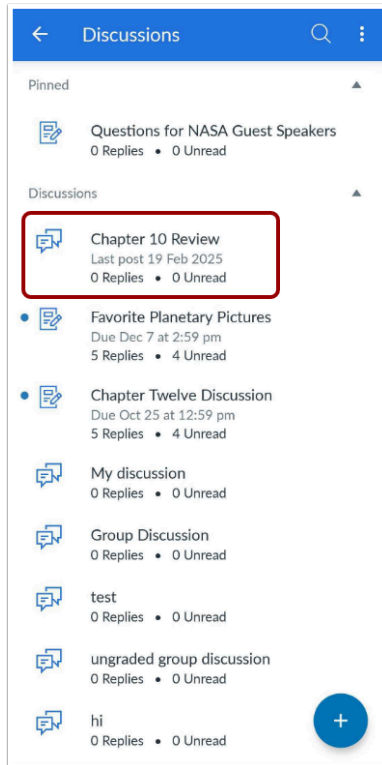

To require other students to post before seeing replies, tap the **Participants must respond to the topic before viewing other replies** button [7].

To enable linking, tap the **Allow Liking** button [8].

You can also set availability dates [9].

When you are finished, tap the **Save** icon [10].

View New Discussion

View your new discussion.

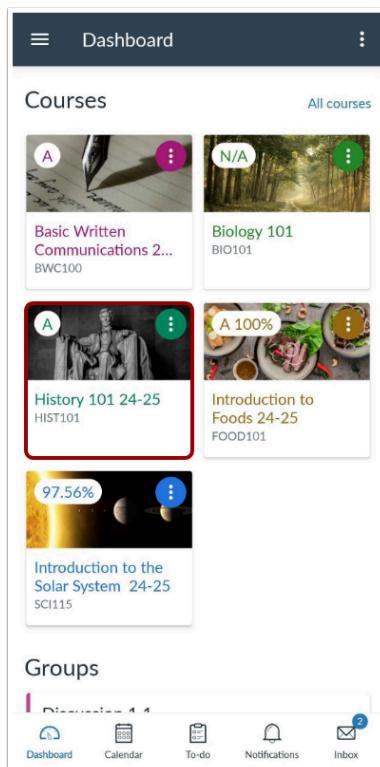

How do I reply to a discussion in the Student app on my Android device?

You can reply to a discussion within the Canvas Student app.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Note: The process of responding to a focused discussion or a threaded discussion is the same, although the layout of the discussion may look different depending on the depth of the discussion thread.

Open Course

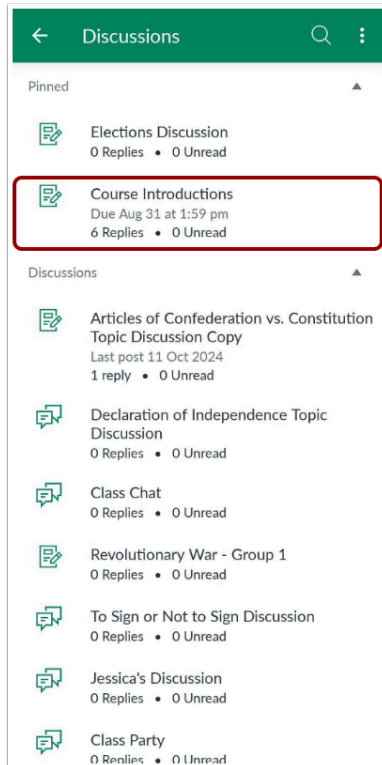

In the Dashboard, tap the name of the course you'd like to view.

Open Discussions

Tap the **Discussions** link.

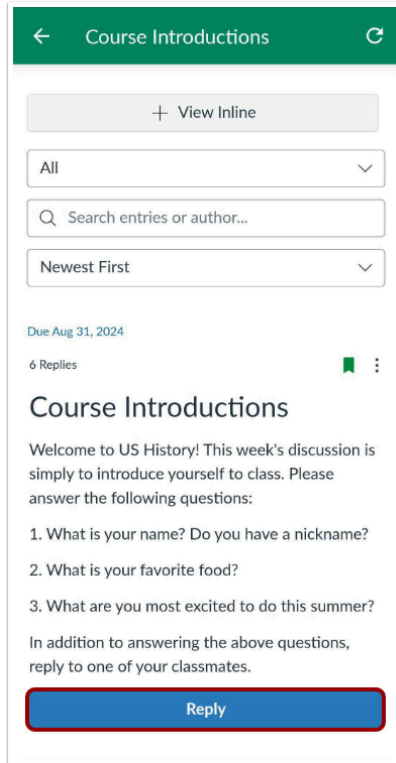

Open Discussion

To view a discussion, tap the name of the discussion.

Note: Anonymous discussions must be viewed in a web browser.

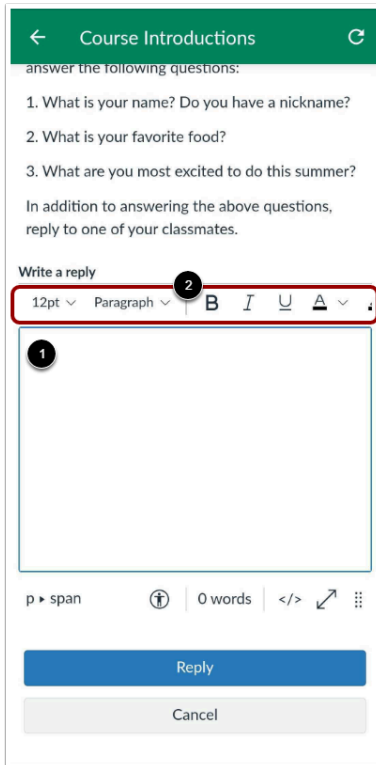

Reply to Discussion

The screenshot shows the Canvas Student app interface. At the top, a green header bar contains a back arrow, the text 'Course Introductions', and a refresh icon. Below the header is a grey button labeled '+ View Inline'. Underneath are three filters: a dropdown menu set to 'All', a search bar with the placeholder 'Search entries or author...', and another dropdown menu set to 'Newest First'. The main content area shows a discussion titled 'Course Introductions' with a due date of 'Aug 31, 2024' and '6 Replies'. The discussion text reads: 'Welcome to US History! This week's discussion is simply to introduce yourself to class. Please answer the following questions: 1. What is your name? Do you have a nickname? 2. What is your favorite food? 3. What are you most excited to do this summer? In addition to answering the above questions, reply to one of your classmates.' At the bottom of the discussion is a blue button with a red border labeled 'Reply'.

To reply to the discussion, tap the **Reply** link for the discussion.

Create Reply

Add your reply in the **Reply** field [1]. To format your reply, use the **Rich Content Editor** icons [2].

Send Reply

To send your reply, tap the **Reply** button.

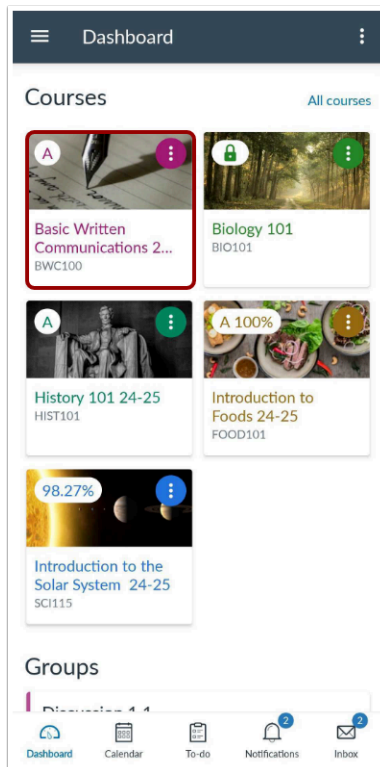

How do I view Course Files in the Student app on my Android device?

You can view course files with the Canvas Student app. You can also view your [personal files](#).

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

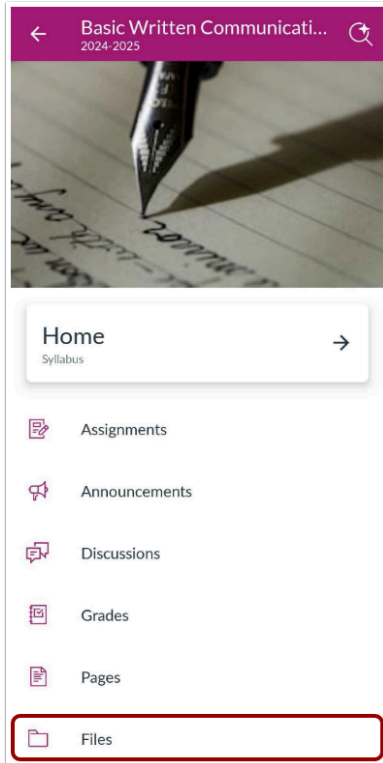

Note: The Course Navigation menu matches the browser version of your Canvas course. If Files is not available in your Course Navigation, it will also be hidden from view in the app.

Open Course

In the Dashboard, tap the name of the course you'd like to view.

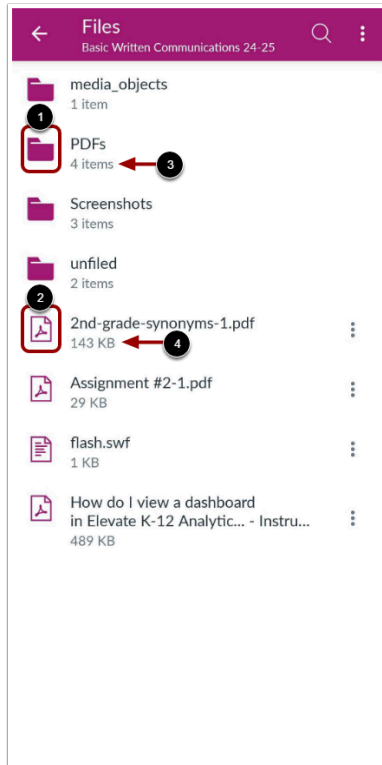

Open Files

Tap the **Files** link.

Note: You may need to swipe your screen to view Files in the Course Navigation menu.

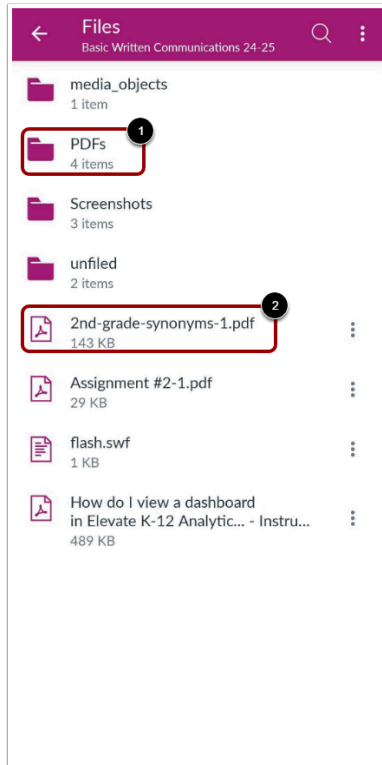

View Files

Files displays file folders [1] and file items [2] identified by icon type.

File folders show how many file items are within a folder [3]. Individual files show the size of the file [4].

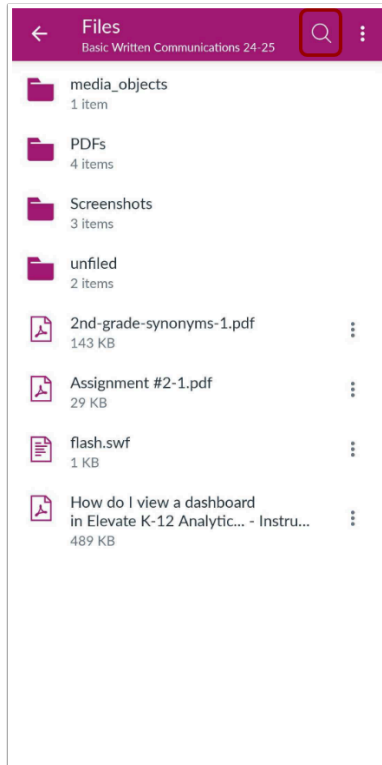

View File Items

To view file items within a folder, tap the name of the folder [1].

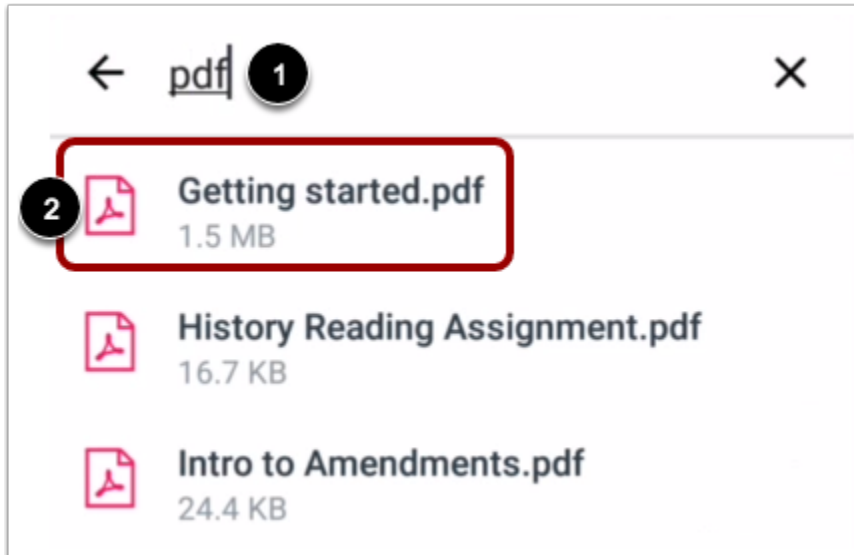

To view a specific file, tap the name of the file [2]. If your device has an application installed that can display the file, you can view the file in the app.

Search Files

To open the search field, tap the **Search** icon.

Open File

To search for a file, type the file name in the search field [1]. To open the file, tap the name of the file [2].

Notes:

- You must type three or more characters for search results to display.
- Search results will not include file folders.

How do I view Course Grades in the Student app on my Android device?

You can view your grades in the Canvas Student app.

Grades are viewed as a Course Navigation link. However, the Course Navigation menu matches the browser version of your Canvas course. If Grades is not available in Course Navigation, it will also be hidden from view in the app.

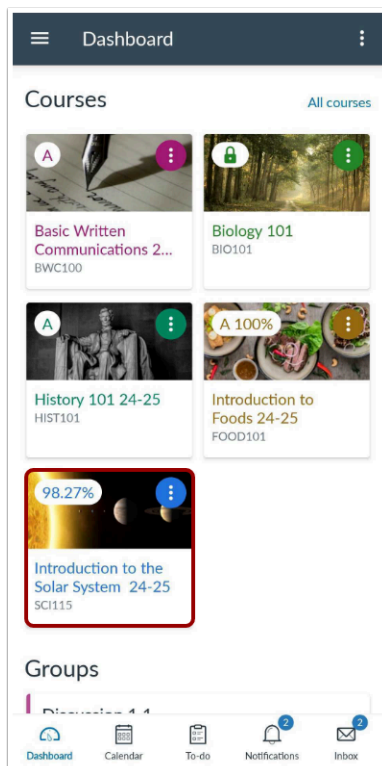

If your course is using Multiple Grading Periods, you can filter grades by grading period. If your course is not using Multiple Grading Periods, the Grades page shows all assignments and grades for the entire course. If the Dashboard does not show a total grade, your instructor may have disabled this feature, or there are no active grading periods in your course.

If enabled in your course, you may only have the ability to view qualitative data, such as letter grades and grading comments.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

You can also view your grades by [adding a Canvas widget to your Android device](#).

Open Course

In the Dashboard, tap the name of the course you'd like to view.

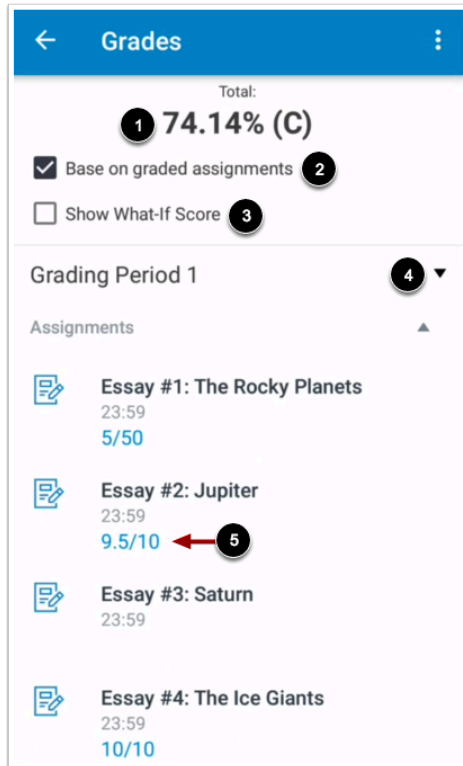

Open Grades

Tap the **Grades** link.

Note: You may have to swipe your screen to view the Grades link.

View Course Grades

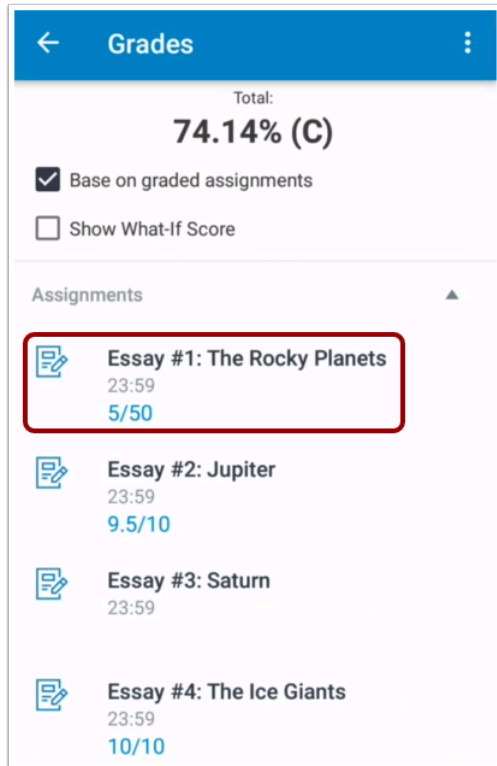

Your total score displays at the top of the page [1]. The total score may be a percentage or points depending on how your instructor has set the grade book. To base the score on graded assignments only, tap the **Base on graded assignments** checkbox [2]. To [view What-if scores](#), tap the **Show What-If Score** checkbox [3].

To view grades for a different grading period, tap the **Grading Period** menu [4].

If a grade has been awarded for an assignment, the assignment displays the score you have earned [5].

Note: If enabled by your institution, you may only have the ability to view qualitative data, such as letter grades and grading comments.

View Assignment Details

To view the details of an assignment including any [comments from your instructor](#), tap the assignment name.

If score statistics are visible in your course, you can view score statistics below your grade in the Assignment Details page.

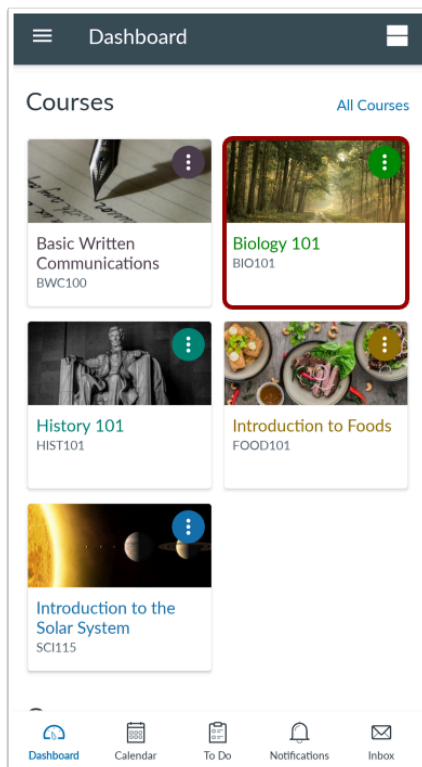

How do I check my What-if Grades in the Student app on my Android device?

You can view your grades based on What-If scores so that you know how grades will be affected by upcoming or resubmitted assignments.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

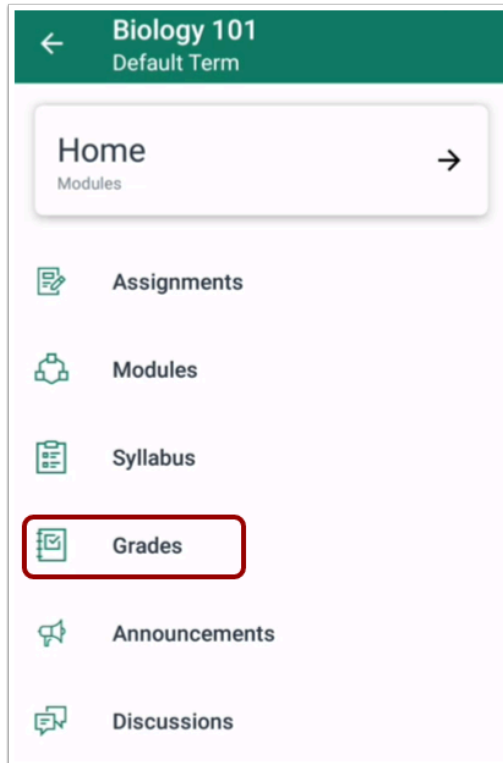

Note: What-if grading is only available when a course does not use weighted grading periods. Additionally, what-if scores are not saved in the Canvas Student app.

Open Course

Tap the name of the course you want to open.

Open Grades

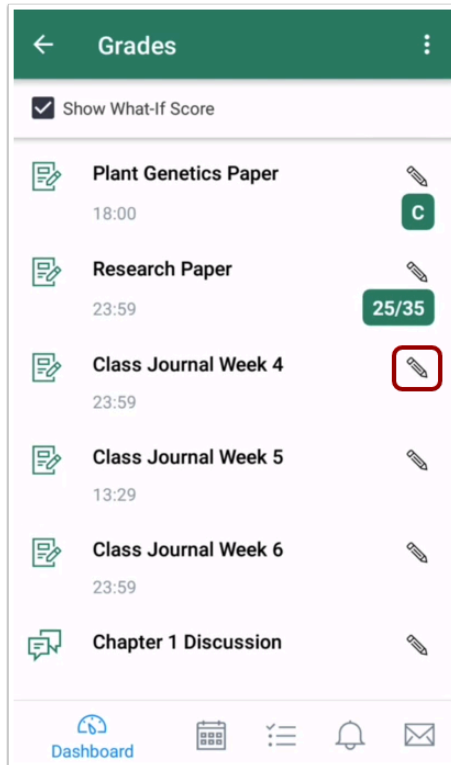

Tap the **Grades** link.

Show What-If Score

Tap the **Show What-If Score** checkbox.

Edit Score

Locate the assignment grade you want to view as a hypothetical grade. Tap the **Edit** icon.

Enter What-If Score

Enter the What-If Score in the text area [1]. For instance, if your assignment is worth 25 points, and you want to see how your grade appears if you earn 20 points, enter 20 in the text area.

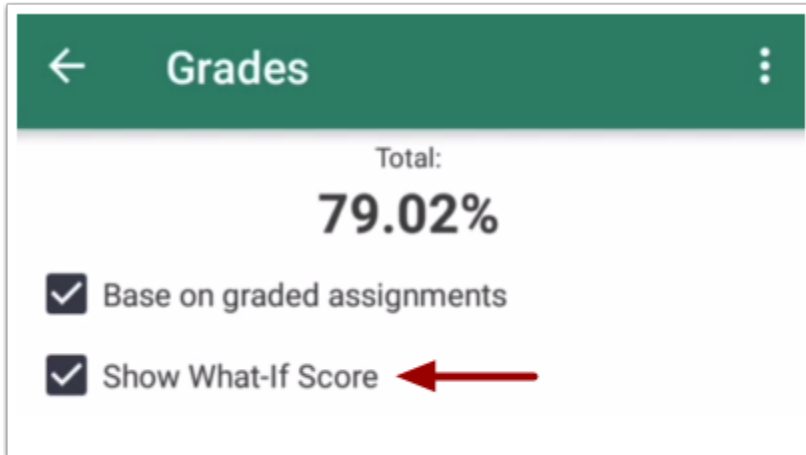

Tap the **Done** link [2].

View What-If Score

View your grade as it would appear based on your What-If Score.

Hide What-If Score

To hide the What-If Scores, tap the **Show What-If Score** checkbox again.

Note: What-If Scores are not saved in the Canvas Student app.

How do I view Modules in the Student app on my Android device?

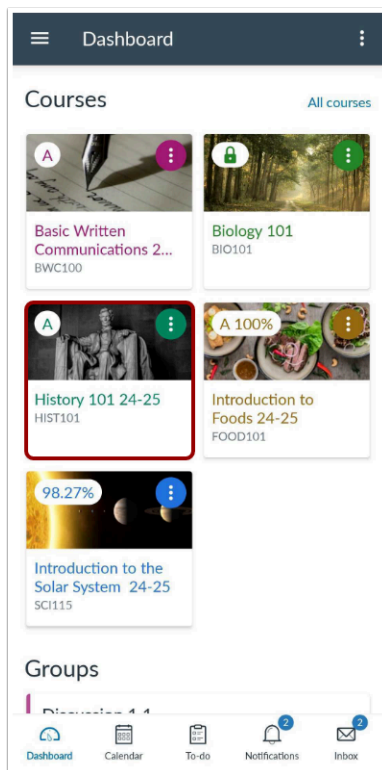

The Canvas Student app gives you access to Modules in your courses.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Notes:

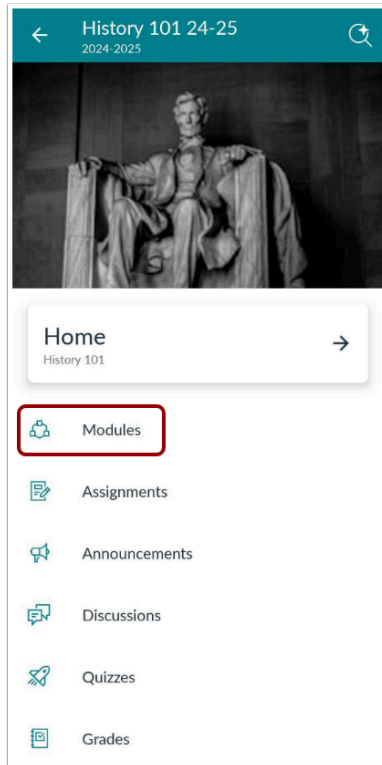

- The Course Navigation menu matches the browser version of your Canvas course. If Modules is not available in Course Navigation, it will also be hidden from view in the app.
- If your instructor includes a file in Modules, you may use the same PDF annotations as [submitting a PDF assignment](#).

Open Course

In the Dashboard, tap the name of the course you'd like to view.

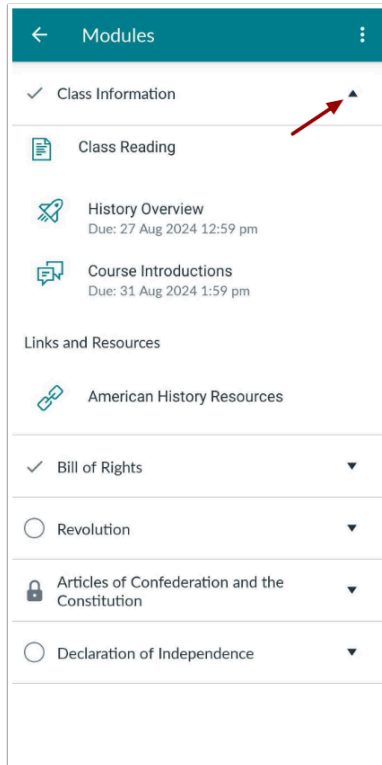

Open Modules

Tap the **Modules** link.

Note: You may need to swipe your screen to view Modules in the Course Navigation menu.

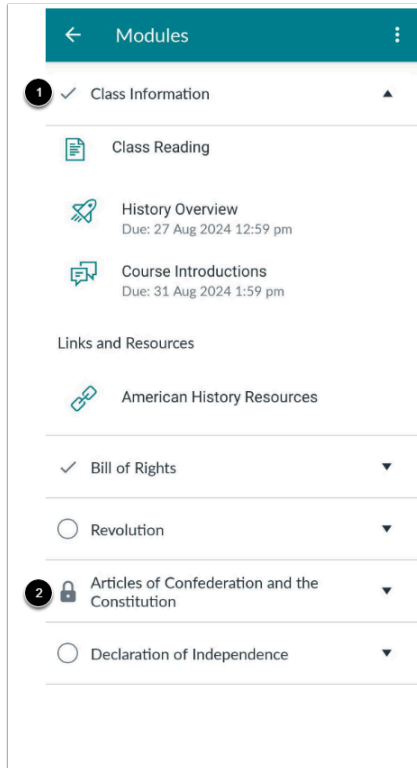

View Modules

The app displays all the modules in your course.

To collapse and expand modules, toggle the module arrow.

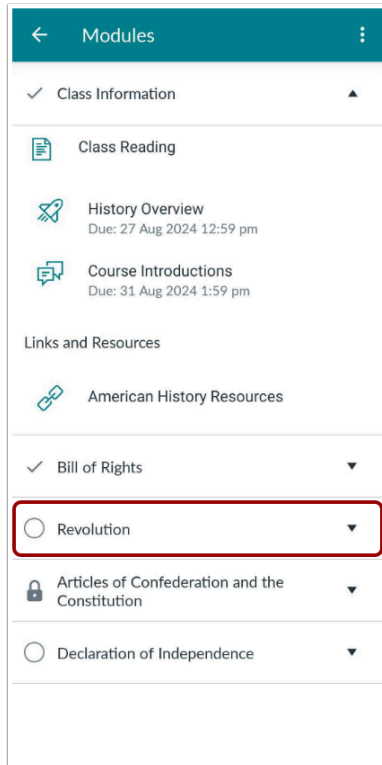

View Module Status

Modules also shows the status of each module. Once a module has been completed, the module includes a checkmark next to the module [1].

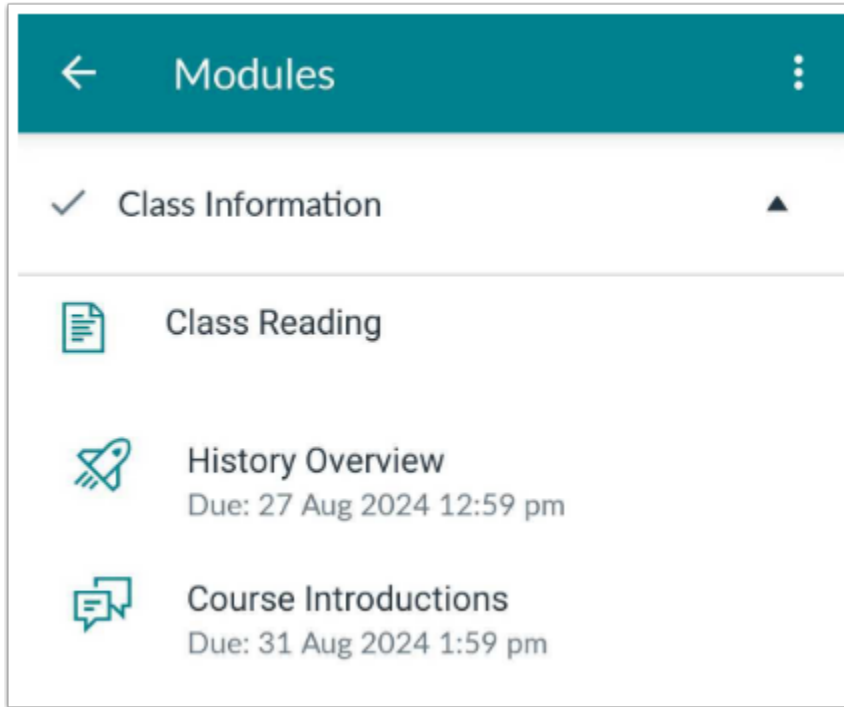

If a module is locked [2], it displays a locked icon. Locked modules require completed prerequisites before they can be viewed.

Open Module Items

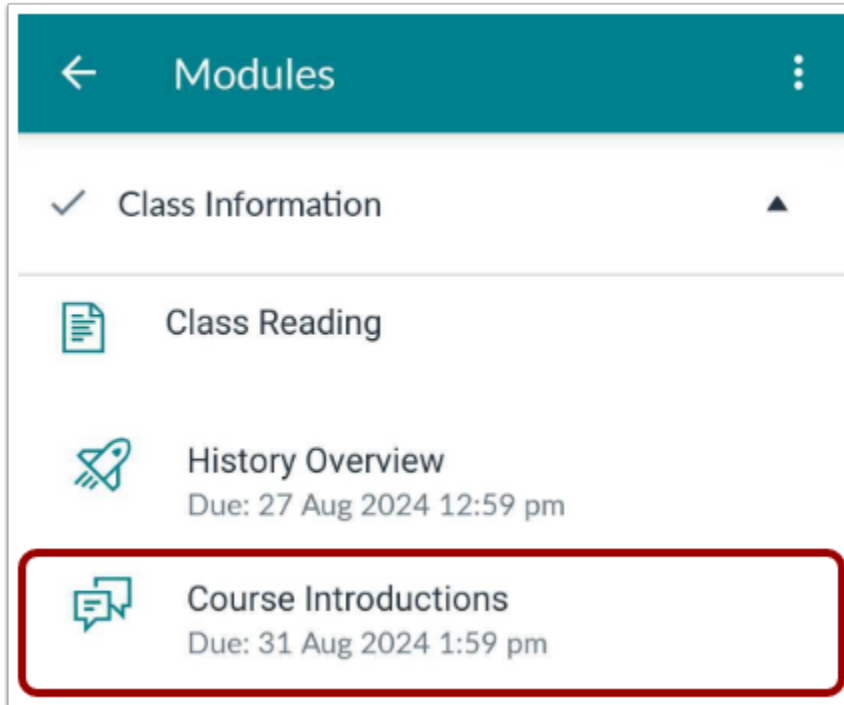

To view items within a module, tap the name of the module.

View Module Items

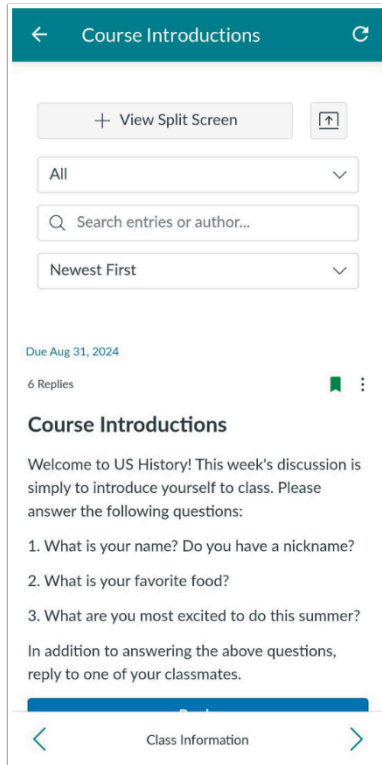

View the items in the module.

Open Module Item

To open a module item, tap the name of the item.

View Module Item

View the module item.

How do I choose an assignment group in a module in the Student app on my Android device?

If your Modules page asks you to choose an assignment group, you need to choose which assignment(s) you want to select before you can progress to the next assignment.

Open Course

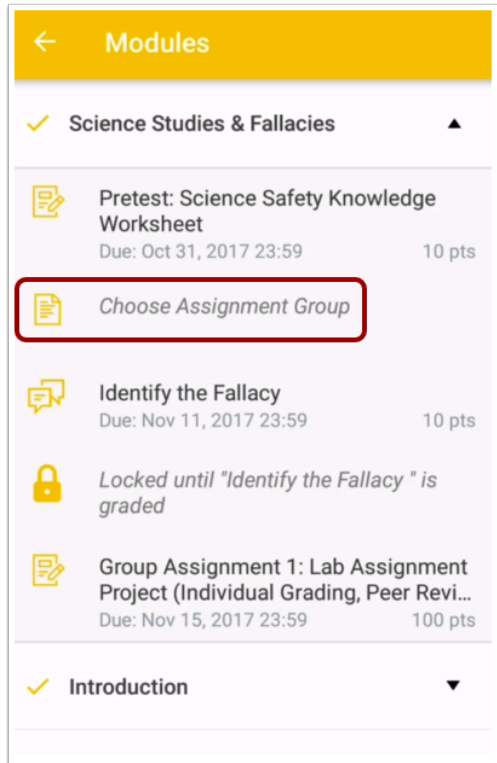

In the Dashboard, tap the name of the course you'd like to view.

Open Modules

In Course Navigation, click the **Modules** link.

Choose Assignment Group

Locate the current module and click the **Choose Assignment Group** link.

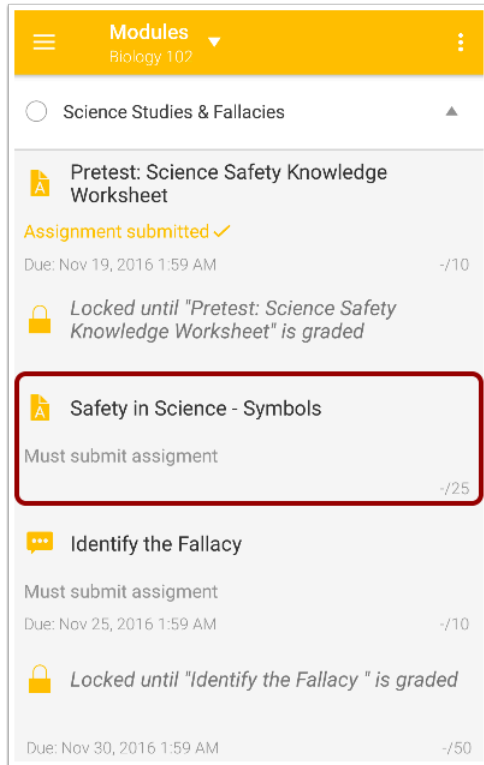

Select Assignment

View the assignment options by tapping the tabs [1]. Locate the assignment you want to select and tap the **Select** button. [2]

Note: Once you select an assignment, you cannot select a different assignment.

View Selected Assignment

View your selected assignment.

Note: If the link generates an error message, you can access the assignment by returning to the Modules link in Course Navigation.

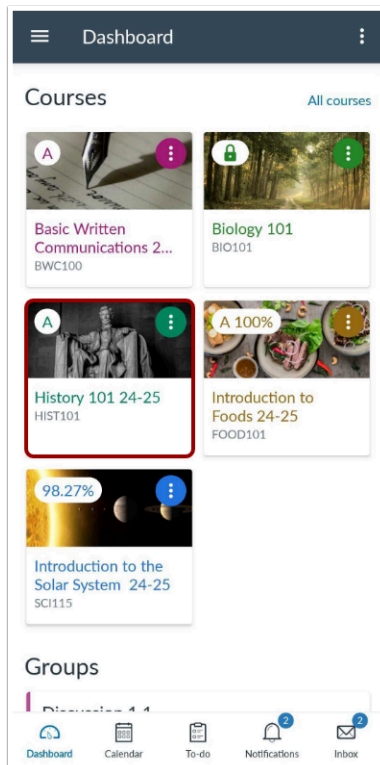

How do I view Pages in the Student app on my Android device?

Canvas lets you access Pages from your mobile device. You can view pages in a course or group.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

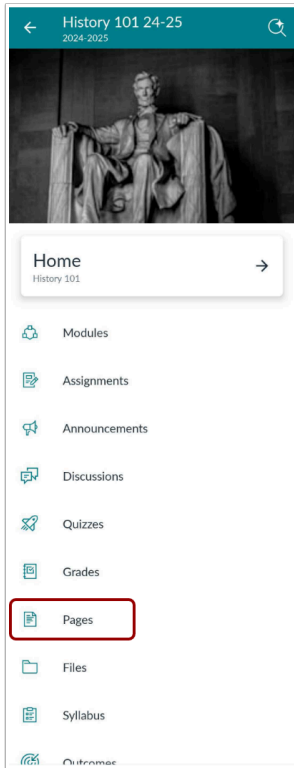

Note: The Course Navigation menu matches the browser version of your Canvas course. If Pages is not available in your Course Navigation, it will also be hidden from view in the app.

Open Course

In the Dashboard, tap the name of the course [1] or group [2] that you'd like to view.

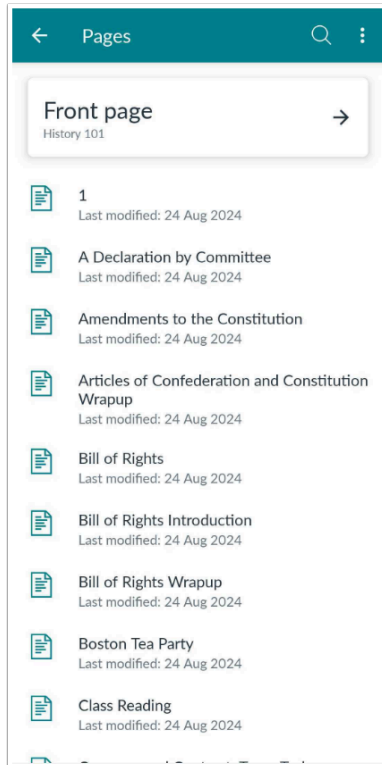

Open Pages

Tap the **Pages** link.

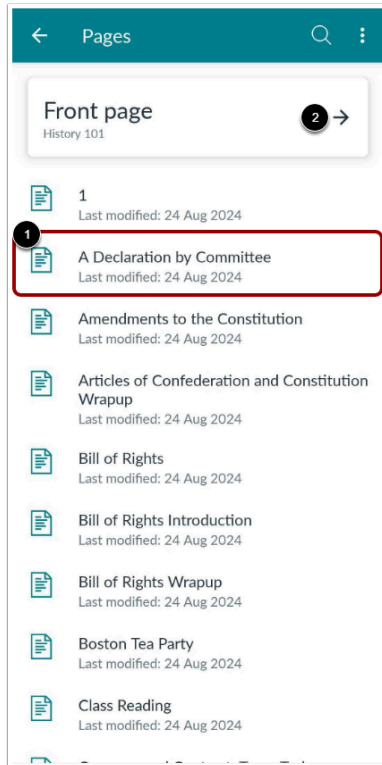

Note: You may need to swipe up on your screen to view Pages in the Course Navigation menu.

View Pages

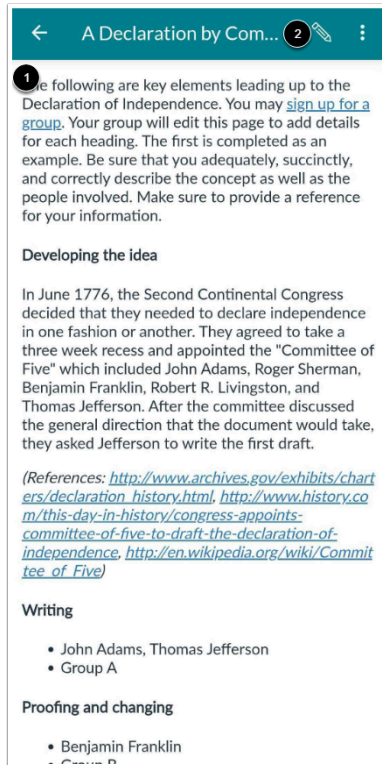

View the pages in your course or group.

Open Page

To open a page, tap the page name [1]. To open the front page, tap the **Front Page** button [2].

View Page

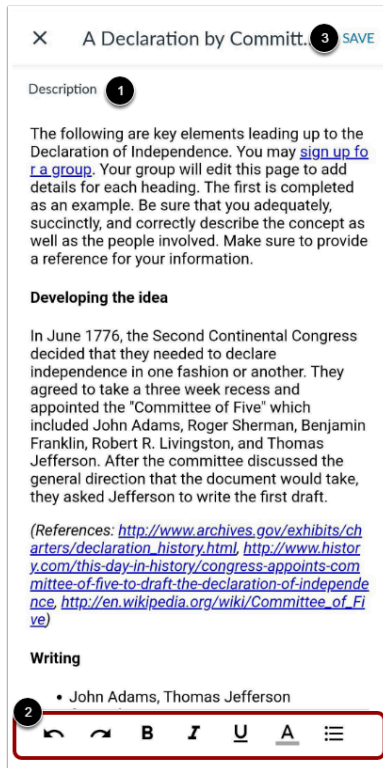

View the page [1].

To edit a page, tap the **Edit** icon [2].

Note: If the Edit icon does not display on a course page, this option has not been enabled in your course.

Edit Page

To edit page content, tap the area you want to change [1]. To format your text, insert an image, or add a link, use the **Rich Content Editor** icons [2].

To save your changes, tap the **Save** link [3].

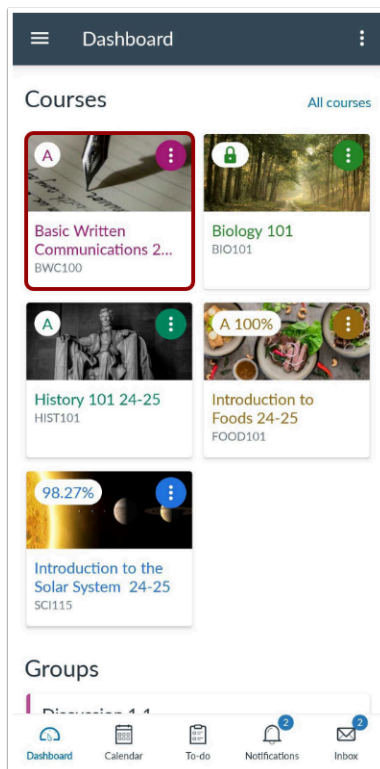

How do I view People in the Student app on my Android device?

Canvas lets you access People from your mobile device.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

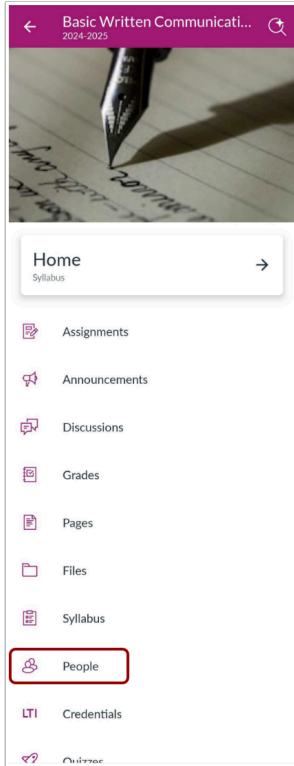

Note: The Course Navigation menu matches the browser version of your Canvas course. If People is not available in your Course Navigation, it will also be hidden from view in the app.

Open Course

In the Dashboard, tap the name of the course you'd like to view.

Open People

Tap the **People** link.

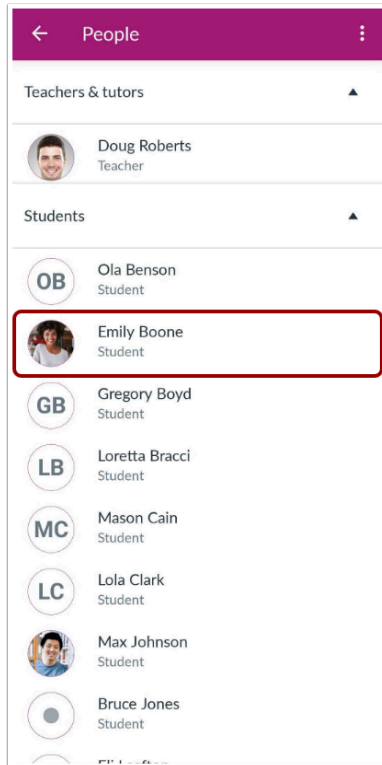

Note: You may need to swipe your screen to view People in the Course Navigation menu.

View People

View the users enrolled in your course.

Open User Details

To view details about a user, tap the user's name.

View User Details

View details about the user, if any. You can send a message to the user by tapping the **Message** icon.

How do I take a quiz in the Student app on my Android device?

You can take a quiz on your mobile device.

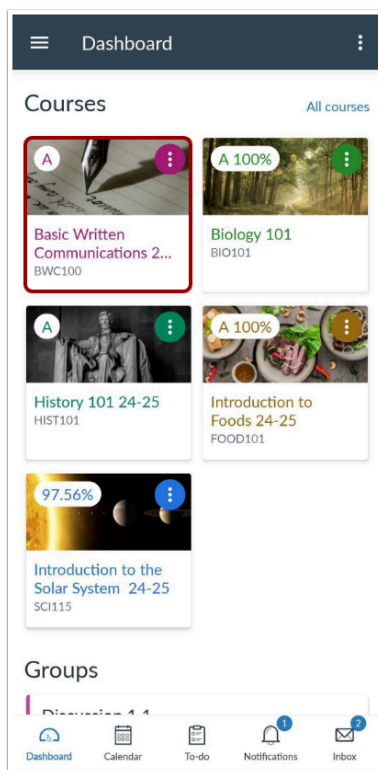

When you are finished, you may be able to view your quiz results in the browser version of Canvas.

If you cannot find your quiz on the Quizzes page, your instructor may have [assigned a New Quizzes assessment](#).

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Note: The Course Navigation menu matches the browser version of your Canvas course. If Quizzes is not available in your Course Navigation, it will also be hidden from view in the app.

Open Course

In the Dashboard, tap the name of the course you would like to view.

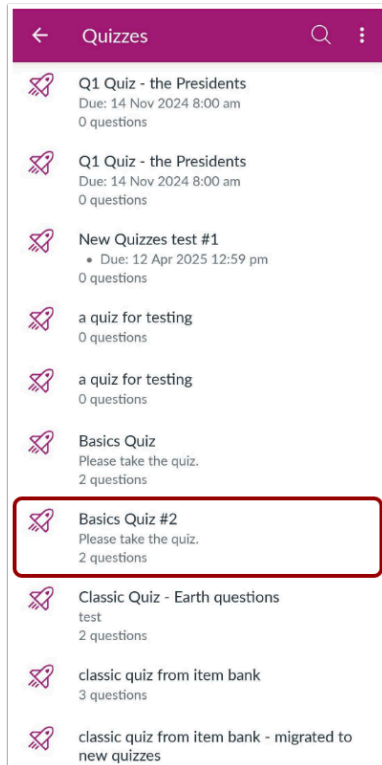

Open Quizzes

Tap the **Quizzes** link.

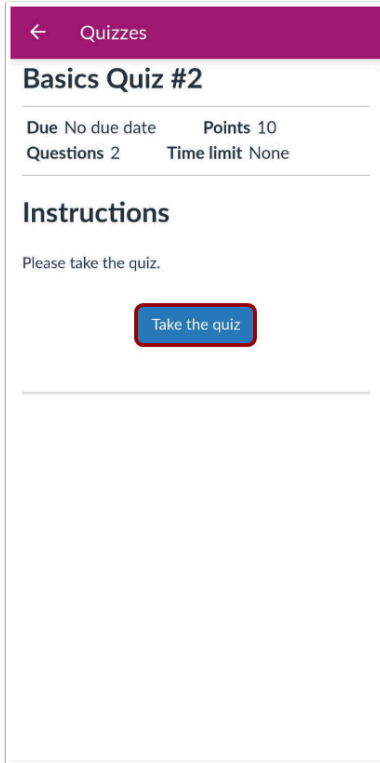

Note: You may need to swipe your screen to view Quizzes in the Course Navigation menu.

Open Quiz

To open a quiz, tap the name of the quiz.

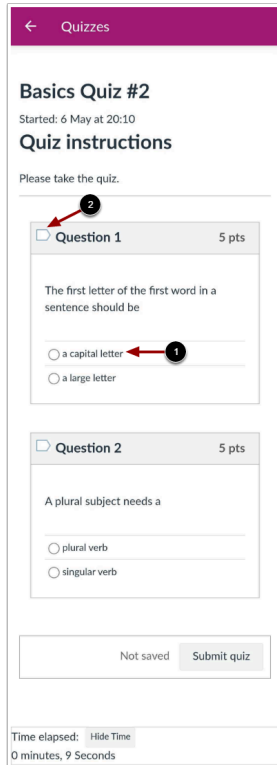

Take Quiz

Tap the **Take the Quiz** button.

If you are returning to a quiz you started previously, tap the **Resume Quiz** button.

Take Quiz

The screenshot shows the 'Quizzes' screen in the Canvas Student app. At the top is a purple header bar with a back arrow and the word 'Quizzes'. Below this, the title 'Quiz #5' is displayed. A horizontal line separates the title from the quiz details. The details include: 'Due 23 May at 22:59', 'Points 5', 'Questions 5', 'Available 15 May at 23:00 - 23 May at 22:59', 'Time limit 30 Minutes', and 'Allowed attempts Unlimited'. Another horizontal line follows. Below the line, the text 'Please answer the questions.' is shown. At the bottom, there is a blue button with a red border labeled 'Take the quiz'.

To begin your assessment, tap the **Take the quiz** button.

Complete Quiz Questions

The screenshot shows the Canvas Student Android app interface. At the top, there is a navigation bar with a menu icon, a rocket icon, and two buttons: "Return" and "Submit". Below the navigation bar, the title "Quiz #4" is displayed, followed by the instruction "Please take the spelling quiz." The main content area shows a question labeled "1" with a point value of "1 point". The question text is "Match the correct spelling of the word." There are four options listed: "sharp", "song", "stick", and "tooth". Each option is in a box with a line connecting it to a dropdown menu on the right. The dropdown menus are currently set to "sharp", "song", "stick", and "tooth". There are two red arrows pointing to the question number "1" and the pin icon. A second red arrow points to the pin icon, which is labeled "2".

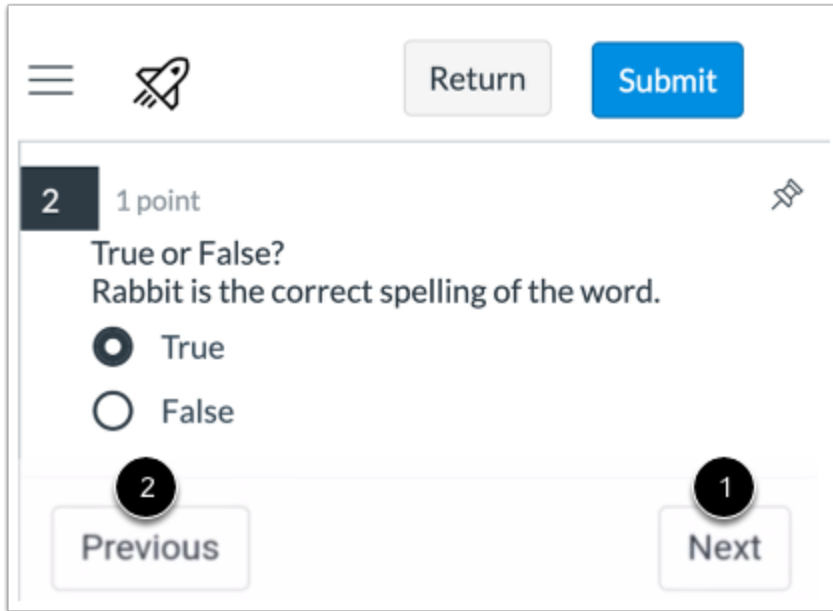

Complete the assessment per your instructor's instructions.

Your instructor may ask you to complete [several types of questions](#). Each question will display its point value [1].

To pin a question to review later, tap the **Pin** icon [2].

If your assessment is timed, the time remaining will display on the assessment page. To hide the timer, tap the **Hide** icon.

Complete One Question at a Time

If your assessment displays one question at a time, you can advance to the next question by tapping the **Next** button [1].

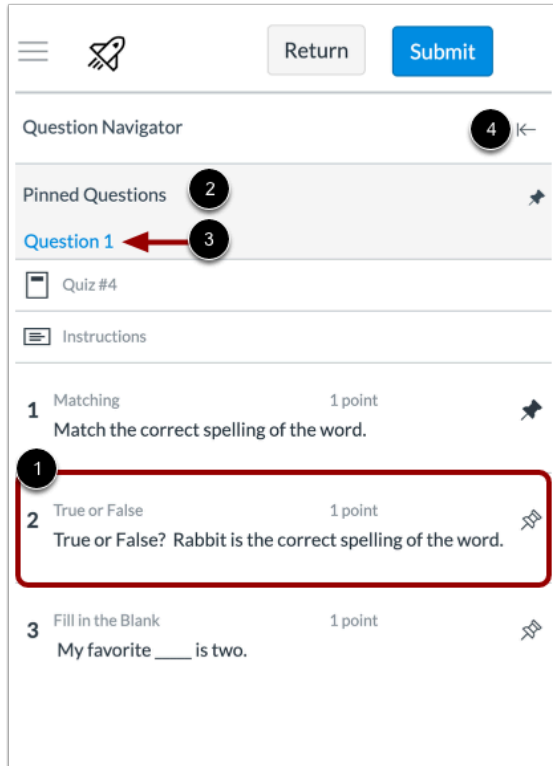

If your assessment allows backtracking, you can return to previous questions by tapping the **Previous** button [2].

Open Question Navigator

To open the Question Navigator, tap the **Menu** icon.

View Question Navigator

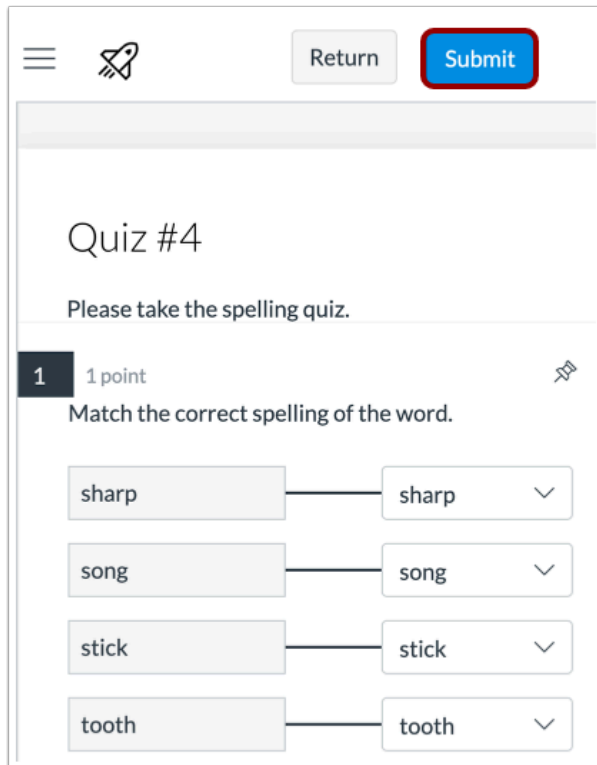

The Question Navigator allows you to easily view all questions included in an assessment. To jump to a specific question, tap the question [1].

All pinned questions will display in the **Pinned Questions** section [2]. To view a pinned question, tap the name of the question [3].

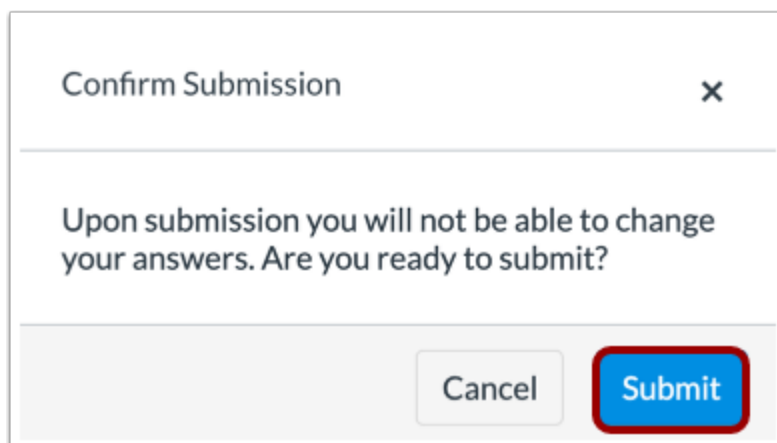

To close the Question Navigator, tap the **Close** icon [4].

Submit Quiz

To submit the assessment, tap the **Submit** button.

Confirm Submission

To confirm your submission, tap the **Submit** button.

Open Quiz

Tap the name of the quiz.

View Results

The screenshot shows the 'Quizzes' screen in the Canvas Student app. At the top, it says 'Quiz #1'. Below that, it lists the due date (Aug 27, 2024 at 10:59pm), points (21), questions (12), and time limit (None). The 'Instructions' section says: 'Please take the quiz. You do not need to study; I just want to know what you know about these topics before we start learning more.' and includes a link to a Canvas LMS community forum. The 'Attempt History' table shows one attempt with a score of 17.67 out of 21. Below the table, it says 'Score for this quiz: 17.67 out of 21' and 'Submitted Aug 27, 2024 at 12:45pm'. The 'Question 1' section shows a prompt: 'Reflect on what this course has taught you. Write 2-3 paragraph response explaining why you did not learn during this course.' and a text input field with 'Your Answer:' and 'Lorem ipsum'. The 'Question 2' section shows a prompt: 'Roses are red, violets are'.

Quiz results open in a browser window. You can view your overall quiz results at the top of the page [1]. You can also review the quiz by question, if allowed [2].

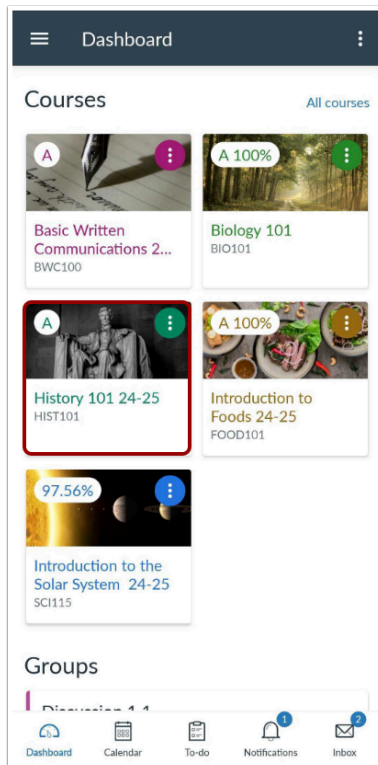

How do I view the Syllabus in the Student app on my Android device?

Canvas lets you access the Syllabus and course assignment list from your mobile device.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Note: The Course Navigation menu matches the browser version of your Canvas course. If the Syllabus is not available in Course Navigation, it will be hidden from view in the app. You can always access Syllabus information in the [Notifications](#) link.

Open Course

In the Dashboard, tap the name of the course you'd like to view.

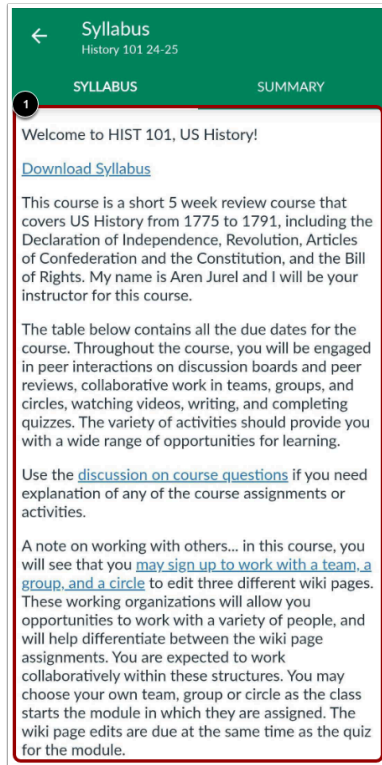

Open Syllabus

Tap the **Syllabus** link.

Note: You may need to swipe your screen to view Syllabus in the Course Navigation menu.

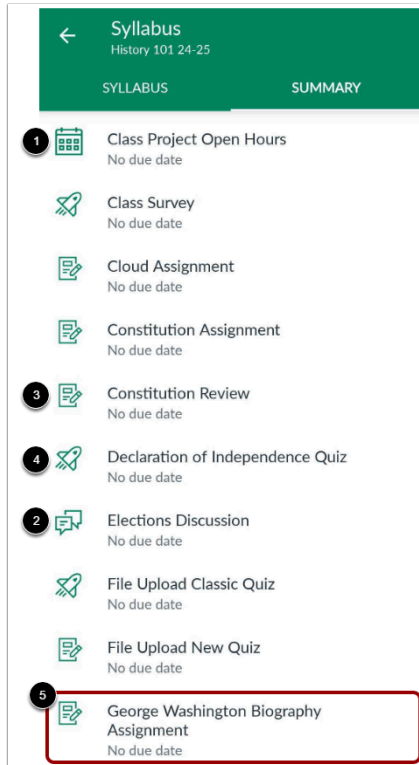

View Syllabus

View your course syllabus [1].

To view your assignments and events, tap the **Summary** tab [2].

View Course Summary

View the course summary list. The course summary list includes course events [1], discussions [2], assignments, [3], and quizzes [4]. Items in the course summary list are organized by date.

To open an assignment or event, tap the name of the item [5].

Note: If your instructor hides the course summary in the browser version of your course, it will be hidden in the Student app.

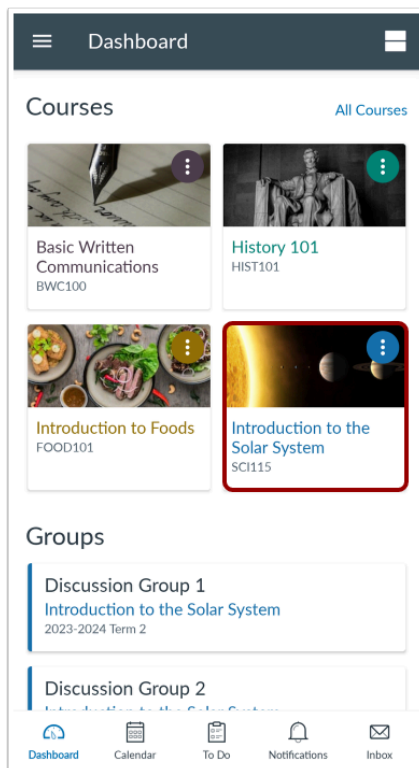

How do I create a reminder for an assignment or quiz in the Canvas Student app on my Android device?

You can set reminders through your assignment details or quiz details page. You can choose the date and time that you would like to receive the reminder. Reminders are sent as push notifications to your device.

You can also set reminders for assignments that don't have due dates.

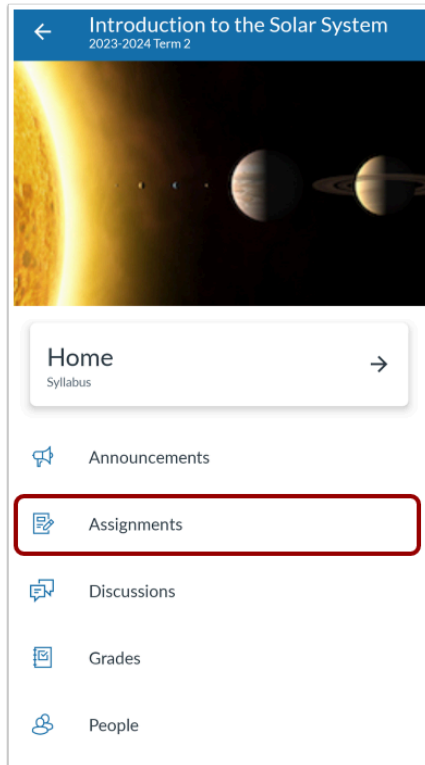

Note: Although this lesson displays the steps for setting a reminder for an assignment, the same steps apply to setting a reminder for a quiz.

Open Course

In the Dashboard, tap the name of the course you would like to set a reminder for.

Open Assignments

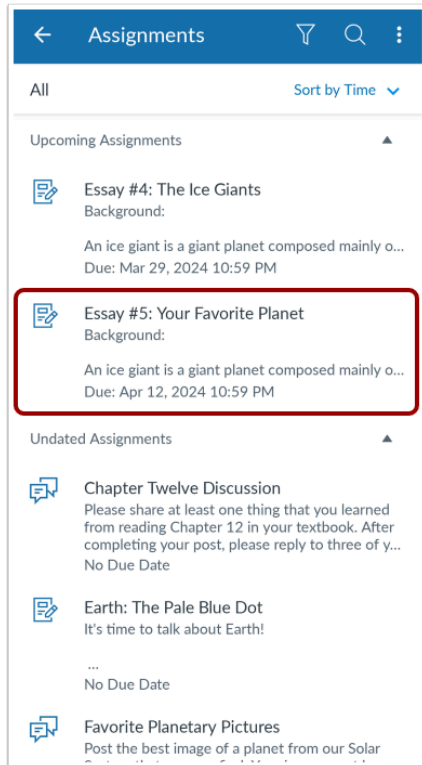

Tap the **Assignments** link.

Notes:

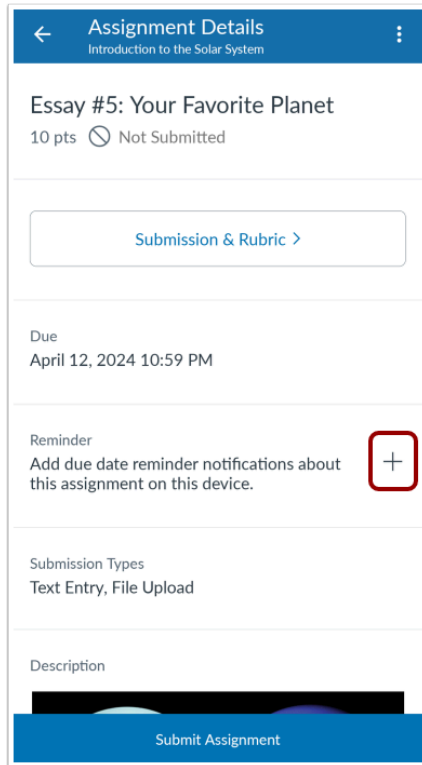

- You may have to swipe your screen to view the Assignments link.
- You can also set a reminder for a quiz through the Assignments link.

Open Assignment

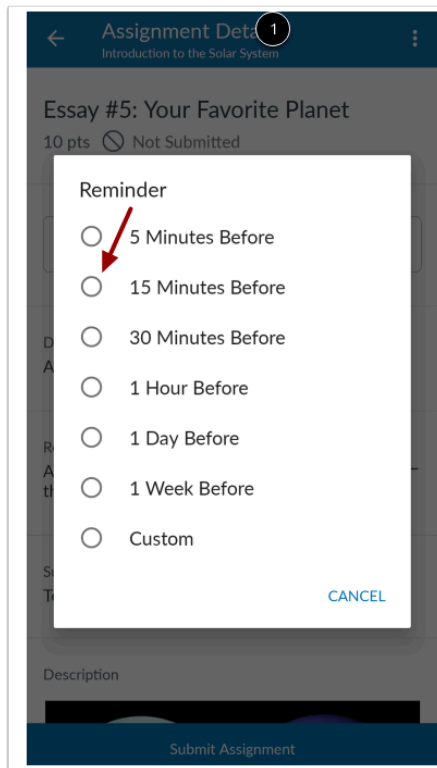

Tap the name of an assignment or quiz.

Add Reminder

Tap the **Add due date reminder notifications about this assignment on this device** button.

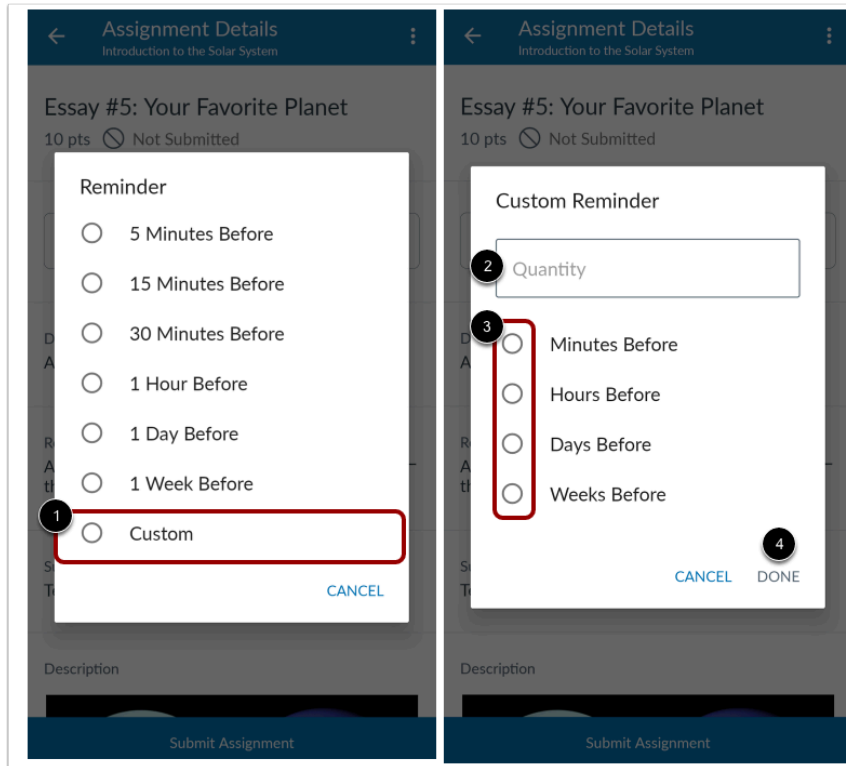

Set Reminder

Tap the desired reminder notification radio button. You can choose from five, fifteen, or thirty minutes before, one hour before, one day before, or one week before. You can also set a custom reminder.

You can only set one reminder per reminder type at a time. To add multiple reminders, you must set each reminder individually. The maximum number of reminders per assignment is ten.

Set Custom Reminder

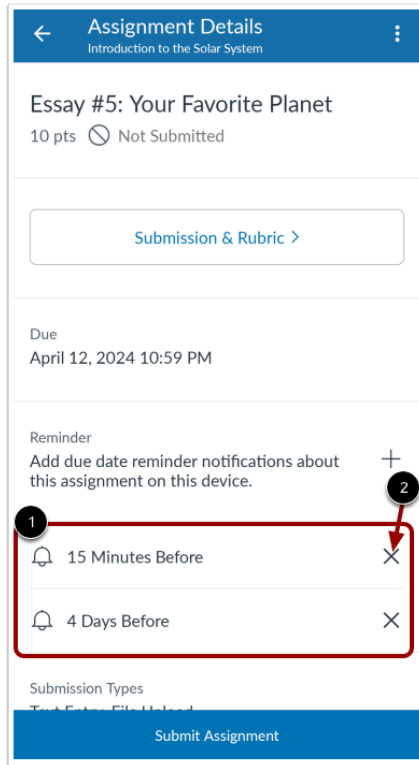

You can set custom reminders for assignments.

Tap the **Custom** reminder notification radio button [1].

In the **Quantity** field, enter a numerical value [2]. Then tap the radio button of when you would like to receive the reminder [3].

Tap the **Done** link [4].

View Reminder

Reminders display in the assignment details page [1]. To remove a reminder, tap the **Delete** icon [2].

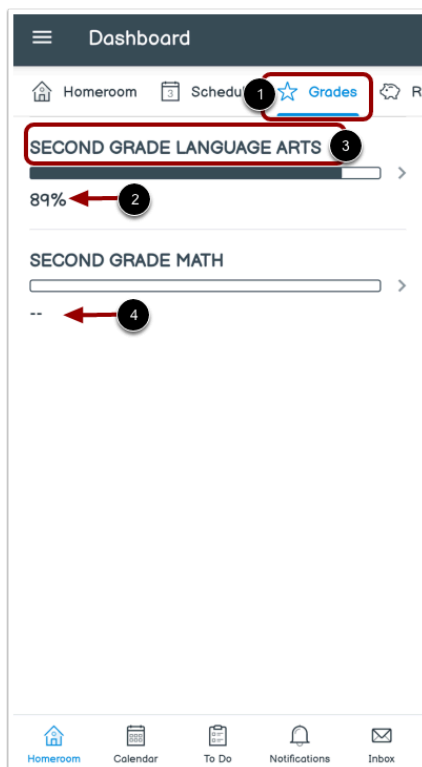

Note: Overdue reminders do not display.

How do I view my grades in a current subject using the Student app on my Android device in Canvas for Elementary?

The Grades page in a course displays current grades for all course assignments. You can also view scoring details, comments, and rubrics. If your institution has enabled grading periods, you can also filter grades by grading period.

Note: Some details in the Grades page, such as scoring details and the total grade, may be restricted in your course.

Open Subject Grades

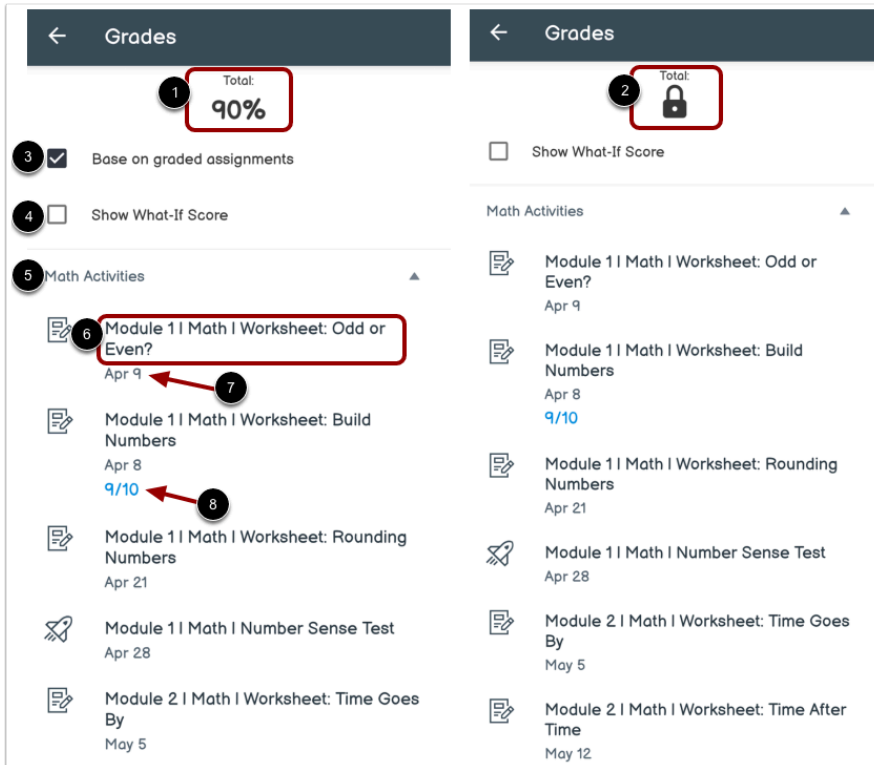

From the Homeroom, tap the **Grades** tab [1].

If allowed by your instructor, your total subject grades display [2].

To view grade details for a subject, tap the subject name [3].

Note: If your instructor has hidden total subject grades, dashes display in place of the total subject grade [4].

View Subject Grades

If allowed by your instructor, your overall subject grade displays [1]. If your instructor does not allow you to view your grades, a lock icon is displayed [2].

To view assignment group totals, tap the **Based on graded assignments** checkbox [3]. By default, grades are sorted chronologically by assignment due date.

To view What-if scores, tap the **Show What-If Score** checkbox [4].

You can view the assignment group [5], the name of the assignment [6], the assignment due date [7], and your assignment score and total assignment points [8].

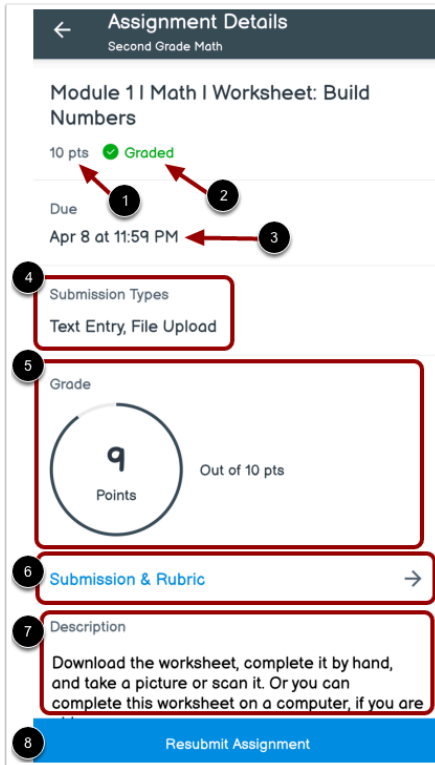

Note: If your institution has enabled grading periods, you can view grading periods using the **Grading Period** dropdown menu.

Open Assignment

To view scoring details and comments, tap the assignment name.

View Assignment Details

The Assignment Details page displays assignment information.

If your assignment is graded, the details page displays the points possible [1] and a **Graded** label [2].

The assignment details page displays the assignment due date [3] and submission type(s) [4].

If your assignment is graded, the details page displays the grade you received [5].

To view your submission, tap the **Submission & Rubric** link [6]. Submission and other details display in the Submission page.

The assignment details page also displays the assignment description [7].

If you are allowed to add a new submission to the assignment, the Resubmit Assignment button may display [4]. To submit a new attempt, tap the **Resubmit Assignment** button [8].

View Submission

The Submission details page displays your most recent submission. You can view comments [1], file submissions [2], and a rubric, if any [3].

Assignments

How do I view Assignments in the Student app on my Android device?

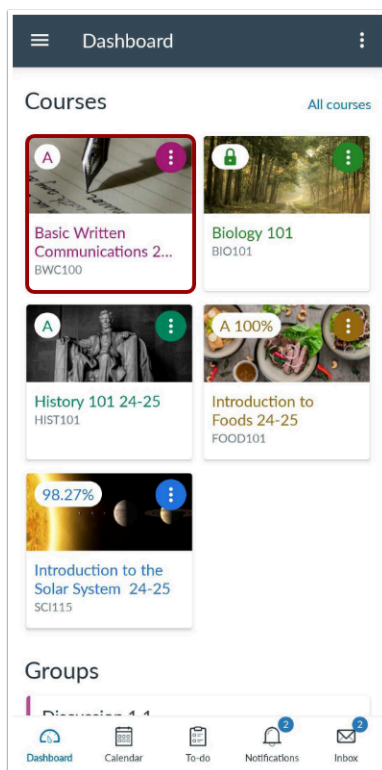

The Canvas Student app helps you keep track of all course assignments. You can also view newly created assignments or changes to assignments in the [Notifications tab](#).

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Notes:

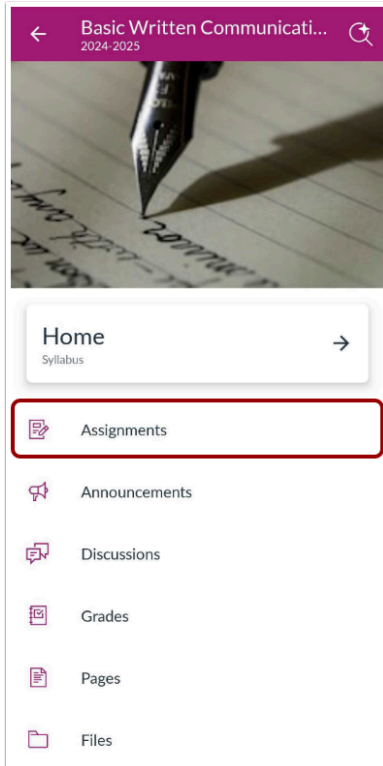

- The Course Navigation menu matches the browser version of your Canvas course. If Assignments is not available in your Course Navigation, it will also be hidden from view in the app.
- If the assignment you are accessing displays differently, Assignment Enhancements may be enabled in your course. Currently, Assignment Enhancements is only partially supported by the app.

Open Course

In the Dashboard, tap the name of the course you want to view.

Open Assignments

Tap the **Assignments** link.

Note: You may need to swipe your screen to view Assignments in the menu.

View Assignments

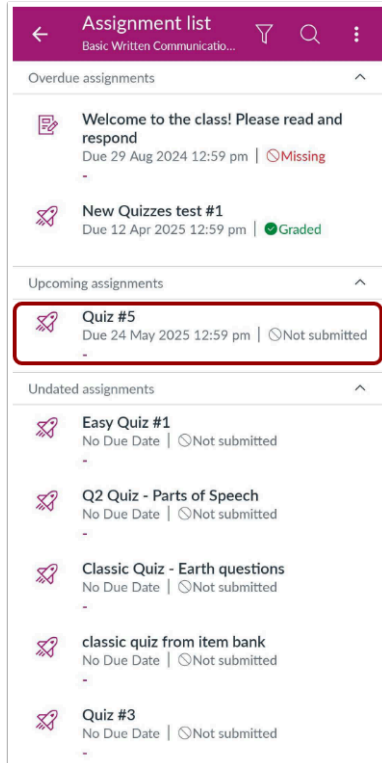

Assignments are organized into assignment groups [1].

To collapse and expand assignment groups, tap the group arrow [2].

To filter assignments, tap the **Filter** icon [3] and select a filter from the **Assignment Filter** list [4].

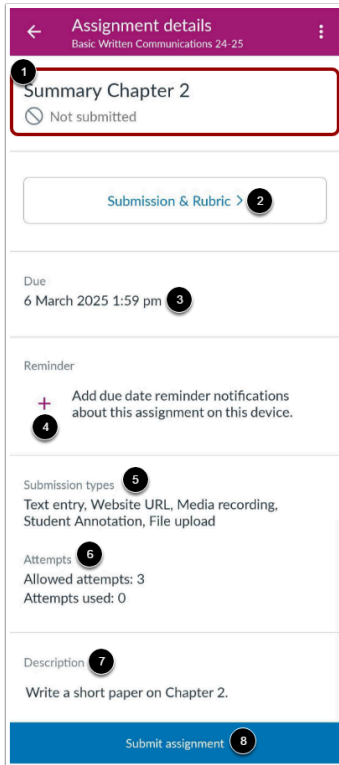

To group assignments, select a grouping option from the **Group By** list [5].

Open Assignment

To view an assignment, tap the name of the assignment.

View Assignment Details

The Assignment Details page displays the assignment title, points possible, and submission status [1].

To [view submission details](#) and the [assignment rubric](#), tap the **Submission & Rubric** link [2].

You can view the assignment's due date [3].

You can add a reminder for the assignment by tapping the **Add reminder** link [4].

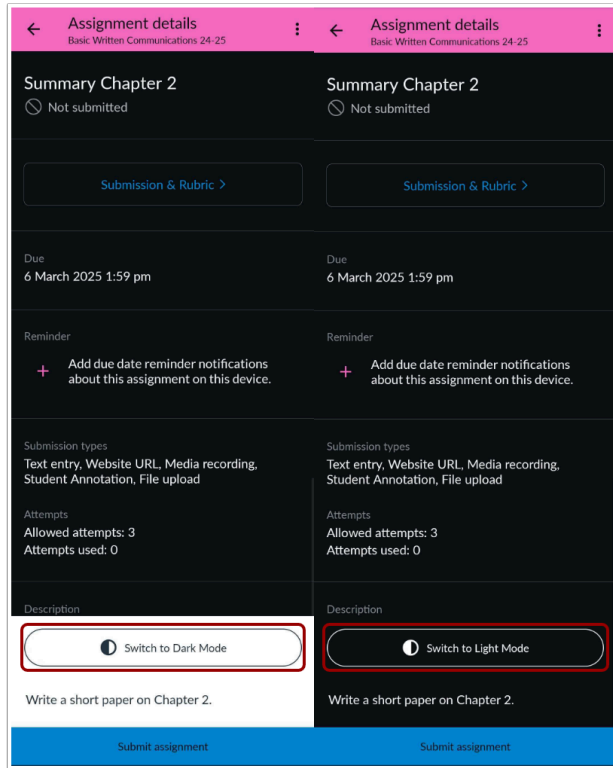

You can view the assignment's submission types [5].

You can view the number of allowed attempts and attempts used [6].

You can also view the assignment's description [7].

To submit your assignment, tap the **Submit assignment** button [8].

Switch to Dark and Light Mode

When the app theme is set to Dark Mode, you can switch between the different modes in the assignment details by tapping the **Switch to Dark Mode** or **Light Mode** button.

Submit Assignment

The Student app supports the following assignment submission types:

- [Text Entry](#)
- [Website URL](#)
- [Media Recording](#)
- [File Upload](#)
- [Canvas Studio](#)
- [Student Annotation](#)

View External Tool Assignment

External Tool

Description
What is your favorite color? Tell me what it is in at least 100 words.

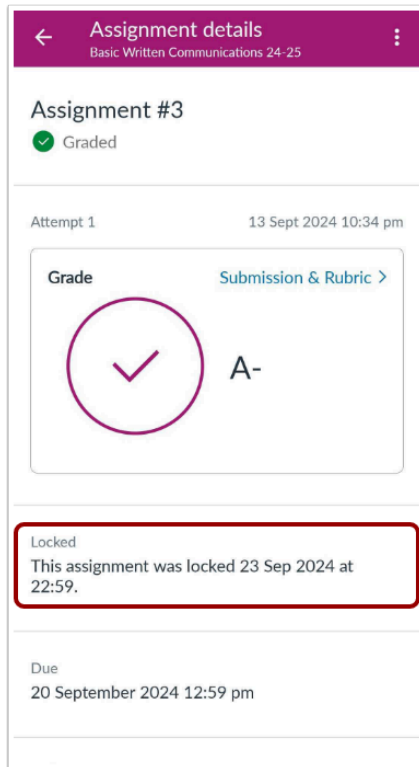

[Launch External Tool](#)

To submit an external tool assignment, tap the **Launch External Tool** button.

View Locked Assignment

If an assignment is not yet available, the Assignment Details page displays the date and time the assignment will unlock.

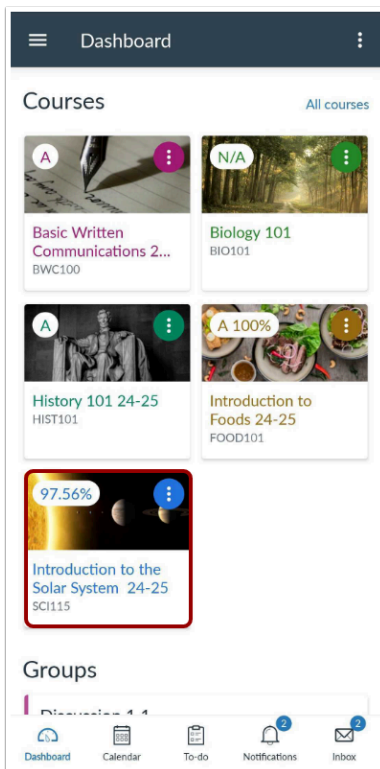

If the assignment availability date has passed, the Assignment Details page displays the date and time the assignment was locked.

How do I make a comment about an assignment in the Student app on my Android device?

You can leave comments on an assignment to ask questions or provide feedback.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open Course

In the Dashboard, tap the name of the course you want to view.

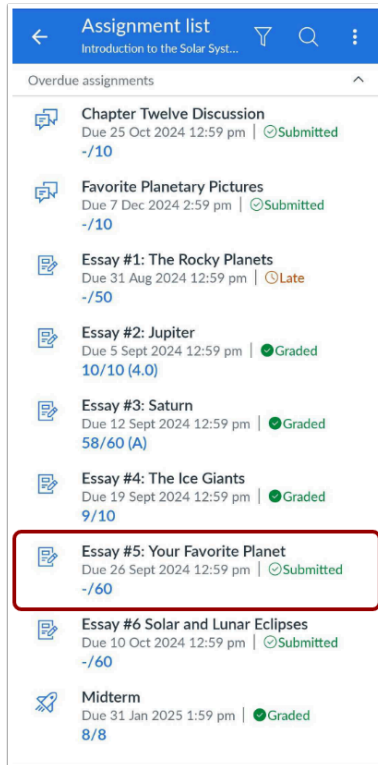

Open Assignments

Tap the **Assignments** link.

Note: You may need to swipe your screen to view Assignments in the menu.

Open Assignment

Tap the name of the assignment.

Open Submission and Rubric

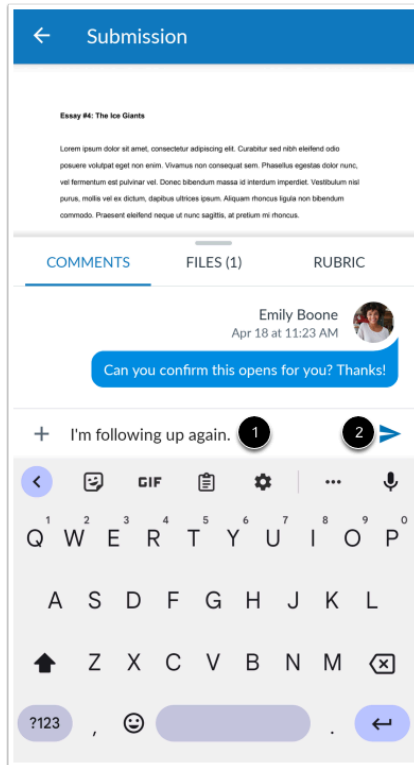

Tap the **Submission & Rubric** link.

Open Submission Comments

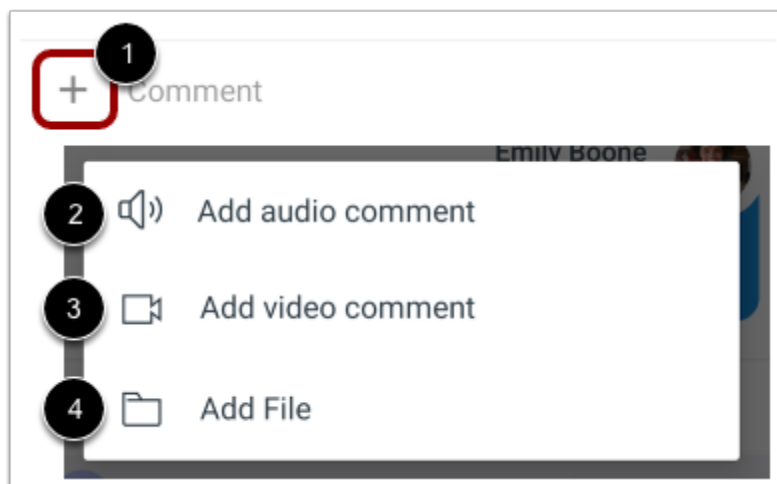

On the Submission Details page, swipe up on the comments tab.

Add Text Comment

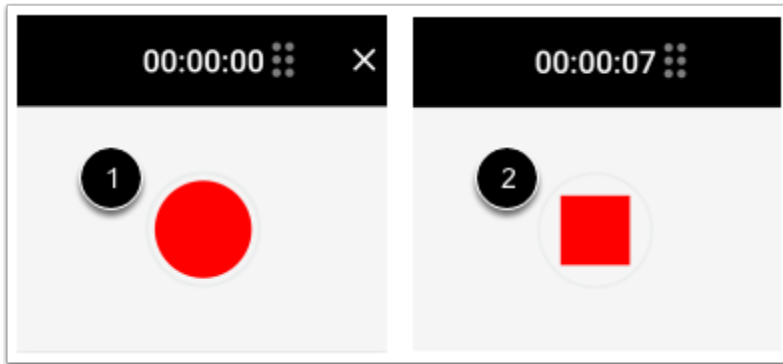

To add a text comment, tap the **Comment** field and type your text [1]. Submit your comment by tapping the **Send** button [2].

Add Media Comments

To add different comment type, tap the **Add** icon next to the comment field [1]. You can record an audio comment [2], record a video comment [3], or upload a file [4].

Record Audio

To record audio, tap the **Record** button [1].

To stop recording, tap the **Stop** button [2].

Preview and Send Audio Comment

To replay the audio, tap the **Replay** button [1]. To re-record the audio, press the **Delete** button [2]. When you are finished, tap the **Send** button [3].

Record Video

To record a new video, tap the **Record** button [1].

To stop recording, tap the **Stop** button [2].

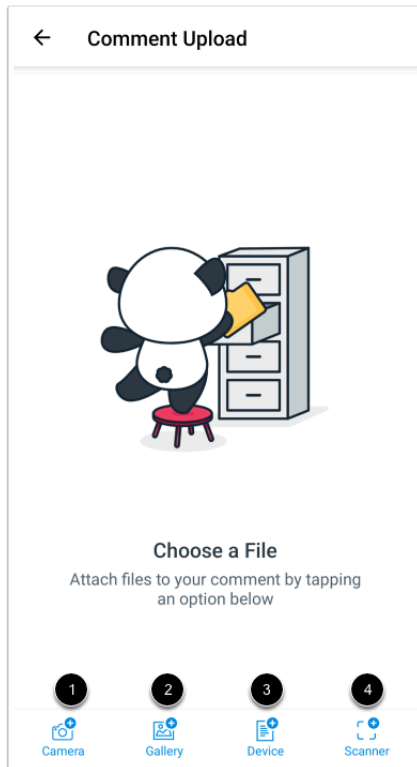

Note: Canvas may ask permission to access your microphone.

Use Video

To replay the video, tap the **Replay** button [1]. If you want to re-record the video, tap the **Delete** button [2]. When you are finished, tap the **Send** button [3].

Choose File

To take and then attach a camera or video file, tap the **Camera** icon [1]. To attach a file from your device image library, tap the **Gallery** icon [2]. To attach a file from your device files, tap the **Device** icon [3]. To scan a document, tap the **Scanner** icon [4].

How do I view the rubric for my assignment in the Student app on my Android device?

Your instructor may include a rubric as part of your assignment. A rubric is a set of criteria that your instructor will use to grade your assignment. Before submitting your assignment, you can view an assignment rubric to evaluate your own work and make sure your assignment fulfills your instructor's requirements.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Note: Some assignments may not include a rubric.

Open Course

Tap the name of the course.

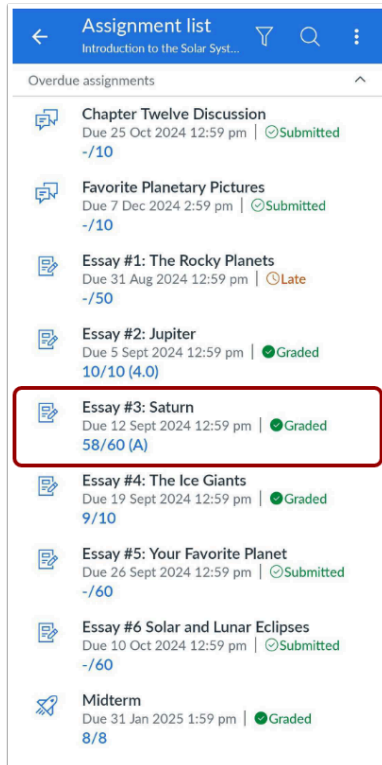

Open Assignments

Tap the **Assignments** link.

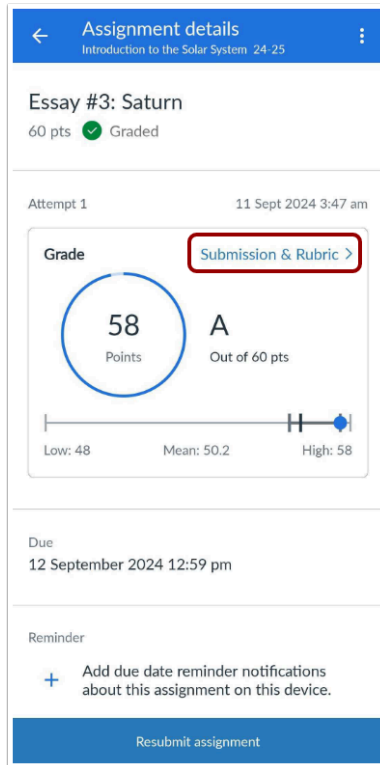

Note: You may have to swipe to view the Assignments link.

Open Assignment

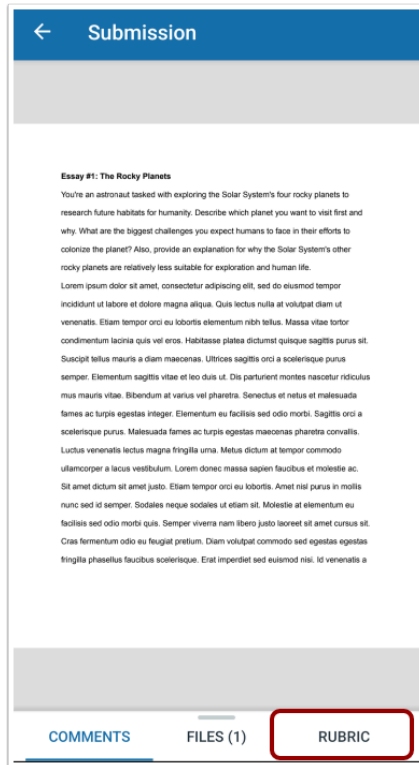

Tap the name of the assignment.

Open Submission and Rubric

On the Assignment Details page, tap the **Submission & Rubric** link.

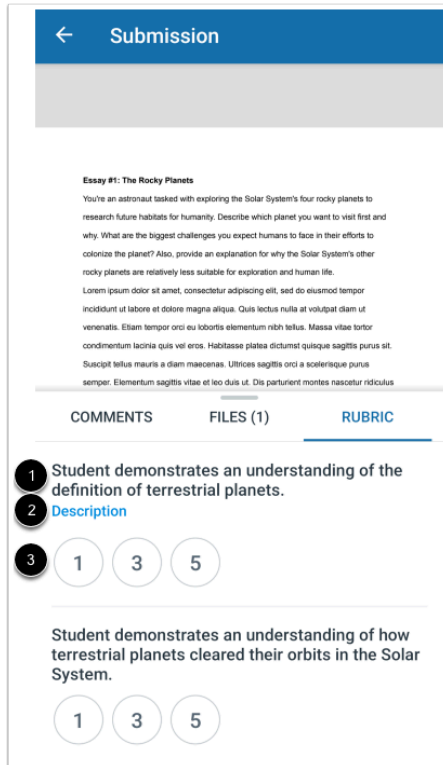

Open Rubric

Tap the **Rubric** link.

Note: The Rubric tab displays even if your instructor has not attached a rubric to the assignment.

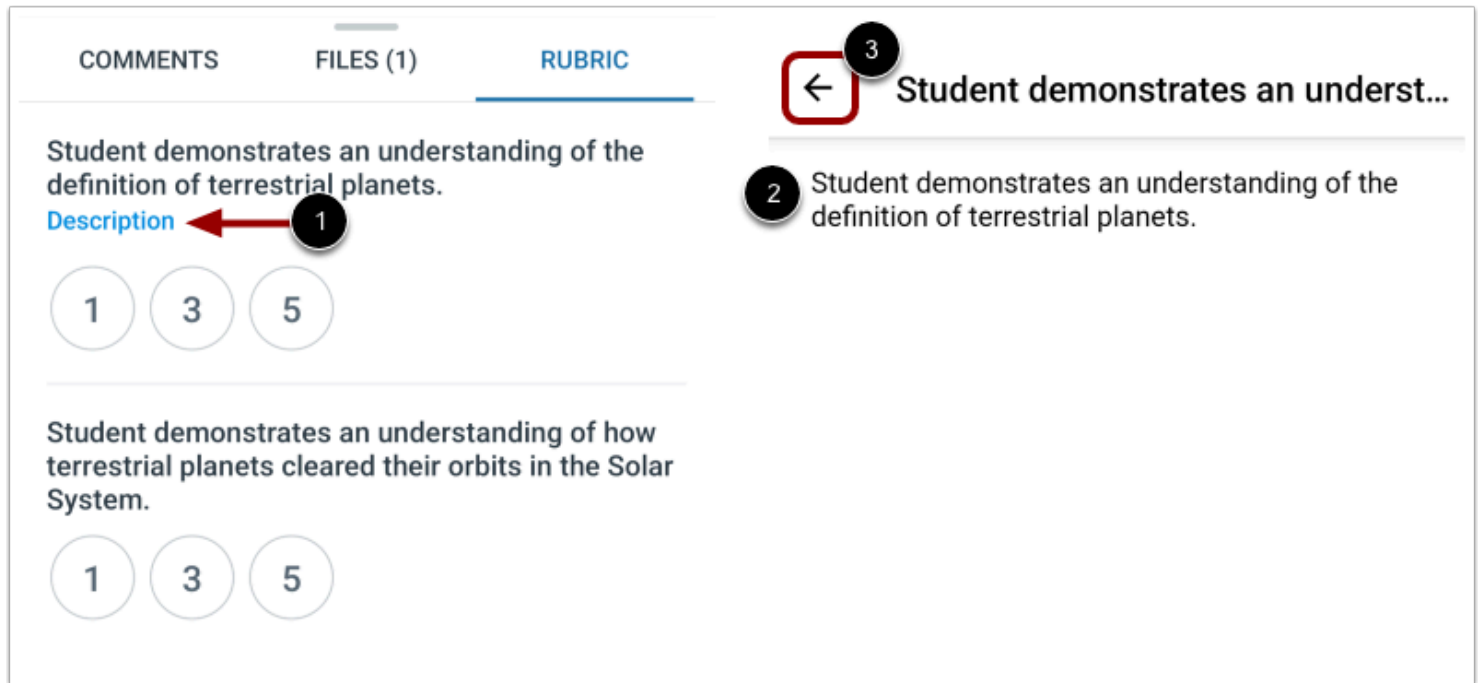

View Rubric

The Rubric tab displays rubric criteria [1], a link to the criterion description [2], and possible criterion ratings [3].

To view additional rubric criteria, swipe up.

View Criterion Description

COMMENTS FILES (1) **RUBRIC**

Student demonstrates an understanding of the definition of terrestrial planets.
[Description](#) **1**

1 3 5

Student demonstrates an understanding of how terrestrial planets cleared their orbits in the Solar System.

1 3 5

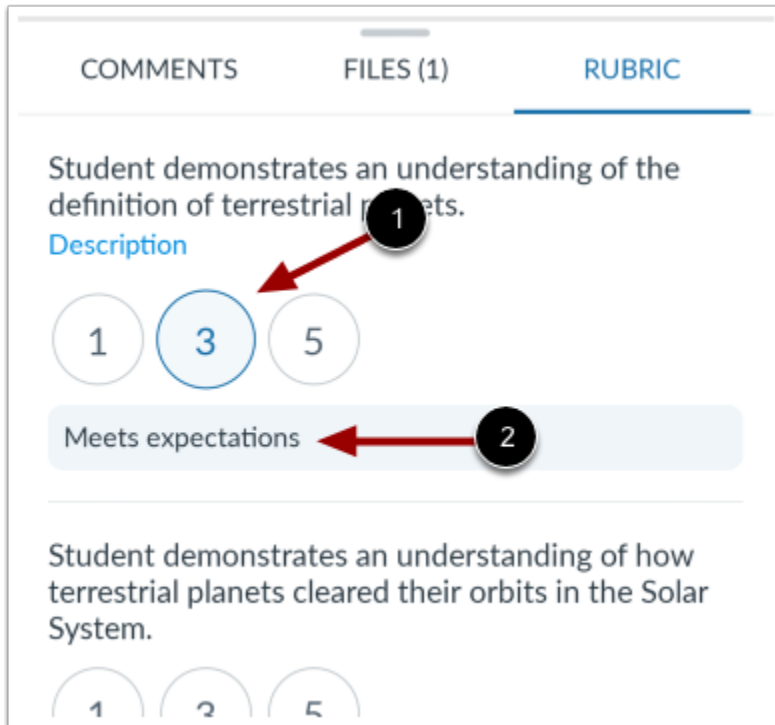

2 Student demonstrates an understanding of the definition of terrestrial planets.

3 Student demonstrates an understanding of the definition of terrestrial planets.

To view a description for a criterion, tap the criterion's **Description** link [1].

The criterion description displays in a new page [2]. When you are finished reviewing the criterion description, tap the **Back** link [3].

View Criterion Rating

To view a rating for a criterion, tap the criterion's **Number** button [1].

The criterion rating description displays below the criterion rating [2].

How do I upload a file as an assignment submission in the Student app on my Android device?

You can upload media files from your Android device as an assignment submission in the Student app. Once you submit your assignment, you can [verify your assignment](#) submission. You can also [resubmit assignments](#) if your instructor allows.

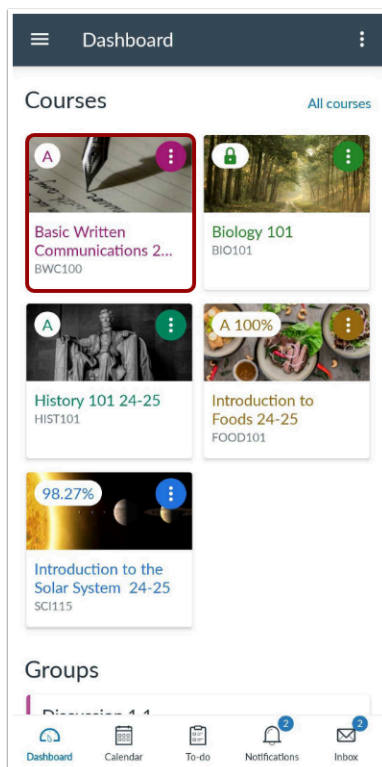

You can also submit an assignment from a [third-party app](#), such as Google Drive and Dropbox.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Notes:

- Your instructor may restrict certain assignment types, including file uploads, so this option may not be available for your assignment submission.
- If your assignment includes a link to a PDF file, you can [add annotations](#) as part of your submission.
- If enabled in the browser version of Canvas, you will see celebration animations when you submit an on-time assignment in the Student app.
- To learn more about File Upload and Media Recording submissions in the Canvas Student app, view the [Canvas Media Comparison PDF](#).

Open Course

In the Dashboard, tap the name of the course you want to view.

Open Assignments

Tap the **Assignments** link.

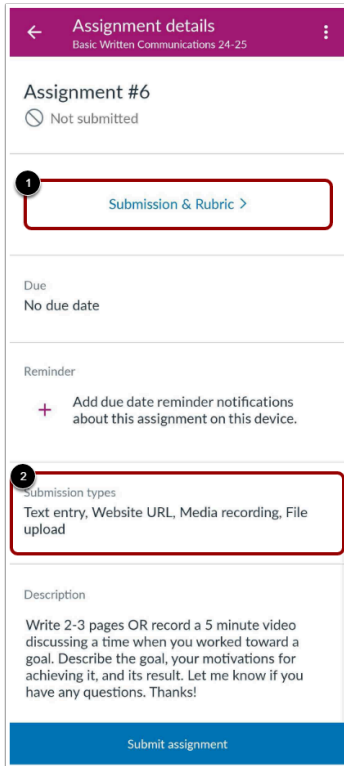

Note: You may have to swipe your screen to view the Assignments link.

Open Assignment

Tap the name of the assignment.

View Assignment Details

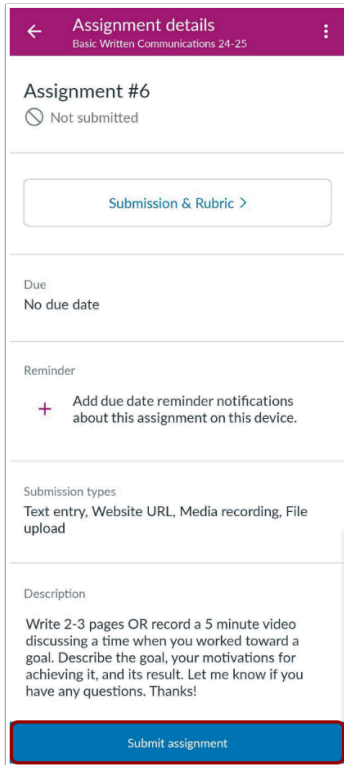

The Assignment Details page displays information about your assignment.

You can [leave assignment comments](#), view attached files, and [view the assignment rubric](#) from the **Submission & Rubric** link [1].

The assignment details also include the assignment's acceptable submission types [2] and accepted file types, if applicable.

How do I turn in an assignment from a third-party app to the Student app on my Android device?

Canvas makes it easy to submit assignments on your Android device by linking them from third-party apps, such as Google Drive and Dropbox.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Notes:

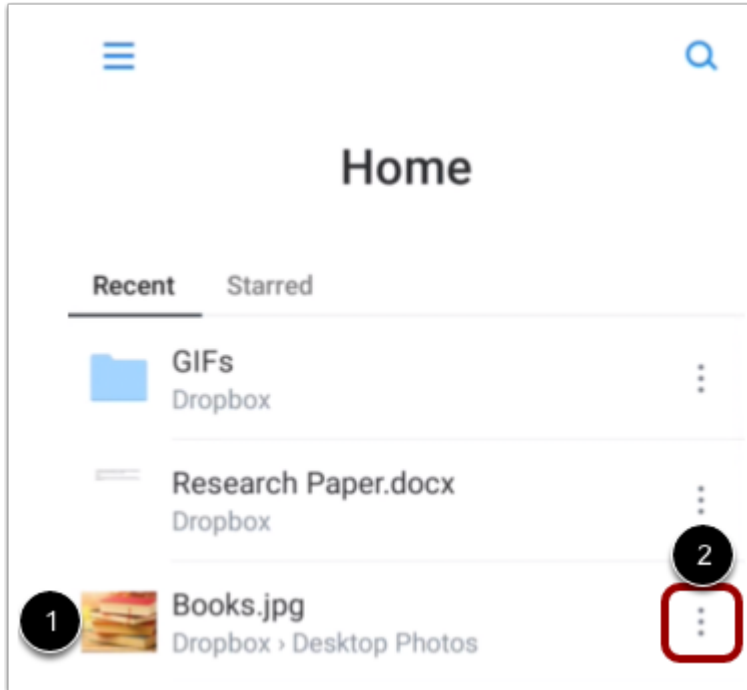

- Before uploading an assignment to the Canvas Student app:
 - the assignment must already be uploaded to the third-party app.
 - the third-party app must be installed on your Android device.
- If enabled in the browser version of Canvas, you will see celebration animations when you submit an on-time assignment in the Student app.
- To learn more about File Upload submissions in the Canvas Student app, view the [Canvas Media Comparison PDF](#).

Open Third-party App

On your Android device, tap to open the third-party app.

Submit from Dropbox App

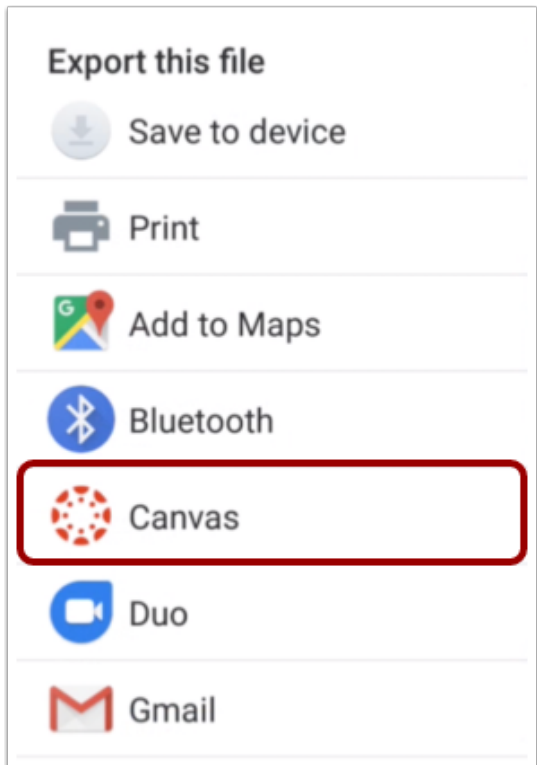

Locate the file you wish to submit as a Canvas assignment [1]. Tap the **Options** icon next to the file name [2].

Export Dropbox File

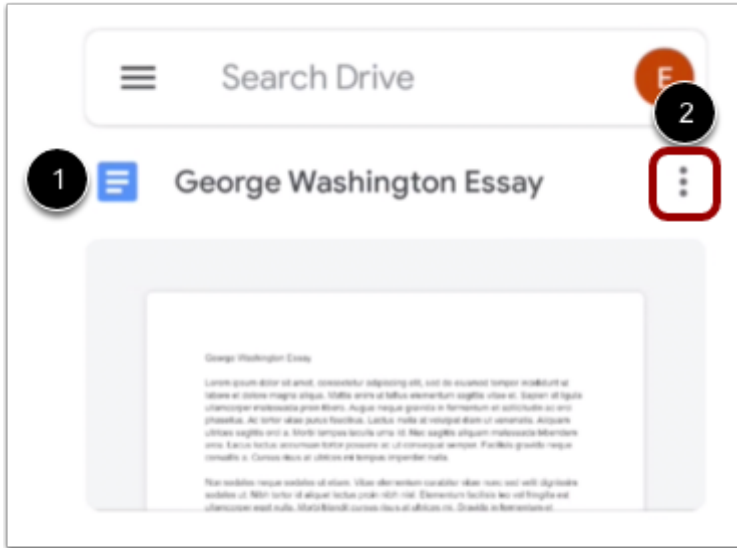

Tap the **Export** link.

Open in App

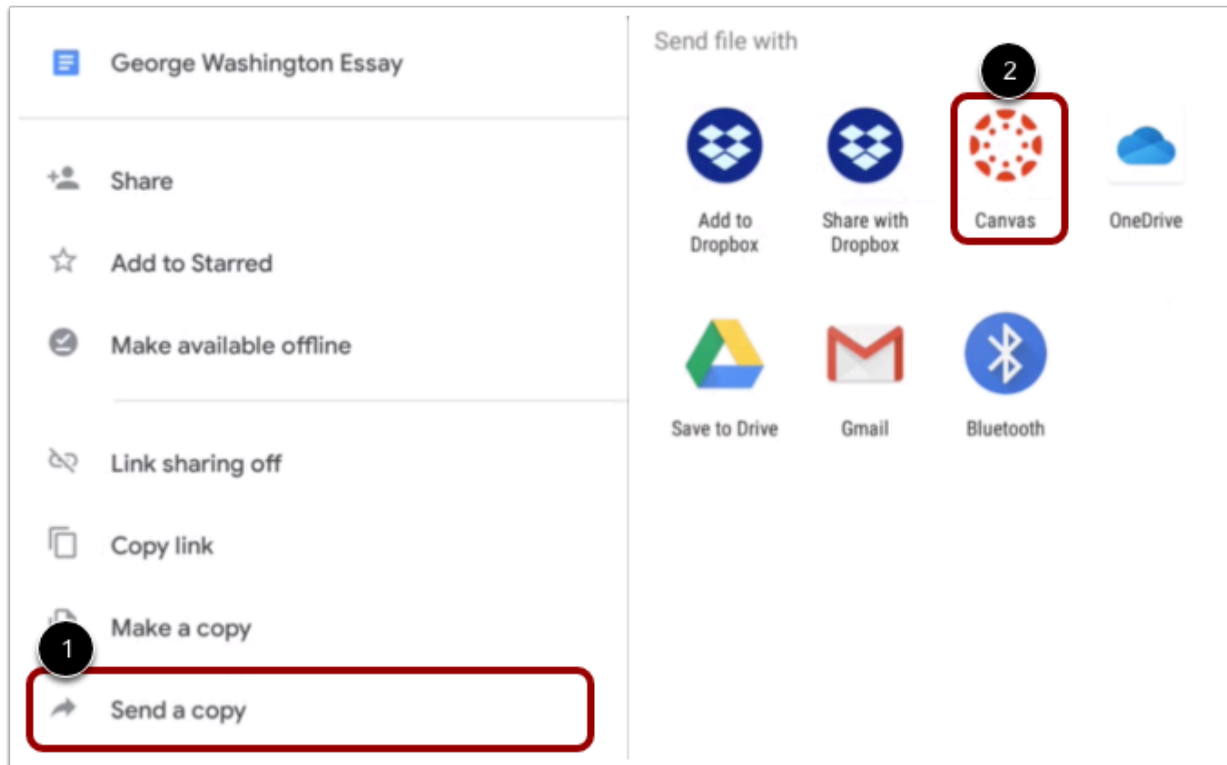

Tap the **Canvas** icon.

Submit from Google Drive App

Locate the file you wish to submit as a Canvas assignment [1]. Then tap the **Options** icon next to the file name [2].

Send a Copy to Canvas

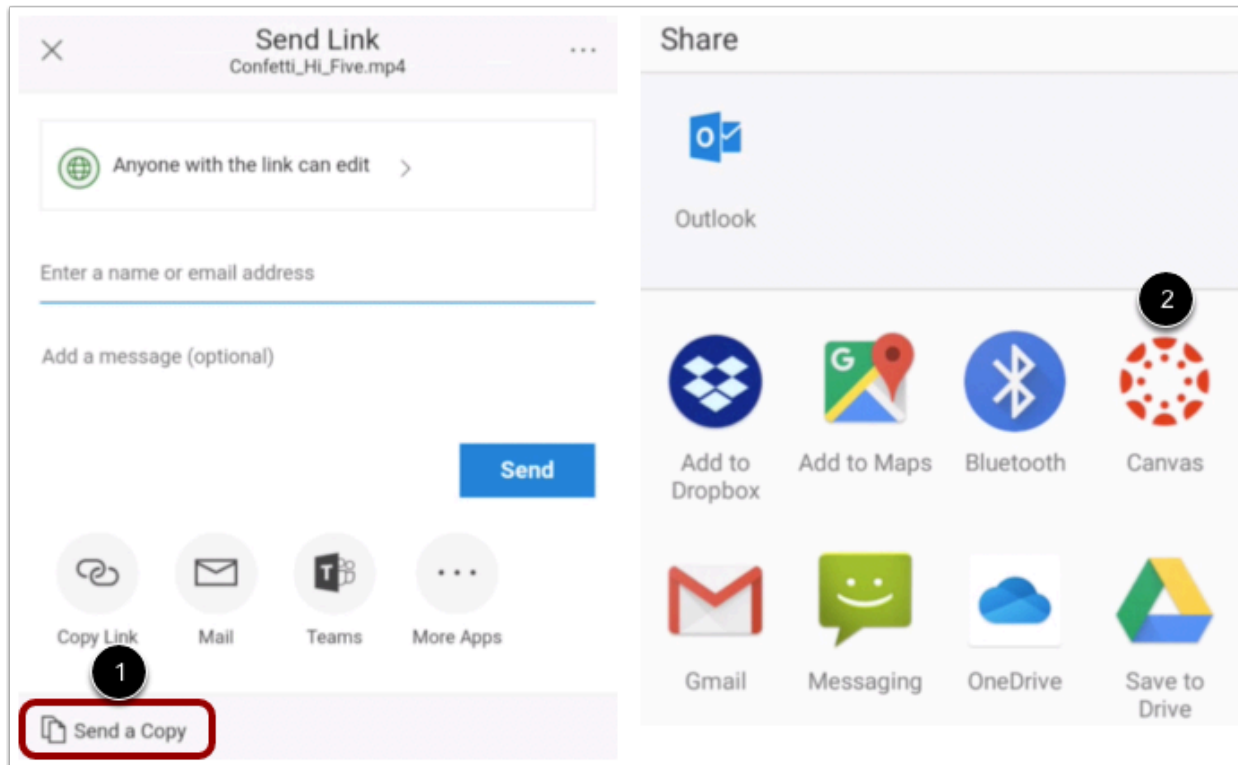

Tap the **Send a Copy** link [1], then tap the **Canvas** icon [2].

Submit from Microsoft OneDrive App

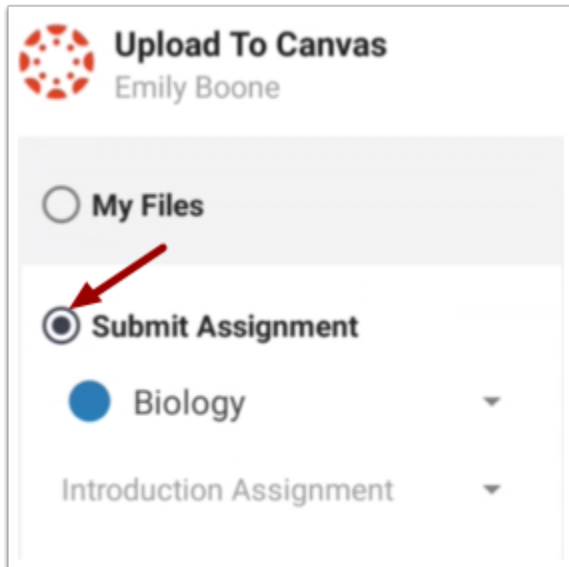

Tap the name of the file you wish to submit as a Canvas assignment [1]. Then tap the **Share** icon [2].

Send a Copy to Canvas

Tap the **Send a Copy** link [1], then tap the **Canvas** icon [2].

Select Submit Assignment

Tap the **Submit Assignment** option.

Select Course

Tap the **Course** drop-down menu [1]. The Course list displays a list of your current Canvas courses. Select the course where you will submit your assignment by tapping the name of a course [2].

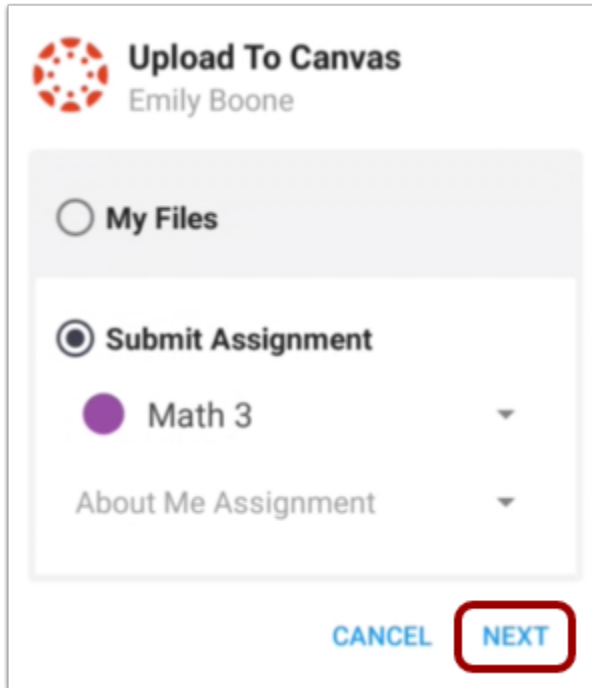

Select Assignment

Tap the **Assignment** drop-down menu [1]. The Assignment list displays an alphabetical list of all assignments in your course. Select the assignment for your submission by tapping the name of the assignment [2].

Note: The assignment list displays all assignments in a course, including locked assignments.

[CANCEL](#) [TURN IN](#)

To submit your assignment, tap the **Turn In** link.

View Submission Success in Student App

You can [verify your assignment](#) submission from the assignment's Assignment Details page in the Canvas Student app.

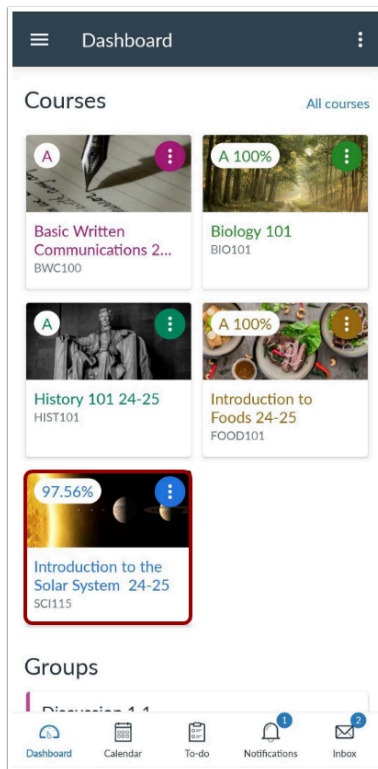

Note: If you attempted to submit a file to a locked assignment, the Assignment Details page does not display a submission success notification and instead displays assignment availability dates.

How do I verify my assignments were submitted in the Student app on my Android device?

You can view your assignment type submission to verify it was submitted correctly.

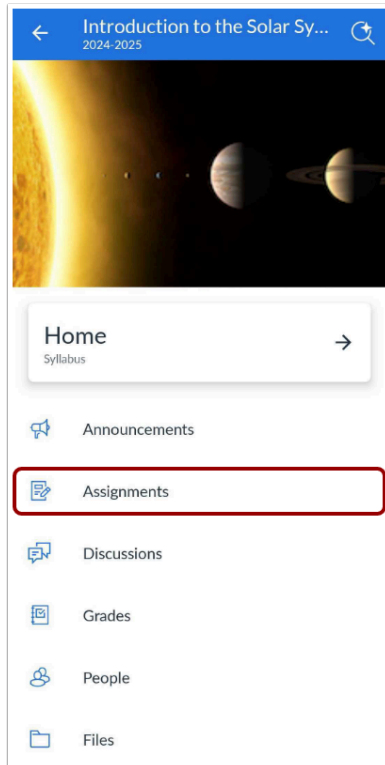

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open Course

In the Dashboard, tap the name of the course you'd like to view.

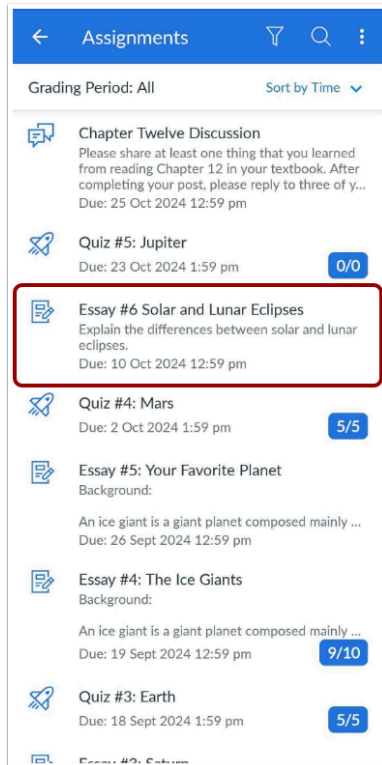

Open Assignments

Tap the **Assignments** link.

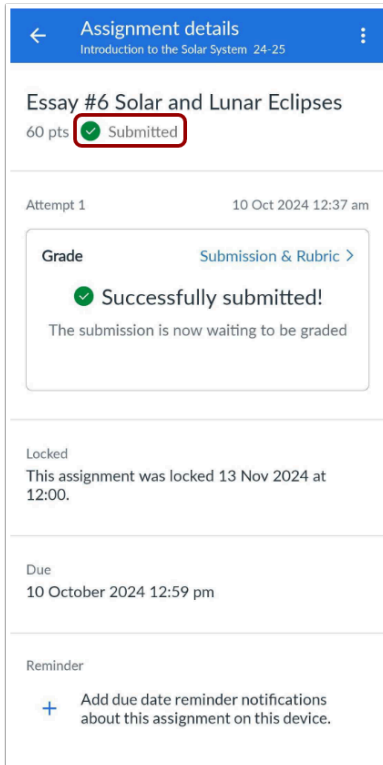

Note: You may need to swipe your screen to view Assignments in the menu.

Open Assignment

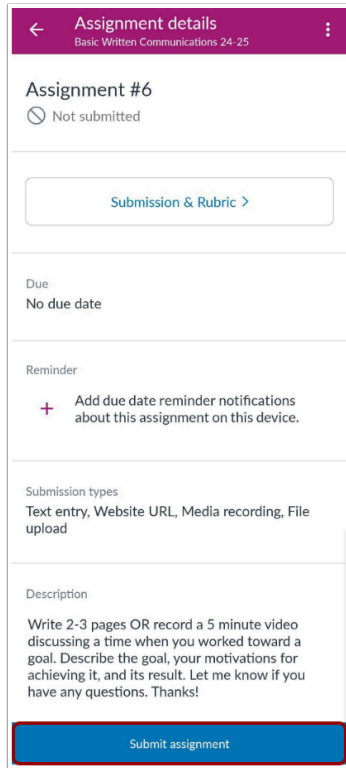

Tap the name of the assignment.

View Assignment Details Page

The assignment details page displays a submitted label when an assignment is successfully submitted.

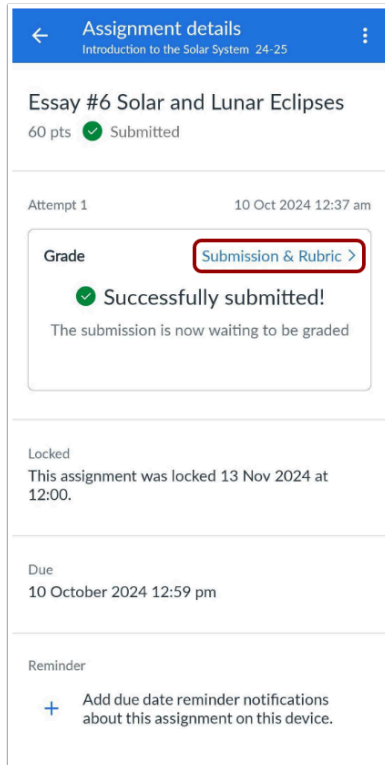

Submit Assignment

The screenshot shows the 'Assignment details' screen in the Canvas Student app. At the top, there's a purple header with a back arrow, the title 'Assignment details', and a three-dot menu icon. Below the header, the assignment is identified as 'Assignment #6' with a status of 'Not submitted'. A button labeled 'Submission & Rubric >' is present. The 'Due' section shows 'No due date'. A 'Reminder' section includes a plus icon and text about adding due date reminder notifications. The 'Submission types' section lists 'Text entry, Website URL, Media recording, File upload'. The 'Description' section contains the assignment instructions: 'Write 2-3 pages OR record a 5 minute video discussing a time when you worked toward a goal. Describe the goal, your motivations for achieving it, and its result. Let me know if you have any questions. Thanks!'. At the bottom, a blue button labeled 'Submit assignment' is highlighted with a red border.

If you do not have any assignment submissions, you can [turn in your assignment](#) by tapping the **Submit Assignment** button.

Open Submission and Rubric

To view your submission, tap the **Submission & Rubric** link.

View Submission

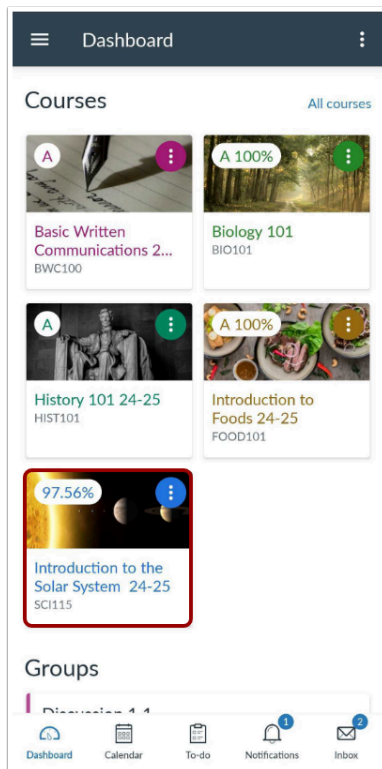

The Submission page displays your most recent submission [1]. To view older submissions, tap the arrow icon [2], then select a submission from the list [3].

How do I resubmit an assignment in the Student app on my Android device?

If your instructor allows you to resubmit assignments, you can resubmit an assignment.

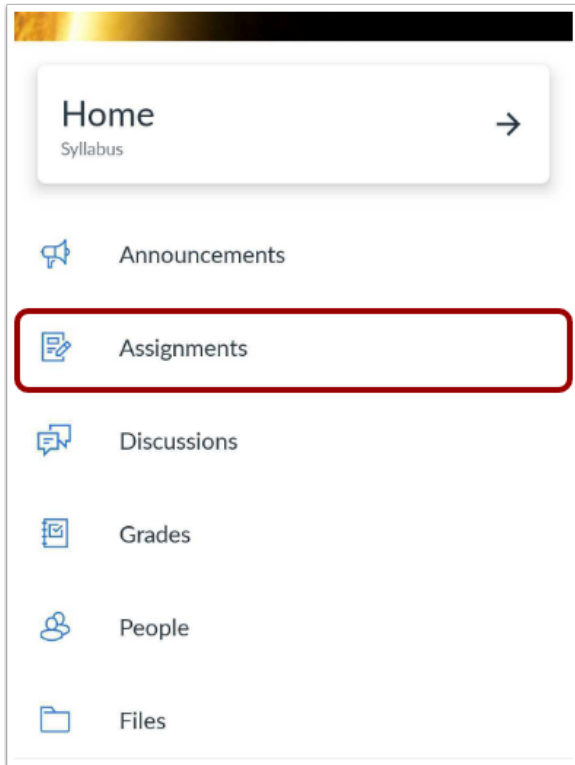

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open Course

In the Dashboard, tap the name of the course you'd like to view.

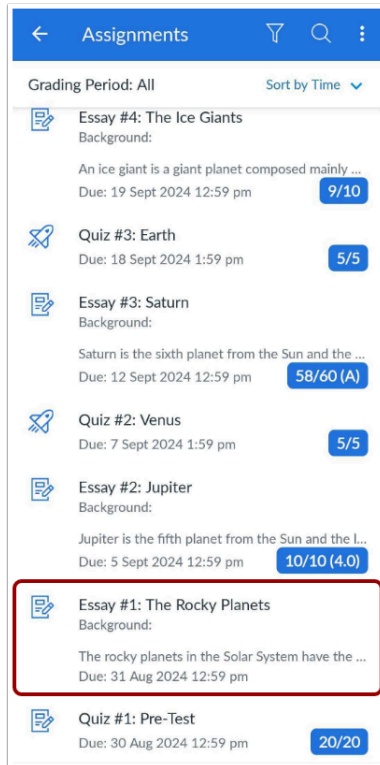

Open Assignments

Tap the **Assignments** link.

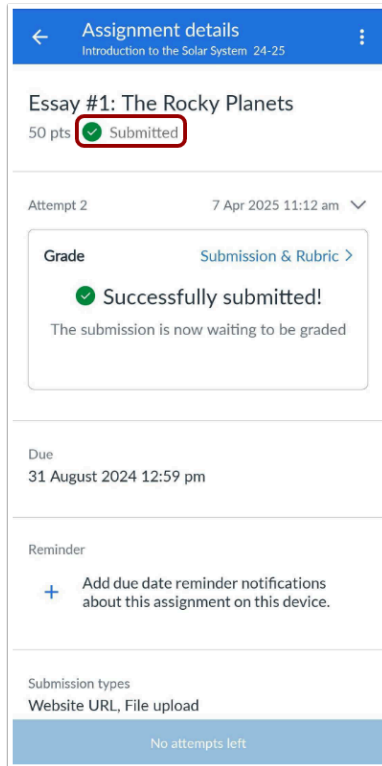

Note: You may need to swipe your screen to view Assignments in the menu.

Open Assignment

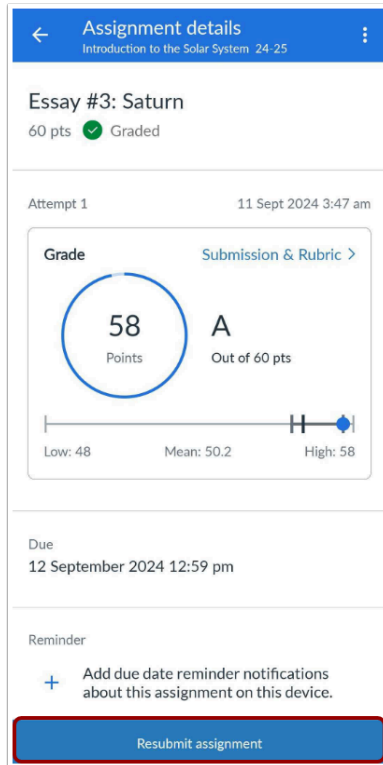

Tap the name of the assignment.

View Assignment Submission Details

The Assignment Details page displays a Submitted label for assignments you have already submitted.

Resubmit Assignment

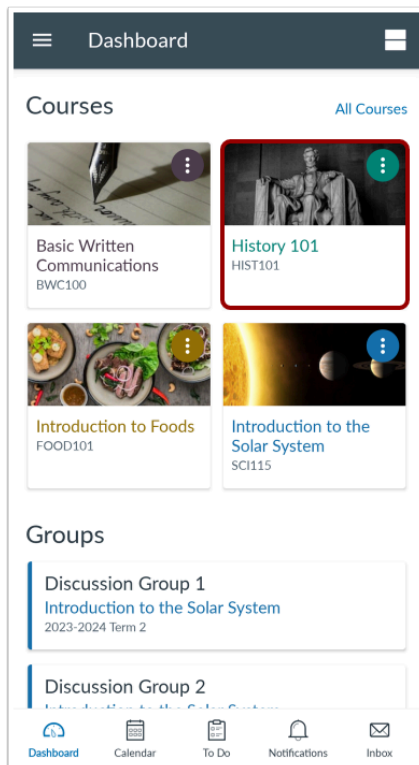

Tap the **Resubmit Assignment** button.

How do I view assignment comments from my instructor in the Student app on my Android device?

You can view comments from your instructor as part of your submitted assignment. You can also [make a comment](#) on your assignment.

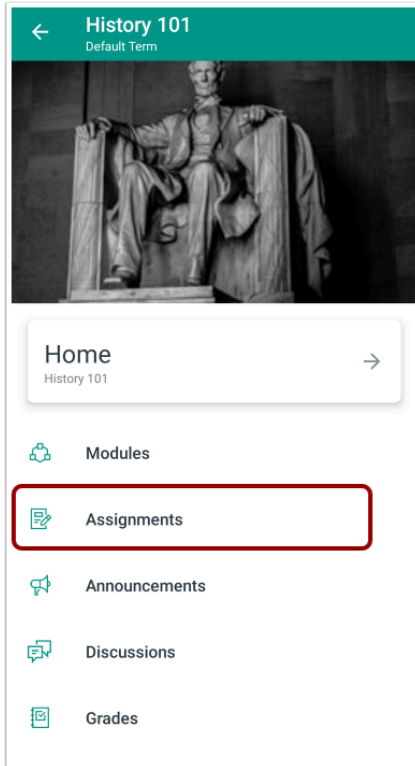

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open Course

In the Dashboard, tap the name of the course you'd like to view.

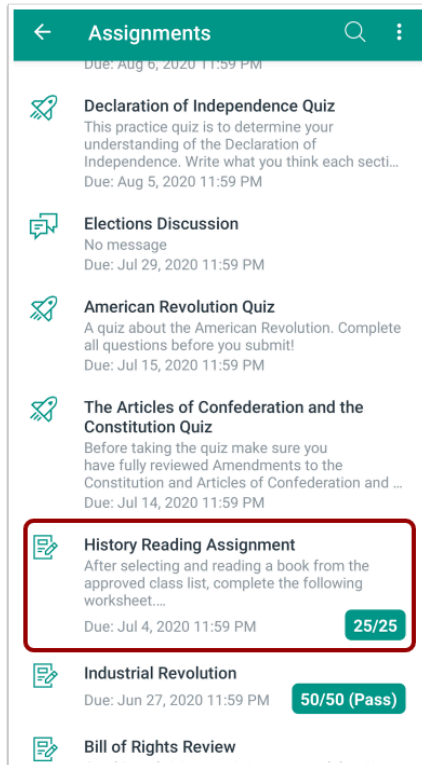

Open Assignments

Tap the **Assignments** link.

Note: You may need to swipe your screen to view Assignments in the menu.

Bill of Rights Review

Tap the name of the assignment.

View Assignment Details

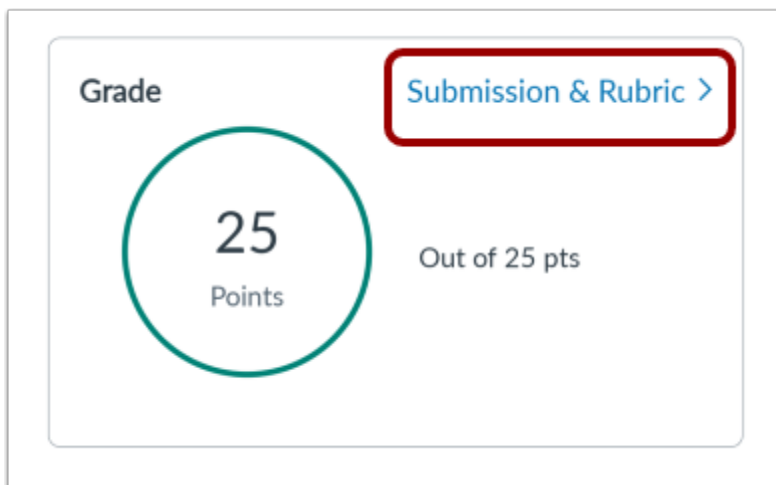

If your assignment is graded, the Assignment Details page displays a Graded label [1] as well as the grade you received [2].

If score statistics are visible in your course, you can view score statistics below your grade in the Assignment Details page.

Open Submission and Rubric

Tap the **Submission & Rubric** link.

[illegible]

View Annotations

If your instructor has left annotations in your document submission, they display in the Submissions Details page [1].

Annotations may include comments. To view comments, tap the annotation [2], and tap the **Comments** icon [3].

View Annotation Comments

Comments display on the **Comments** page.

View Submission Comments

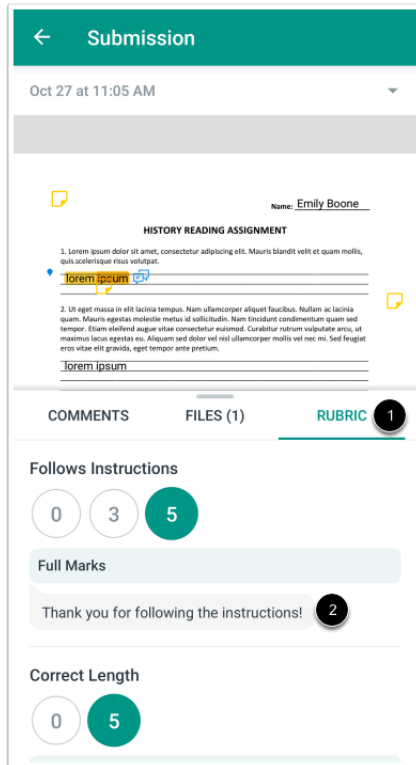

Tap the **Comments** tab [1].

Any comments from your instructor display in the Comments window [2]. Your instructor may also leave media comments. To play a media comment, tap the **Media Upload** icon [3].

Your instructor can also leave document attachments on your assignment submission [4].

You can also [make a comment](#) on your submission [5].

View Rubric Comments

Your instructor may also choose to leave comments in your assignment rubric. To view rubric comments, tap the **Rubric** tab [1].

Comments display below rubric criterion ratings [2].

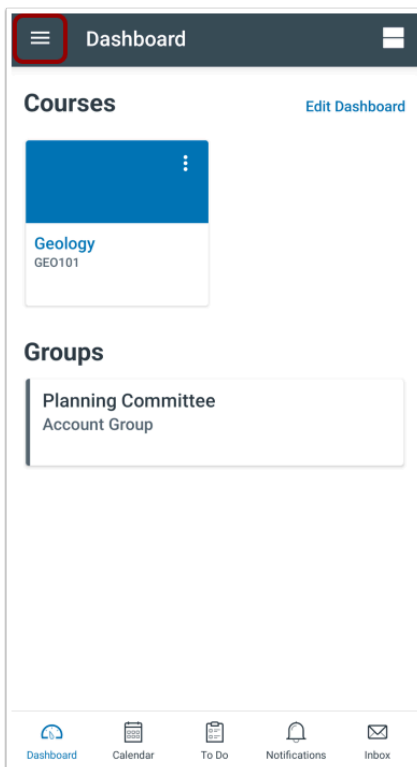

Admin Features

How do I act as a user in the Student app on my Android phone as an admin?

If you are an admin, you can act as instructors in the Student app and take any action in the app as if they were the student. Only account-level users with the Act as users account permission can act as other users. This permission does not apply to sub-account admins.

Note: When masquerading as a user, language preferences do not apply and will always be shown in the default language.

Open User Menu

In the Dashboard, tap the **User Menu** icon.

Act as User

Tap the **Act as User** link.

Note: If the Act as User link is not available in your User Menu, you do not have the permission to perform this action.

Enter User ID

 **Act as User**

"Act as" is essentially logging in as this user without a password. You will be able to take any action as if you were this user, and from other users' points of views, it will be as if this user performed them. However, audit logs record that you were the one who performed the actions on behalf of this user.

1

2

3

Act as User

View the domain in the **Domain** field [1]. It will already be populated for you.

In the **User ID** field [2], enter the Canvas ID number for the user. Then tap the **Act as User** button [3].

Note: The user's Canvas ID can be found as part of the user's URL in the web version of Canvas. Make sure you have the user's ID associated with the correct Canvas URL.

View App as User

View the Student app as the user. A magenta border will display on every page while you are acting as the user.

Stop Acting as User

To stop acting as user, tap the **Close** icon.

Return to Account

To confirm and return to your account, tap the **OK** button.
